All the teachers for Nehawka High school are now on hand and getting things in readiness for the opening of school on Monday. Mr. E. E. Collins, principal; Miss Hazel Jameson, intermediate; Miss Lois Willis, assistant principal; Miss Evelyn Stout, primary.

School opened Monday with an enrollment of about one hundred which is encouraging and does not point toward race suicide nearly so much as did last year's opening attendance, taking into consideration the fact that Buffalo Bill's show was at Nebraska City that day.

Nehawka has been under a constant strain of good behavior ever since the U. B. conference commenced, but the tension finally proved too great and we experienced a dreadful reaction the other evening which resulted in another disgraceful affair, following closely upon the heels of the Russia versus West Virginia episode related in last issue.

The first game was one of the best seen here this season and was very closely contested as the score would indicate. Union came plugged up to win and made a very creditable showing. The game with Manley went up in the seventh inning with the score 3 to 1 in favor of Platts. when the Manley bunch quit the game because the umpire refused their baserunner two bases on a passed ball. Under ordinary rules the runner was entitled to the two bases but the locals had a special ground rule applying to that point which had been carefully explained before the game commenced. The visitors therefore had no excuse for quitting though under the circumstances a great many thought the

point might have been conceded them by Plattsmouth, who had them skinned to a frazzle. Another special feature which met with instant approval was the wrestling match which took place on the platform at the corner of Sixth and Main. The contest was between H. B. Johnson of Omaha and A. G. Nelson of Louisville. Both men were clever at the game and as they were quite evenly matched in weight and science it was a very pretty contest. The first bout lasted about 30 minutes and was won by the Omaha wrestler. At the end of this round the Louisville wrestler seemed to be quite groggy and worried but at the call of time advanced to his opponent and threw him in five minutes on a toe hold. This occasioned much surprise and the young man was cheered to the echo for his cleverness. However, he failed to respond for the third fall and the match went by default to the Omaha boy. The balloon ascension was especially good, the aeronaut passing across town to the south and alighting on Wintersteen Hill. The M. W. A. Band furnished their usual brand of fine music and with the slack wire, contortion, trapeze and high dive by the dog furnished a splendid day's amusement for the spectators.

The automobile race which was advertised as one of the features of the day had to be abandoned as the management could get no one interested enough to enter the race. The 100 yard free for all dash excited great interest and was won by A. W. Cheney of Union.

has actually been changed and cultivated by Uneeda Biscuit.

No longer are people satisfied with crackers taken from the grocer's box or barrel—exposed to dust, moisture, handling.

They have learned that the only crackers that are crisp, tender, always fresh and really *good* are those protected by a moisture proof package. These are the kind they get—as if just from the oven—when they ask for
