VOL. XLVI NO. 45

Every Number Gets A Farm

Government Land With Perpetual Water Rights, Good Soil and Fine Markets.

The great agricultural development now going on in the West is attracting widespread attention, and every "land opening" calls out thousands of letters of inquiry concerning the opportunity for settlers. Just now unusual interest centers in the Truckee-Carson irrigation project in Nevada, where a thousand farms offered to homeseekers by the Government open alluring possibilities.

These lands are free to every bona fide homeseeker, the only expense, with the exception of the nominal filing fee, being the prorata share of the cost of building the irrigation system. This charge amounts to \$30 per acre, payable in ten annual installments, without interest. There is no drawing or any element of chance in applying for one of these farms. It is only necessary to make a homestead entry at the land office at Carson City or at the office of the Land Commissioner at Fallon, Nevada.

Nature has endowed few regions more liberally with all the elements necessary to build up a commonwealth than are found in this section. The fertile fields grow alfalfa, cereals, fruits, vegetables, in fact practically all the products of the temperate zone; the climate is dry and delightful, and the valley is singularly free from severe storms. The sun shines almost every day in the year. The great mining regions furnish a home market and good prices for everything that can be raised, and splendid transportation facilities connect the project with the commercial centers of the country. The Government irrigation system assures the farmers an abundant supply of water. The rivers offer unlimited possibilities for the development of power.

If you wish to obtain one of these farms you should write at once to the Statistician of the U. S. Reclamation Service, Washington, D. C., for detailed information.

Visits Old Regiment.

Jesse Hiner returned Friday evening from a ten days' visit at a reunion of his old regiment, the 33d Iowa Volunteer Infantry, which was held at Oskaloosa. Mr. Hiner was a member of Co. D, twenty-one of whom were registered at this meeting and seven more accounted for making a total of twenty-eight known to be living yet. Of the regiment of 1300 men which went out in 1862, 174 were present at this meeting and 266 more accounted for, making 440 known to be living at the present time.

Mr. Hiner enjoyed himself to the utmost and returns to the routine of life greatly refreshed and stimulated from a visit with the old comrades with whom he faced death so many times.

Albert Furlong has returned to his work in San Francisco after a short visit with the home folks.

A Subscription Campaign.

We wish to call the attention of our readers to the ad in another part of the paper in which we are making a special rate both for the campaign and for the balance of the year. This rate will just about pay for the paper it is printed on, but we propose to make a campaign for subscribers between now and the first of the year and make this rate so that all can give the paper a trial. At this rate you of our regular subscribers who wish to have your friends take a good paper can send it to them, making them a present for the balance of the year. All subscriptions will stop after the time subscribed for, or within a reasonable time after, unless a renewal is received at the regular rate. Therefore, no one need to refuse the paper on the grounds that the subscription will be allowed to accumulate against them. If you receive the paper you will know some friend is sending it to you as a present, and that you will not be required to pay for it up to the time it is paid for.

Runaway Accident

Will Rummel and his son, living about three miles southwest of the city figured in a runaway accident last Friday which might easily have proven much more serious than it did. They were out in the field with a young team hitched to a wagon. In returning to the barn it was necessary to cross a narrow, deep ditch, and when the front wheels of the wagon hit the ditch one of the neckyoke straps broke. When the tongue came down, Mr. Rummel and the boy were thrown violently to the ground and the team started to run. Mr. Rummel alighted on his head and shoulders and for a time serious internal injuries were feared, though he was in town Saturday and was of the opinion that perhaps he would experience no bad after effects. The boy was uninjured.

Johnson-Reihart Wedding.

In the parlors of the Hotel Royce in Omaha Wednesday afternoon at 2:30 o'clock occurred the marriage of Mr. Frank Johnson, one of Louisville's popular merchants and Mrs. Maude Reichart, daughter of L. Boedecker.

Mr. and Mrs. Johnson had planned a wedding tour to the coast but on account of the approaching street carnival, which will necessitate Mr. Johnson's personal attention to business, the trip was postponed.

Both the bride and the groom are well known in Louisville and their many friends join with the Courier in extending hearty congratulations. The wedding party returned on the evening train and were given a rousing charivari by their friends.—Louisville Courier.

Class Officers.

During the week the various classes of the High school have organized and elected officers. The seniors have named Rachel Livingston as president and Leland Briggs as secretary. The juniors elected Conrad Schlater as president and Luis Kirchenblatt as secretary-treasurer, while Adelia White will officiate as president of the sophomore class, Mildred Johnson as vice president and Katie Foster as secretary-treasurer.

Tied Up By Strikers

Omaha's Street Car System in a Difficulty which Promises to Become Serious.

Omaha is indulging in the metropolitan novelty of a street car strike. A few cars are still running on a limited schedule though the strikers claim that these will be tied up in a few hours.

President Wattles, however, claims that by Tuesday morning all cars will be running on schedule time, that men have been offered from other cities—experienced motor men and conductors—offered from different cities in the east. On the contrary, the strike leaders claim that but little service will be given today and tomorrow, and that the company will soon lose the fight.

In the meantime, at a meeting of business men yesterday, 250 prominent men—bankers, merchants, lawyers and others—pledged themselves as deputies to suppress violence. The crowds yesterday were in the main quiet and orderly, though in several localities riots were narrowly averted and in a few instances trolley wires were cut and cars intercepted. A feature of the day was a parade of the strikers in which over 500 men were in line. Of the arrests made none were strikers.

Death at Union.

Rufus Taylor died Tuesday evening at the residence of the parents, Mr. and William Taylor, at Union, of typhoid fever.

For some months past this most estimable young man had been employed in the general offices of the Missouri Pacific railway company at Atchison, Kansas, and when he was taken ill returned to his home at Union in order to receive better care. He enjoyed a wide circle of acquaintances who will be shocked to learn of his untimely demise.

Majestic Ranges.

The NEWS-HERALD last week called attention to the fact that John Bauer had just unloaded and placed on display a carload of Majestic steel ranges. John believes that he sells absolutely the best range built at any price and elsewhere in this issue he uses a half page ad to tell you of the excellence of the Majestic. If you are in the market for a cook stove it will pay you to look up his ad and read it.

Visit Masonic Home.

The management of the Masonic Home in this city entertained several visitors the latter part of the week, among them being the following: Mrs. J. A. Hamilton, of Neola, Ia., Mrs. L. M. Keely, of Omaha, Mr. and Mrs. E. V. Leonard of this city, and W. H. Davidson and E. W. Bates of Springfield.

Erecting New Barn.

S. W. Smith is in the city from Carson, Iowa, completing arrangements for the erection of a new barn on the Hohlshuh farm just west of the city recently purchased by him, the old one having burning down about carnival time. Mr. and Mrs. Smith expect to take possession of their new property in the spring and they wish to get everything in ship shape against that time.

Red Men Will Dance.

The local order of the Improved Order of Red Men are making preparations to give their fourth annual ball which will occur on the 24th of this month at Coates' Hall. Itner's orchestra of Omaha has been engaged for the occasion, and lovers of this form of amusement are looking forward to this event as one which will prove one of the most pleasurable of the season.

Miss Vesta Douglass will leave tomorrow to resume her studies at the Peru normal school. Miss Douglass is preparing herself for a kindergarten teacher, and this is her last year in school. She has been making excellent progress and her friends predict that she will meet with marked success in her chosen profession.

Mrs. E. A. Wurl suffered an accident Thursday in which one of her eyes was quite seriously scalped. The services of a surgeon were promptly secured, and her many friends will be glad to learn that the injury will not be permanent.

If you are interested in a range or cook stove this fall, see Bauer's add. It will pay you.

Nehawka Fair a Success

A More Extended Write-up Will Appear in the Next Issue.

The editor of this paper, in company with a large number of Plattsmouth citizens attended the social fair at Nehawka last Friday and Saturday. The people of Nehawka are good entertainers and the large crowd in attendance was well taken care of. People were there from all over the county, the display of agricultural and other products was very fine and take it all around it was a showing that was a credit to the people of Nehawka. The committees were untiring in their efforts to make the stranger in their midst well pleased and succeeded in doing so. Our correspondent from that place will give a very extended writeup of the fair which will appear in the next issue of this paper.

Installation Services.

According to the Auburn Herald the service of installation of Rev. J. H. Salsbury as pastor of the Presbyterian church of that city will occur tomorrow night. A number of visiting clergymen will be present and participate in the exercises including Rev. W. W. Lawrence, D. D., pastor of the First church of Lincoln and moderator of the Presbytery of Nebraska, who will preside and propound the constitutional questions and preach the sermon of the occasion. Rev. H. V. Comin, pastor of the Westminster church at Lincoln, will give the charge to the new pastor, and Rev. L. D. Young, D. D., pastor of the Beatrice church will give the charge to the congregation.

Commercial Club Meeting.

The attention of the business men of the city is called to the fact that a meeting of the commercial club will be held in Coates' hall tomorrow night at which time the final report of the carnival committee will be received, and the matter of making the idea a permanent one will be discussed. While the club has not realized as well financially on the proposition as it believed it would, still it considers itself justified in recommending to the club that the experiment be tried again next year, and it is therefore urged that a full meeting of the club be had tomorrow evening that a full expression of the business men may be had.

Will Build New Garage.

According to a dispatch from Louisville to the State Journal Parmele & Barker, the automobile men of this city and Louisville, are soon to commence the erection of a large sandstone structure to be used as an automobile garage, the heavy traffic over the Platte river bridge at that point making such an enterprise a necessity.

Louisville Man Injured.

A dispatch to the State Journal from Louisville states that James Stander, a prominent resident of that city, was painfully injured from falling from an eight foot step ladder. He was making some repairs on the roof of his house when the ladder broke in the middle precipitating him to the ground.

Many apples are now being marketed in this city. Rundle & Co., the well known fruit and vegetable firm, have secured the room next to Egenberger's store and as their prices are satisfactory to the farmers they are buying and shipping large quantities of Cass county fruit.

Henry Speck, the lightning type artist of this great family necessity, went to Omaha yesterday to take in the ball game between Omaha and Lincoln. Henry says he has no quarrel with the street car strikers,—but it is a long walk out to the Vinton street park.

Mr. and Mrs. Fred Dunkel will move to Omaha this week where they expect to make their future home, Mr. Dunkel having secured employment in the U. P. shops at that point. He was formerly employed in Soennichsen's grocery store.

George Davis has returned to his home at Maryville, Mo., after a protracted visit in this vicinity with old friends. Mr. Davis was a former resident of this county and during the Merchants carnival met many old friends whom he had not seen in years.

A Farwell Party.

A farwell party was given Misses Catherine Dovey who shortly departs for school at Griton hall, Ellen Pollock, who goes to Northwestern university, and Cathryn Windham, who will attend the state university at Lincoln. The party was given at the beautiful home of Mr. and Mrs. Rae Patterson on North Sixth street, the hostesses being Mesdames Patterson and George Falter.

The evening was pleasantly spent in music and social conversation, ice cream and cake being served late in the evening. The affair was in a measure informal and a very pleasant one. Those attending were Misses Hallie Parmele, Emma Falter, Helen Clark, Lucille Gass, Ellen Pollock, Catherine Dovey, Kathryn Windham and Messrs. Jack Patterson, George Dovey, Grosvenor Dovey, Paul Morgan, George H. Falter, Lynn Minor, Fred Mann, Wayne Dickson and Ed. Fricke.

High School Athletics.

The Plattsmouth High School Athletic Association met Thursday evening for the purpose of electing officers and organizing for the coming year. Derwood Lynde was elected as president, Mattie Larson as vice president and Bess Edwards as secretary and treasurer. It is the intention to immediately organize both boys' and girls' basketball teams and commence practice in order to be ready for any event which may present itself. It is hoped that the community will give its support to the association as only in this manner can it be made a success.

Quite a large number of Plattsmouth people went out to Omaha Sunday to witness the base ball game between Omaha and Lincoln, which was won by the Omaha club by a score of nine to three. Lincoln has been playing a great game during the past two weeks and it was expected that the fans from here would see a great game, but Lincoln had an "off" day and put up a poor game, some of its best players being decidedly up in the air. On account of the street car strike it was necessary for everybody who did not have a conveyance of their own, to walk out to the park and in consequence only a small crowd was in attendance.

House Wanted.

The editor of the NEWS-HERALD would like to rent a small house. Must be in good shape, and not too far out. Call at the office or phone 85. No children and only three in family. What have you got.

Mrs. Jesse Hiner and daughter, Mrs. Claus Boetel, are visiting with friends in Glenwood, expecting to be absent from the city several days.

Quite A Common Error

The same Mistake is made by many Plattsmouth people.

It's a common error
To plaster the aching back,
To rub with liniments rheumatic joints,
When the trouble comes from the kidneys.
Doan's Kidney Pills cure all kidney ills,
And are endorsed by Plattsmouth citizens.

Mrs. John Sharp, Cor. Third & Dyke Streets, Plattsmouth, Nebr., says: For a long time I had trouble from my back and kidneys. There were terrible pains in the small of my back often extending into my hips and limbs and though I doctored and tried various medicines, I was not relieved. About a year ago I procured Doan's Kidney Pills from Gering & Co.'s drug store and in a short time they brought me complete relief. This remedy has my hearty endorsement." (Statement given June 9, 1906.)

On December 29, 1908, Mrs. Sharp said: "I gladly renew my former endorsement of Doan's Kidney Pills. I still think highly of this remedy, knowing that is a splendid one in cases of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other. 42-4

Opening of Convention.

The convention of the First Nebraska Baptist Association opened at the Baptist church in this village Wednesday evening at 7:30, with about 50 out-of-town delegates present. The address of welcome was given by Rev. Richards, pastor of the local church, which was followed by the annual sermon by Dr. Batton of Lincoln. Rev. S. S. Woodworth of Ashland also gave a very interesting and instructive address. The morning session yesterday was devoted to transacting the business of the association, and short talks were made by Rev. G. H. Huff and Dr. Batton of Lincoln, E. E. Shaufer of Syracuse and Rev. Richards. The morning address was by Rev. M. L. Denton of the East Lincoln Baptist church. Very interesting sessions were held yesterday afternoon and last night. The convention will come to close this evening with a fine program.—Union Ledger.

That corn has to be husked. Those hands should be protected.

To see the largest assortment of husking gloves and mittens at lowest prices, you'll have to come here.

- Lot 208—Mitten, medium weight, per dozen..... 60c
