

think that their ideas should be given the most consideration and that all cannot have their methods put into practice.

When the people of Nebraska change their methods and after electing a man to congress, resolve to stay by him and give him a chance to make good, then will Nebraska gain a foothold in the halls of congress that will make her a power. We have just as able men in Nebraska as they have in any state in the Union, but a good man who is new, stands no show with a bad man who is old at the tricks of the trade, and so Nebraska will continue to butt against the stone wall just so long as she continues the methods used during the past few years.

If Nebraska has little power in Washington, it is the people, not the men sent there who are responsible for that condition. Give a good man a chance and he will make a showing to be proud of, but give him to understand that two terms is all he can expect and he will not be able to meet your expectations. Use a little business judgment in politics, the same horse sense you would use in your own business and Nebraska will forge to the front in a very short time.

The executive committee of the republican county committee, with several of the candidates who were in attendance at the Nehawka social fair last Saturday, held a meeting at that place and selected Saturday, October 2, 1909 as the time for holding the precinct caucus for the nomination of precinct officers. The meeting will be held at the usual voting places in the evening, the call for which will be made by the chairman as soon as it can be issued.

Grimes Takes Vacation.

Charles Grimes, the versatile local editor of the Journal, left the latter part of the week for Texas, where he will spend a vacation of a week or ten days renewing old acquaintances. Mr. Grimes was formerly employed by the Rock Island railroad at the Fort Worth offices and anticipated a most pleasant trip. In his absence J. E. Douglass is attending to the local department of the Journal.

\$7.50 free. John Bauer's add in this issue.

Called to St. Joseph.

Mr. and Mrs. William Baird left Saturday evening for St. Joseph, Mo., in response to a telegram announcing the death of a very dear friend and former neighbor.

J. Fisher, a prominent farmer from the vicinity of Greenwood was attending to business at the court house Saturday. Mr. Fisher states that the dry weather did considerable damage in his immediate vicinity.

The social which was to have been given at the residence of Mrs. Wetenkamp at Mynard on the 18th inst. has been postponed until the 25th, next Saturday. All are cordially invited to attend.

R. R. RUNDLE & COMPANY, PLATTSMOUTH

320 ACRE FREE HOMESTEAD

Wyoming, Colorado and Montana—The Mondell Homestead law makes provisions for 320 acre homesteads in certain localities, instead of the usual 160 acre tracts. The requirements of the law are practically the same regarding residence, improvements and cultivation. These lands are going fast; if you want a homestead close to the railroad, you should act now.

Crops and Rain Fall:—Visitors to the Omaha Corn Show will remember the magnificent display of farm products from Western County, Wyoming, grown on exactly the same kind of land that can now be taken in 350 acre homesteads. The Mondell Act includes lands that receive from 16 to 21 inches of rain fall annually and you only need to see the crops grown by the already located there, to be convinced. These homesteads can be taken along the Burlington's new line now building in Wyoming.

I personally conduct excursions the first and third Tuesdays of each month to these lands, and am employed by the Burlington to answer all inquiries, and to assist you in every possible way to locate along the Burlington Line. Write for new folder and map of these lands.

D. CLEM DEEVER, GENERAL AGENT, Land Seekers Information Bureau, Omaha, Neb. 1004 FARNUM ST., OMAHA, NEB.

Attention Farmers and Stock Raisers!

MAMMOTH SALE OF RANGES

Having just unloaded a full car load of forty GREAT MAJESTIC RANGES, the largest purchase of first class ranges ever made by any firm in the history of Cass county, we have arranged for a special sale on same for one week, September 27 to October 2nd, during which we will have a special representative from the factory to show you the merits of the GREAT MAJESTIC

Special Inducements For This Week Only

FREE

THE GREAT AND GRAND MAJESTIC RANGE
THE RANGE WITH A REPUTATION MADE IN ALL SIZES AND STYLES.

MAJESTIC NEVER-BURN COOKER, STEAMER, CULLENDER AND DRAINER—The Perforated Cooker, shown in center, has small feet which admits water at the bottom. Nothing can burn. Food can be lifted out of main vessel (shown on left), at the same time draining off all the water. The Steamer or Cullender shown on right can be used as an ordinary Cullender. It also fits on top of main vessel, and is used as a steamer.	THE MAJESTIC Extra Heavy Stamped Iron Marbleized Kettle, complete with cover and handle that holds on cover.	THE MAJESTIC 15-oz. All Copper Nickel-plated Tea Kettle. Handsomely nickel-plated on outside, tinned on inside.
THE MAJESTIC 11-oz. All Copper Nickel-plated Coffee Pot. Handsomely nickel-plated on outside and tinned on inside.	THE MAJESTIC Marbleized Enamelled Pudding Pan. Made especially for the Majestic Set.	TWO MAJESTIC Patent Never-Burn Wire Drizzling Pans. Size of pan 9 in. x 12 in. Made especially for the Majestic Set.

THE body of a Range is practically the life of a Range. The life of a range depends on the material from which it is made. Charcoal Iron by actual test has been proven to resist rust, heat and crystallization 300 per cent. greater than steel. Majestic Range bodies are all made of charcoal iron. No other range in the world is made of this material. It costs considerably more than steel, but the Majestic never stands back-for-cost when it can improve its range. By comparing the life of old time iron nails with the steel nails of today or old style iron stove pipe and tinware with that of today, gives you an idea of the lasting qualities of the Majestic over a steel range. This feature alone adds 300 per cent to the life of a Majestic. During the last seven years we have sold over \$15,000 worth of Majestic ranges and in the same length of time we have only sold \$108 worth of repairs for Majestic. When you consider these ranges have been sold in Plattsmouth for 16 years it will give you some idea of their lasting qualities. Based on our sales it means that the repairs averaged less than 10 cents per range per year during this time, a record which no other range has ever equaled.

JOHN BAUER,
504-506 Main street
Plattsmouth, Nebraska.
