PIPES PIPES

Get one of our fine French briar pipes that we have just received. Straight stemmed. Make a fine cool smoke. Beats a cob pipe all hollow. Having a large line we are going to dispose of them at

25c

Soennichsen's

HERE YOU ARE

\$1.50. 25 Cents. 10 Cents.

For the purpose of increasing the circulation of the NEWS-HERALD and also of reaching every home in Cass county, preparatory to making a better paper, we make the following offer to new subscribers.

The NEWS-HERALD from now till after Election..... 10c

—OR—

The NEWS-HERALD from now till January 1, 1910..... 25c

—OR—

Any New Subscriber paying for one year in advance at the regular subscription price of \$1.50 can have the NEWS-HERALD sent free till January, 1910.

This barely pays for the paper it is printed on and no republican in Cass county can afford to be without his party paper at this price. In fact a democrat will gain a whole lot of useful knowledge he would not otherwise obtain by taking advantage of this offer.

We have a few of those nice Clocks left which we will give to any new subscriber who pays one year's subscription in advance and 50 cents extra, as long as they last.

In addition to every year's subscription in advance we will give one of those "Don't Break Your Back" Dust Pans, a few of which we have left.

Then we have a lot of Silver Spoons which are warranted to be just as good as silver anyway, and will give half a dozen of these as long as they last to any subscriber who pays a year in advance with 15 cents extra.

Then there are a few dozen scissors left which we want to get out of the way and will give a pair of these to any subscriber who pays one year in advance and 10 cents extra.

This offer does not any where near cover the cost of this stuff at the wholesale price, but they are here in the office and we want to get them out of the way, and we propose to give new subscribers the benefit.

The News-Herald.

For a Really Good Investment

If you want a really good investment, an investment that will pay you a handsome percentage on the money invested, you should invest in CASE machinery. CASE machinery represents a lifetime in the threshing business. The thing that the manufacturers have striven for is simplicity and durability, these have been their guiding stars, and the results of their labors in this direction are shown in the simplicity of their machinery, its adaptability to all sections of the country and all kinds of work, its ability to withstand rough usage, and its output. CASE engines are wonderful hill climbers, consuming the minimum of fuel with the maximum of power. These engines will give you more power for the rated horse power than any other engine of the same size. CASE Separators thresh more grain and does it better than any other separator on the market rated the same. If you don't believe this ask some of the men who have had their grain threshed with the CASE. I will furnish names of owners of CASE machinery upon application. If you are interested write me and I will send catalogues and particulars.
