get while we were working in a little country printing office in Nebraska during the operations of the democratic partyt, drawing the munificent wages of six dollars a week to be taken out in trade at the stores, the day the Kelly industrial army camped near the town composed of over a thousand men on their way from California to Washington. We say that we shall never forget those days and when we compare them with the conditions that have existed since under the high tariff, high grub, high wages and everything else high, we say give us high tariff and its corresponding high things rather than a democratic tariff with everything low including the grub box, the clothes closet, and the condition of the home treasure box.

In short give us the Aldrich Bill with everything high and money to buy it, rather than another democratic Wilson Bill with everything low and nothing to buy with.

TO THE PUBLIC.

We are pleased to announce that we have secured the services of Mr. A. E. Quinn of Duluth, Minn., who will have charge of the local business of the paper and will also act as city editor. Mr. Quinn is a newspaper man of thirty-three years standing and understands all departments of the business. It is our intention to make the paper the very best one in southeastern Nebraska, and we believe that Mr. Quinn will be an important factor in accomplishing that result.

As stated before, Mr. R. O. Watters will have charge of the circulation department and will be the traveling representative when not engage in the local circulation.

With the installation of our new Monotype, the only one used by any newspaper in Nebraska, which arrived Thursday, and which we hope to have in operation next week, we will be in a position to make the Plattsmouth Daily News and the Semi-Weekly News-Herthe best newspapers in this section and the best advertising medium for business in Nebraska outside of Omaha and Lincoln.

THE CITY TICKET.

Only a short time and the voters of the City of Plattsmouth and vicinity will be called upon to select the officers who will look after the city and precinct outside of the regularly elected officer at the spring election.

For City Assessor the republicans present the name of J. C. Lindeman, who needs no introduction to the voters of this part of the county. Mr. Lindeman is well qualified for the position and will make a first class assessor.

For District Assessor Dr. A. P. Barnes has been selected. Dr. Barnes is an old resident here and has been in a position where he knows property values well and being a business man is in a position to do good work as district assessor,

James Higley and J. R. Denson are the candidates for constables. Both men are well qualified, well known and no man can have any valid excuse for not voting for them.

For Justice of the Peace, J. C. York and A. N. Sullivan are the candidates and it is not necessary to speak of their qualifications. They will fill the offices in a manner that will bring credit to the office and themselves and justice to those who patronize the justice courts.

REPUBLICANS ATTENTION.

Republican voters who desire to vote the straight ticket this year by placing their "X" in the party circle near the top of the ballot are warned that the democratic circle comes first at the top this year instead of the republican circle, as has been the case for several years past, and that the republican party circle apppears second from the top of the ballot. The law so provides owing to the fact that the democrats cast the largest vote last year for the head of the ticket (Shallenberger.) All republicans hope to replace the republican circle at the head of the ballot by winning this year and replacing the party circle at the head of the ticket for the important election of next year when a complete list of state officers, a United States senator and a legislature is to be chosen.

The maid flew twenty feet.

There has been an air of mystery about the combined class meetings of the Juniors and Seniors. It is rumored they are up to a trick, but the rumor is not confirmed.

(The above was handed in with the request that we publish, by a sweet little sophmore.)

Changes at Majestic.

Prof. Austin is making some quite extensive changes at the Majestic this week, which will add greatly to the appearence of the house. Among the most important is the erection of a new stage which will have a capacity of 210 square feet with a nineteen foot front. This will be eqipped with new scenery and a new curtain and when completed will make a nice and pretty little theatre. In fact it will be the house cosy for an evenings entertainment.

The committee appointed by the commercial club, consisting of Hon. R. B. Windham, T. H. Pollock and Philip Thierolf, to confer with the county commissionrs and the city council, in regard to improving the road from this city to the Missouri river ferry, is "doing business" and good results will follow.
