

Stole Shoes

In Union

Louis Robertson Confined in the County Jail For Stealing.

L. F. Carver, a special agent for the Missouri Pacific railroad company, who was transferred from Kansas City to Omaha on October 11, brought to this city Tuesday morning Louis Robertson, and turned him over to Deputy Sheriff Manspeaker and he is now confined in the county bastille on the charge of having broken into a car in Union and appropriating for his own financial gain several pairs of new shoes. Robertson informed Mr. Carver that he was in Omaha the day previous and could have gone to work in that city. He arrived in Union about 3 o'clock, he said, and entering the car could not resist the temptation to carry off those fine shoes, as he was shy of cash and wanted to go and visit his parents in Ohio.

The prisoner is an ex-convict, having recently been released from the state penitentiary for having been convicted of committing a similar crime in Lincoln.

Stole Laprobe and Whip.

H. F. Gansmier, residing about five miles from this city, drove in from his home last evening to look after a carload of cattle and left his horse and buggy on Main street. When he returned to the buggy the whip and his new laprobe were gone, and the lantern was turned over and the oil leaked out on the other articles.

It is a pretty tough proposition when a man cannot leave his goods in his buggy for a few moments without they are stolen. An effort should be made to catch the rascal and give him all there is coming.

Captured by Brigands.

Miss Ellen M. Stone, who was captured by Turkish brigands in Masadonia and held a captive in the mountains for a ransom of \$65,000, which was paid by the bankers of this country, will address the people of Plattsmouth and vicinity in the First Methodist Episcopal church in this city Thursday afternoon and evening, October 28, under the auspices of the W. C. T. U.

Fresh, mellow, and full of flavor. You will be delighted with them wherever you buy them.

Rich with moist filling—deeply coated with the most expensive chocolate—Vassar Chocolates have a taste, a quality—give a satisfaction not obtainable in other chocolates.

There is no secret about the goodness of Vassar Chocolates—their popularity comes from the use of the purest ingredients—the care in their making and the protection of their packing.

Each Vassar Chocolate is protected like the kernel of a nut, for each is individually wrapped in moisture-proof parchment; the layers are separated to prevent crushing of their own richness, and the elegant box is then encased in dainty parchment and sealed with the Loose-Wiles guarantee of quality and freshness. The flavor is permanently retained; there are no dried-out Vassar Chocolates.

Loose-Wiles Vassar Chocolates and the other dainties from their sunlit confectioner's kitchens are obtainable everywhere.
