THE HOME OF SATISFACTION.

MUST GET BUSY RIGHT AWAY

Great Demand for Goods to be Manufactured Here.

FACTORY OFFICIALS GETTING UNEASY

Much Valuable Time Being Lost Installing Machinery.

C. L. Weatherwax, representing the Union Special Machine Co., of Chicago, has been in this city the past few days installing the machines in the M. E. Smith & Co.'s factory. He set up four 2-needle machines for making double fell seams which give the same finish on both sides of the garment. More, it is expected, will be added later.

A Daily News representative visited the factory and in the course of his which may prove of interest to the readers of this paper. He learned that the machines spoken of are capable of taking 3,200 stitches a minute. That the operator can turn out a dozen shirts of the company's special make in a day. That the wages earned by the operators will run from \$6 to \$10 per week. That there are two tables, seating sixty operators. Beside each operator is placed a wooden receptacle for placing material in. That there are all told sixty machines in place. That it requires 48,000 yards of thread to start each machine and that all machines are run by electric power. That the capacity will be sixty dozen garments per day. That the wages of the operators will depend upon the amount of proficiency they acquire in the work. That there is a constant demand for the product of such a factory. That at the start only cheap garments will be manufactured until the operators become skilled somewhat. That the equipment is absolutely new and of the best make. That in connection with the other machines there has been installed two pleat machines. That the capacity of the factory will be increased to meet the demands of the trade. He learned that the buttonhole machine makes 6,000 buttonholes a day. That if the necessary help can be secured the number of machines will be increased to a hundred. He learned also from Mr. Dobeck, of Omaha, who was here today, that the company was ready to start business next Monday and fully expected to do so, but the local committee will not be ready. Mr. Dobeck states that besides the difficulty in getting the heating apparatus in shape for use, that the roof leak and nothing can be done by the company until the work of the local committee is completed. He expressed himself as greatly disappointed at conditions here. In defense of the local committee the News wishes to state that it has been working well and faithfully, but has been handicapped in getting men to do their work.

The starting of this factory means much to the merchants of Plattsmouth. A hundred girls earning wages means an increased trade for the business man

for it an historical fact that women are generous spenders, especially when they have the money and they—that is, the Plattsmouth women—traded at home. To this community it means that in three months' time the weekly pay roll will amount to about \$400. Mr. Dobeck in talking with the News man said that unless the factory could be gotten ready to turn out work to meet the trade at this season of the year that he would be tempted to pull out the machinery. If there is anything that the people of Plattsmouth can do to assist the committee they should be called upon for help. Let the good work be pushed and let every man do his level best. It means money to all and that is what we are working for.

Declares law Unconstitutional.

LINCOLN, Nov. 16.—Another law passed by the last legislature has been declared unconstitutional by the supreme court. This is the law creating a new normal board which has been in controversy for some time.

The decision was written by Judge Barnes, Judges Root, Lytton, Fawcett and Root concurring. Judge Reese concurring in part and Judge Dean dissenting.

The old board which will still stand consists of Rev. Luther P. Ludden of Lincoln, Dr. B. L. Shellhorn of Auburn, N. P. McDonald of Kearney, H. M. Childs of York, and D. W. Hayes of Alliance. Thomas J. Majors, who was appointed to a position on the new board, will probably be appointed by Governor Shallenberger to fill the place of Mr. Hayes whose term has expired.

It is thought that the governor will also appoint new members to most of the other places as it is in his power to remove for cause whenever he sees fit.

Mine Disaster.

CHERRY, Ills., Nov. 15.—All hope of saving the entombed miners at this place was abandoned yesterday when the rescuing party which descended into the mine came back after an ineffectual attempt to get below 150 feet.

The 300 or more miners who are entombed, some of them buried under tons of earth which has fallen upon them, are without doubt beyond all aid. Work has been carried on day and night for over forty-eight hours, and is now abandoned as far as rescuing the men is concerned.

At one o'clock this morning everything was quiet about the mouth of the main shaft, as the same had been sealed up. The fire in the mine is still burning and it is impossible to tell when the attempt to get to the bodies of the men will be made.

It is understood that 300 coffins have been ordered to be brought to the mine tomorrow to receive the bodies of the miners, providing they can be reached.

Another Shower.

Miss Gretchen Donnelly has issued invitations for a handkerchief shower to be given at her home next Saturday afternoon at 3 o'clock in honor of Miss Lena Fricke.

PLATTSMOUTH COMMERCIAL CLUB GOING AFTER THE BUSINESS

Enthusiastic Meeting Held at Coates Hall in Which Many Interesting Things Are Discussed.

EVERYBODY ENTHUSIASTIC OVER THE OUTLOOK

Great Things For the Future Promised For Plattsmouth if Wires do Not Get Crossed.

One of the best attended and most enthusiastic meetings of the Plattsmouth commercial club was held last night at the club rooms when a large number of our hustling citizens got together to discuss matters of vital importance to the future welfare of the city of Plattsmouth. There was not a dull moment from the time the chairman called the meeting to order until an adjournment was taken. The reports of the various committees were presented and were received with a marked approval.

The president reported over \$500 in cash on hand. The building committee reported that the Smith building was in shape for business just as soon as the work of installing the heating plant was finished. The hustling committee reported that it had met with good success in collecting the M. E. Smith fund. Over \$500 had already been collected and \$200 more was needed. The membership committee reported an increase in membership of 50 names, due to the strenuous efforts of George Falter and John Hatt. The committee on road to the ferry have the matter well in hand and so reported. Mr. Windham spoke in behalf of the committee and stated that they had taken the matter up with the city councilmen and county board of commissioners. The road to the ferry was easily the chief topic of discussion. It means that when the road is constructed that every merchant in the city will be benefited. Many business men present expressed themselves as unqualifiedly in favor of the road and it was the sense of the meeting that a public expression, perhaps through the medium of the city press, would have a favorable bearing. The Daily News columns are open for

such discussion, or for the discussion of any public interest. The subject of good roads received its share of attention and the unanimous sentiment of those who participated in the discussion was to the effect that every thoroughfare leading into the city should be improved and the work should be prosecuted as quickly as possible.

The banquet committee reported over fifty tickets sold for the spread which will be given on the evening of the 29th. It is expected to feed 150 guests upon that night. Now the general public must understand that this banquet, to be given by the commercial club, is not confined to members. All who are interested in the welfare of Plattsmouth are wanted at the feast. Tickets may be procured from the Messrs. Baylor, Schneider or Nemetz. Buy a ticket and show by your presence that you are a sure enough Plattsmouth booster.

Now, another matter. There are some good men and true who say they would attend the meetings, but are afraid of being accused of butting in. Forget it. The more butinskys the better. It won't hurt any for you to join your fellow merchants and then the fear of butting in will not be such a bugbear to you. Be a "JINER." The commercial club wants you. Forty new members have joined the club during the past month and the number of new members should be increased to a hundred before the next regular meeting is held.

The Daily News is heart and soul with the commercial club or any other that has for its object the upbuilding and advancement of the best interests of the city, and our columns are at the disposal of all for a free discussion of timely topics. Will you use them.

A Dutch Supper.

There is in Plattsmouth a social club and that particular club knows well how to get enjoyment out of their meetings. Last Saturday Mrs. J. H. Donnelly had a birthday—what one, did you say? Well, never mind, it was her birthday, and the News is not giving away any secrets—she had a birthday. We stated, and the fact was well known to the other members of the club and of course that meant a birthday party. The club has a membership of about fourteen and one of the members happened to be Miss Lena Fricke, whose approaching marriage is public knowledge, so it was decided that the party while celebrating the birthday of a member would be a good time to fittingly celebrate the coming interesting event of another member, by a surprise party. At 6:30 o'clock the members of the club filed into the dining room, all with the exception of Miss Fricke, dressed in Dutch costume, topped off with the cute Dutch caps and sat down to a Dutch supper consisting of sauerkraut, wienies and other good things usually found at such a spread. From the four corners of the room to the center had been strung red white and blue hearts, while the table was beautifully decorated with flowers and hearts. The chair of Miss Fricke, who was the guest of honor, was appropriately decorated and the surprise of that young lady was complete and her emotion pathetic.

The club has been in existence for more than seven years and it is customary to give a party at the home of the member fortunate to have a birthday. These events are always thoroughly enjoyed and are a delightful way to keep in remembrance the anniversary of the greatest event in the lives of the club of congenial friends.

Present were the following: Mrs. John Donnelly, Mrs. Annie Britt, Mrs. Carl Fricke, Mrs. Henry Herold, Mrs. R. W. Clement, Misses Mia and Barbara Gering, Dora and Lena Fricke, Maud Mason, Julia Hermann, and Mrs. J. H. Donelan. Miss Mia Gering officiated as toastmistress most delightfully and the toasts were responded to by each and every one as her name was called in a happy manner. The club fully intends to be with Miss Fricke at her home, to be, at Omaha when her birthday arrives.

Important Notice.

All persons knowing themselves to be indebted to us in any sum are requested to call and settle at once, either by cash payment or by negotiable notes. Asemissen & Clinger.

It's Next Friday Night.

The postponed dance of the Redmen will be given next Friday night, the 19th. So don't forget to remember. Good music and the best of the season.

Fanger's department store is kept open evenings to accommodate the working men and others who do not find it convenient to do their trading in the day time.

Be up to date. Buy your Christmas gifts at St. Mary's Guild bazar to be given November 17 and 18 at Coates hall.

Mrs. W. H. Hyde went to Glenwood Wednesday to visit her parents.

S. H. Atwood of Lincoln was in the city Tuesday.

Mrs. Robert Gullion returned to her home in Greenwood Tuesday.

THE NEBRASKA VOTE AS NOW TABULATED

Returns as Gathered at the Office of Secretary of State.

LINCOLN, Nov. 16.—The complete returns as shown at the office of the secretary of state on the election show that on supreme judge the republican majority is 3,437, while the vote on regents shows that the republicans had a majority of 33,522.

Cole, populist, received 24,891 votes, Litch, prohibitionist, 7,597, and Hunt, socialist, 4,716. The total number of votes cast in the state was 207,002. Sullivan, the candidate for supreme judge, to whom the "non-partisan" supporters threw their strength, and who was thought would probably be elected on account of the great fight that was made for him on that issue, polled just 670 votes in the state more than his nearest democratic colleague.

NINETY DAYS FOR NOT DOING DUTY

Failed to Protect Man from Mob and Must Suffer.

WASHINGTON, Nov. 16.—Former Sheriff Joseph F. Shipp and five other officers of Chatanooga, Tenn., will begin serving sentences in jail this morning for failing to try to protect a negro murderer from a mob, the negro's execution having been stayed by the supreme court of the United States.

Second Papers Granted.

Naturalization papers were granted Monday to Carl Holmberg of this city George Pickwell of Elmwood, John A. Johnson of Louisville and Claus Ohrn of Alvo. Today Carl F. A. Bauer of Murdock was granted his papers of citizenship. Jan Stohr was refused papers because of the fact that his witness had received his papers before the five-year period had expired.

WORLD-HERALD FIXES SLATE

Republican Ticket for 1910 all Prepared by Democratic Organ.

TAKES IMPORTANT MATTER OUT OF VOTERS' HANDS

Republicans Can Now Draw Long Breath of Relief.

OMAHA, Nov. 15.—This morning's World-Herald contains in a Lincoln dispatch a list of the candidates who will be given the nice places which it was at first supposed would have to be contested for by several different candidates.

It will be a great relief to the voter and also to the successful candidates to know that the official organ of the democratic party has so kindly settled this important business, for it might have caused a great deal of trouble before it was over.

The republican party will feel under great obligations to its friendly enemy for its assistance in the matter. Following is the World-Herald lineup.

For the senate—E. J. Burkett, Lincoln.

For congress—William Hayward, of Nebraska City.

For governor—C. H. Aldrich, David City.

For supreme judge, 1911—Lincoln Frost, Lincoln.

To blanket Norris and run for governor as a Burkett stalking horse—W. E. Andrews of Hastings.

Visit Plattsmouth.

Mrs. G. P. Meisinger and her daughter Miss Ida, Mrs. Christ Gaur and daughter, Miss Lena Fornoff and Miss Clara Metzger, all from Cedar Creek, visited this city Wednesday and attended the cheap sale at M. Fanger's.
