FIGHT IS NOW ON

Judge Sullivan and J. E. Rait will Make Fight for Dahlman.

ANTI-SALOON LEAGUE IN OPPOSITION

Governor Asked to Furnish Attorneys with Copies of Charges.

LINCOLN, Nov. 23.—Governor Shallenberger has received a communication from Judge Sullivan, late candidate for the supreme court, asking him to furnish him with a copy of the charges filed by the anti-saloon league against Mayor Dahlman and the board of police commissioners of Omaha charging them with the non-enforcement of the eight o'clock closing law.

Interest in the outcome here is intense on account of the fact that Judge Sullivan is interested in the case, and that means that it will be bitterly fought out.

ONLY THE DEAD CAN NOW BE FOUND

Work of Bringing up Bodies of Miners Still Continues.

CHERRY, Ill., Nov. 23.—The work of bringing up the miners out of the wrecked mine still continues and last night the third vein was tapped in hopes of finding more bodies. Thousands of gallons of water have been forced into the mine in the hope of putting out the flames above the lower level.

Number trapped in mine..... 310
Rescued alive..... 20

COMMERCIAL CLUB WILL HOLD BIG BANQUET

Great Success Reported In the Sale of Tickets For the Big Spread Next Monday Evening.

PROMINENT SPEAKERS WILL BE PRESENT

Bound to Be the Great Event Of the Season From a Business, Social and Literary Standpoint.

The work for the big banquet of the Plattsmouth Commercial Club is progressing in good shape, and while nothing definite can be announced at this time the progress made is such that it is destined to be one of the greatest if not the greatest event ever pulled off in the history of the city.

Over one hundred tickets have already been sold and the demand is increasing, so that those who have put off seeing the committee cannot afford to put it off any longer as the number has been limited to one hundred and fifty and that number only can be accommodated.

Hon. George W. Holdrege of the Burlington will be one of the speakers of the evening and Hon. G. W. Wattles, president of the Omaha & Council Bluffs railway will talk on the matter of connection with Omaha by interurban road.

A representative of the new shirt factory will also be one of the speakers and Judge Travis, E. H. Wescott and other local speakers will be on the program. Hon. Byron Clark will act as

toastmaster.

The fact that over thirty tickets have been taken by men at the shops shows how the matter is interesting the people there.

An effort is also being made to secure Mr. Ralph Duff, who will talk on the Platte river bridge.

The ladies of the Presbyterian church will serve the banquet which will consist of—well, we won't undertake to make it public, but if you miss that banquet you will miss the best thing of your life.

All holding tickets will meet at the Elks' club rooms, which have been generously donated for the occasion and will go in a body to the banquet room. Remember, there is no requirement that you should be a member of the commercial club in order to get in on this banquet. It is up to anybody who is interested in Plattsmouth and has the fifty cents to have the opportunity of laying aside dull care for an evening and enjoying themselves. Be at the Elks' club rooms at 7:15 p. m., sharp.

USE FALSE BOTTOMS IN THEIR TRUNKS

Government Has Lost Millions on Account of Smuggling.

WASHINGTON, Nov. 23.—Dressmakers returning from abroad and others have been swindling the government out of millions in duties by reason of having their trunks equipped with false bottoms under which were secreted silks and other valuables which thus escaped the duties.

The government will institute a very thorough investigation of the matter and under the new rules which have been put in force it will probably do away with the custom.

LAKE STORM HARD ONE

Hard Storm Raging on Lakes Around Chicago.

FORTY-EIGHT MILES SPEED OF WIND

Lakes are Furiously Lashed and Few Vessels Brave Storm.

CHICAGO, Nov. 23.—One of the hardest storms for years has been raging on the lake since yesterday, and while much damage has not been reported so far it is feared that when the storm is over that considerable may have been done.

The freighter Boston had her rudder smashed by the storm and was thrown on the beach. Happily her crew of sixteen men were unharmed. Three other steamers left the docks but were driven back and barely escaped being wrecked by hitting the piers.

We Fit the Bumps

Nine out of every ten men have irregular shaped heads, and therefore can not wear a stiff hat and be happy. For the comfort of such men we have placed in our hat department a French conformatur.

First, with this machine we take a perfect impression of the shape of your head. The hat is then placed on the heating device when warm enough it is drawn over the form, which is the exact shape of your head. When the hat cools off it hardens, and retains the shape always.

Our large assortment of hats includes all of Stetson's shapes and shades for Fall.
