THEY START NEW YEAR IN THE RIGHT WAY

Adolph W. Nord and Miss Helma O. Erickson Married Today.

At the home of the bride's parents this afternoon, the Rev. J. E. Swanson officiating, were united the lives and loves of Adolph W. Nord, aged 27, and Miss Helma O. Erickson, both of this city.

The groom is a young man who has grown up in this community, and who is at present employed in the Burlington shops, having lived here and in the vicinity of Plattsmouth for a number of years. Mr. Nord is well and favorably known to a large number of the citizens of Plattsmouth and Cass county who honor and respect him for his industry and sterling worth of character.

The bride, Miss Erickson, has lived in this city since childhood, and is a young lady of very charming personal qualities, and one beloved by a host of acquaintances who are well pleased to be numbered among her friends. The happy couple departed this afternoon over the Missouri Pacific for Omaha where they will spend a portion of their honeymoon, and from there they go to Lincoln where they will visit for a few days, and before returning to settle down to the staid married state, will visit for awhile in Denver.

The Daily News joins with their numerous friends here and throughout the state in wishing them a long, happy and prosperous life. They will be at home to their friends in this city after the first of February.

Lucky the Second Time.

At the second raffle of the English bull pups by F. H. Dunbar last evening, Willie Egenberger was again successful and with the same lucky number, 94, at that. Will has this time as well as the other, won a very fine dog, of which he is very proud. Albert Egenberger has a very fine bird dog not having attained his majority, which is also a fine one, and declares that he can put *her* de combat all the dogs which Willie may win at raffles. How this is we do not know, but we do know that Albert's dog, "Taft," is a fine specimen of a hunting dog, and no mistake.

Mrs. H. T. Patton and two daughters, Misses Nora and Jennie, were passengers to Omaha this morning where they will visit for the day with friends and relatives.

To the Public.

On account of the raise in the price of food stuffs, I find it necessary to raise the price to 35 cents a meal to the transient trade at the Elite restaurant. However the price of board and meal tickets will remain as before. I expect to serve better meals to the trade and shall endeavor in the future as in the past to treat my customers right and give them value received. Thanking one and all for past favors and wishing them a Happy New Year, I remain as ever,

Yours for business,
 Dr. A. P. Barnes.

BASE BALL BREVETIES

**Bestest Business Busily Buzzing

Base Ball Bugs.**

"Babe" Adams who attracted so much attention in the world's series, has signed up for two years with Pittsburg. The amount of salary paid him was not made public.

Roland Wolf has got back to the Western League. Jack Holland has signed him to catch for the New St. Joe team. Wolf is a player of the meteor style. He starts in with a bright light, but somehow he doesn't last. His heavy slugging for the Lincoln team completely fizzled out before he had been with the club a month.

Phil Kerner of last year's Des Moines champion, has signed a White Sox Contract for next year.

The Lincoln magnates are certainly after that 1910 pennant. President Despain went to Chicago this week and the telegraph dispatches announce that he has purchased Catcher Wilkie Clarke from the Toledo American Association Club. Clark will add strength to the catching department of the Links. He is twenty-eight years old and last year batted at .293 and fielded at a .972 clip. This means that Manager Sullivan will put in his whole time to the management of the team.

Tom Chivington who was this week elected to be president of the American association is a Nebraska City man.

Old Pop Anson smiles when he hears someone say that Ty Cobb, Hans Wagner and John Kling are the greatest players that the game ever knew. He says that Kling is not in it with Kelley the old Boston catcher and that there are others who have been on the diamond who were just as good or better than the others. There is no doubt that Kelley was one of the greatest players behind the bat that the game ever knew. His head was always working and no one knew when he was going to pull off a stunt which for its daring was nearly always successful. The editor of this paper contends that as far as playing the position was concerned that no player at the present time has it over Herman Long in his days when as "King of Short-stops" he electrified the fans with his phenomenal stops and throws. No one who has ever seen the work of Herman Long when he played with the Boston team will ever forget it.

CASS COUNTY PI- ONEER VERY SICK

Visits Brother At Omaha.

Thomas Fitzgerald was a passenger to Omaha this morning where he goes to visit his brother James Fitzgerald who is at the St. Joseph hospital at that place, James has not been feeling well for some time and since the pains recur in the region of where he was recently operated upon for appendicitis, was alarmed as to whether a second operation would be necessary. He has therefore returned to the hospital for treatment. Since being there the pains have shifted to his head which continues to give him a great deal of pain. His many friends will be pleased to learn that he would not have to undergo another operation and hope for his speedy and permanent recovery.

Misses Agnes and Clara Yanda and Marie Jelenek were visiting with friends in Omaha today, having gone there on the early Burlington train this morning.

Many Changes Since last Here.

Chas. Latham of Blandensville, Ill., who has been visiting in the city for some days past the guest of his sister, Mrs. Wm. McCauley, departed this morning for Lincoln where he will visit for some time with his brother, Prince Latham of that place. Mr. Chas. Latham lived in Plattsmouth for about three years and departed for the east making his home in Illinois, some twenty-seven years ago. He was here for a few days about fourteen years ago and says from that time to his arrival a few days since the city has undergone a wonderful change, inasmuch that he would not have known the place. When he was last here the Burlington station was on the river side of the track, and on alighting from the train this time it was hard to get ones bearings. Mr. Latham sees many improvements in the city and may conclude to make this his future home.

Entertainment at Glenwood.

H. S. Austin and wife returned this morning from Glenwood where they were over night and where they gave an entertainment at the institute for the feeble minded at that place last evening.

MANAGER ALBERT QUINN SPORTING NEW SHIRT

News Representative Presented with the First Shirt Turned Out By the M. E. Smith Factory.

Manager Quinn of the News-Herald Publishing Company, is feeling immensely good this week as he expects to blossom out New Year's Day with a new clean shirt, the product of the new factory at this place. Not only is the garment a new one, but it is the first completed shirt put out by the factory.

The representative of the News appreciates very much the present and will always remember the factory long after the garment has passed to some poor print who may some day come along and want something to protect him from the chilling blasts of winter.

Miss Wohlert, the efficient forewoman of the factory informed the News representative that the demand for the product of this factory was so great that they had been compelled to put in an additional 25 machines during the past week. The work under Miss Wohlert is progressing finely. She evidently understands the business and knows how to get results from the operators, which means much to the success of the business.

The factory is going to be a great thing for Plattsmouth, and it was a wise move in the part of the commercial club when they went after it. There are more coming, and the time is not far distant when Plattsmouth will be known over the state as the manufacturing town of this section of the country. No town is better situated for business of this kind than Plattsmouth, and as soon as this fact is generally known, the city will reap the benefit.

W. H. Seybert of Cedar Creek was a visitor in the city this morning, looking after some business matters at the county seat.
