Syrup of White Pine With Tar
(Mentholated)

It Is The Cough Syrup
WITH THE "DOPE" LEFT OUT

Morphine and such other poisons as are usually put into other cough syrups only accomplish one thing—they deaden the nerves, and your cough is just as bad when you stop taking these "doped" cough syrups as when you started to take them.

Ask your neighbor who has taken our Cough Syrup and then try it yourself—and get the results.

Adjusted Fire Loss

John Albert returned from Louisville this morning having gone out last evening to John Spangler's to adjust his loss from the fire occurring a few days ago. Mr. Spangler was insured in the Farmer's Mutual Insurance Co., and the loss was soon adjusted by Mr. Albert for the company. The company will pay Mr. Spangler \$65.00 for the damage. This is quick work and the company is entitled to commendation for its prompt manner of doing business.

Drank Turpentine.

Raymond, the little son of William Doherty and wife of Nebraska City yesterday, by some means, got possession of a bottle containing spirits of turpentine, and drank of the contents. It is not known just how much the little one drank, but it was soon found in spasms. The little fellow is a grandson of Mr. and Mrs. J. C. Endeman of this city.

EVEN SCHOOL TEACHERS HAVE THEIR TROUBLES.

Supt. Gamble Tells of Some of the Things Which They Have to Solve

The man working for the public as a rule meets with all kinds of experiences. We recently asked the Superintendent of schools whether he ever encountered people who were unreasonable or who found fault with the method of transacting the school business. "Well here is the latest" said Mr. Gamble handing over a note. "We require written excuse for absence on the part of all students and when a student returns we require teachers to have written excuses to show cause of such absence. You will readily see that if we did not have some way of checking up absentees we would soon have to close up for lack of students. The family in question has persistently refused to send excuses and finally, although I had more important things to do, I wrote a long letter to those parents explaining that it was necessary to have excuses, that the teacher had no choice in the matter, she was required to carry out her instructions, asked their co-operation in the matter, invited them to visit us and see what we were doing etc., and sent it out by a messenger. The next time one of the children was absent no excuse came so the child was sent home to bring one. In a couple of days he came back with this.

Miss _____ you ought to do enough your self to do why—didn't come to School that day as it was so stormy and cold you are the only one out of four teachers that has asked for an excuse. This is the first school that has asked for excuse, if this haint satisfactory rite One your self

doant send the boy out after any more excuses. "I believe", added Mr. Gamble, "that if parents all understood what the school and the teachers were doing for their children there would be less trouble getting excuses for absence. In fact there would be less absence. Oh yes I have plenty more almost as unkind. We have considerable difficulty in having all excuses state reason for absence. I believe it is largely due to thoughtlessness, rather than from desire to hinder the work of the teacher however.

Reliable (?) Information.

Our contemporary up the pike who poses as a reliable information bureau with more or less success endeavored last night to scare the people into frenzy by an announcement that the city was on an eve of a coal famine as there was no hard coal in town.

We wish to correct that statement and inform the people that our hysterical brother need have no fear about freezing this winter neither in this city or his future habitation.

Mr. Egenberger inform'd us that he has between one hundred and fifty and two hundred tons of hard coal in his sheds at the present time and more coming, while Mr. Baylor has a big earload on hand. For reliable information that can be relied on read the "Joker."

Change Time Card.

C. R. Jordan, county commissioner departed for Omaha this morning enroute to his home at Alvo. A change of time card on the Rock Island requires Mr. Jordan to be in Omaha much earlier than formerly. This change causes Alvo and Murdock merchants to do a much better business than under the former arrangement as the time given shoppers in Omaha between the two trains is so short—none go from that locality now unless they wish to remain over night in Omaha.

W. L. Crawford of Union was shaking hands with his Plattsmouth friends today.

James Fitzgerald Better.

Ed and Tom Fitzgerald went to Omaha this morning to see their brother James at the hospital. The patient is reported much better last evening.

Tom Fitzgerald will depart for his home at Postego, Wisconsin this afternoon. He was anxious to get home a week ago, but owing to the serious condition of his brother he did not go. James is now much better now that he hopes now for his brother a speedy recovery.

Again I say that this is positively the last notice. 70&75 t-f M. Fanger.

No Snow in Colorado.

D. O. Dwyer returned from Denver last evening where he went on a business mission Wednesday morning. Mr. Dwyer says the Colorado metropolis is an ideal place this winter. There was no snow on the ground and a man need not take his overcoat unless riding. There had been snow in the early part of the winter but no signs of it now except in the mountains.
