Was the Slogan selected by the Commercial Club as the watch word for business in 1910. We appreciate the fact that if Plattsmouth succeeds we will all be better off on account of it.

One way to see Plattsmouth succeed is to let the world outside of our immediate vicinity know that we are forging to the front and that the Plattsmouth of the past is not the Plattsmouth of the future. In other words we must proclaim to the world that the Plattsmouth of the future must not be judged by the Plattsmouth of the past.

There is no better way of letting the world at large know that Plattsmouth is forging to the front than to give them a chance to read the

PLATTSMOUTH DAILY NEWS

This paper proposes to give its very best efforts in the future to the up-building of the city without regard to the cost of doing the same. It will be Plattsmouth first, business and politics afterwards. This paper will be found boosting all the time. Therefore we are going to give you a chance to help us boost the town.

WILL YOU DO IT?

We are going to install a Booster Price for the Daily News as follows:

- THE DAILY NEWS, (See Plattsmouth Succeed Price) one year..... \$2.50
- THE DAILY NEWS, (See Plattsmouth Succeed Price) six months..... \$1.25
- THE DAILY NEWS, (See Plattsmouth Succeed Price) three months..... \$0.65

The Above by Mail.

There isn't much in it for us at that price, but we recognize the fact that if Plattsmouth Succeeds, The Daily News will be

FLYING WITH THE BIRDS

And so if you want your friends over the country to know something about Plattsmouth, help us boost. Send it to your friends. It will only cost you two fifty. but it will cost us a whole lot more in anguish to see a ten dollar paper going for one-fourth price. We don't care for that. Anguish is cheap, and when our present stock has been depleted there is more to be secured at bargain counter prices.

"SEE PLATTSMOUTH SUCCEED"

Yours for the Future,

"See Plattsmouth Succeed" is the slogan adopted by the city while "Use Envelopes Printed by the Government" is the slogan of the county board.

In order to see Plattsmouth and Cass county succeed right the board should have printed on the envelopes, "See Plattsmouth Succeed"

The government pays so much taxes in Cass county that it was nothing more than right that it should receive something back in the way of printing.

Stand up for Cass county institutions by getting the county printing done in Washington D. C.—Plattsmouth News.

The Courier agrees with the News only in part. Why not this slogan: "See Cass County Succeed." Plattsmouth may be the hub of the wheel, while Louisville, Weeping Water, Elmwood, Union, Eagle and the other towns are the spokes, but the spokes in a wheel are indispensable, and the hub would have a hell of a time succeeding without the spokes in the wheel.

The action of the county board in their 2x6 economy bluff looks like thirty cents to the average taxpayer, and if the instigator of the so-called economy move has any idea that it is going to further his aspirations to become treasurer of Cass county two years hence he should be at once undeceived.

King Leopold's Answer.

Few monarchs have possessed a more caustic tongue than the late King Leopold of Belgium when he chose to exercise it. Once a dispute was raging in the Belgian army as to whether the words of command should be given in Flemish or French. Neither side would give in, and at length it was agreed that King Leopold should decide the matter. The aged monarch asked for a week in which to consider the question. At the end of that period he summoned the leading generals and announced that he had decided that in future all orders should be given in Esperanto. Needless to say, the disputants managed to come to some amicable arrangement.

The Other Way About.

A benevolent looking old gentleman was walking along the street when he came upon an irate parent lecturing his offspring. "Now, you young rascal," said the angry father, "cut off home, and before you go to bed tonight I'll give you a good whipping!"

The old gentleman mildly remonstrated. "My dear sir, perhaps I have no right to interfere, but remember the wise old saying, 'Let not the sun go down upon your wrath.'"

"Don't you trouble yourself about that," was the reply. "I won't do anything of the sort. Oh, no! What I'm going to do is to let the wrath descend upon the son."—Judge.
