Doing Nicely.
Mr. T. T. Wilkinson returned from Omaha this afternoon from attendance upon his wife who has just undergone an operation at Inman hospital in that city. He reports that she passed through the operation finely and came out from under the anesthetic in good shape and if no new complications arise she will probably be able to return home in due season.

Lead Guilty.

In the case of the Murdock horse theft the defendant, Brann, pleaded guilty to the charge and waived preliminary examination. He was bound over to the present term of District Court and furnished a bond for \$1,000.00 for his appearance. Today County attorney Ramsey filed an information against him charging him with horse-stealing on four counts.

A load of fish for sale on the street today shows that spring is coming.

DIAMOND DUST.

Pfecher McCaffery of the Lincoln Envelopes has been placed on the suspended list for failing to sign contracts with the greatest care and for declaring himself a free agent. President DeSpain claims that McCaffery had been tendered and accepted a contract which however he failed to sign, but instead insisted to friends that he was a free agent. We are of the opinion that Mac had intention of playing with Lincoln this season, for in conversation with him two weeks ago he gave every indication that he expected to be able to show the people of Lincoln what he could do as he claims his shoulder was in first class shape. We regret this action and feel that the Lincoln team will need the services of the player, and also that if he is all right that there are few better in Class A base ball.

Falls City will make the sixth city in the new league to be known as the M-I-N-K league, the cities composing the league coming from Missouri, Iowa, Nebraska and Kansas. We understand that they will inaugurate the boudis-umpire system, but engage two men from each city to do the umpiring, thus doing away with the expense of umpire travel. Such a system is all right if it is all right, but we question the practical working of a system which puts the visiting team up against a home umpire and two of them at that. A home umpire which will do the square thing in the face of the home fans can be found in many cities, but the chances are that there are so many unfair ones that the experiment will not be satisfactory.

Hooper has taken steps to organize an independent team for this year. For a small town, Hooper has been considerably on the base ball map the past three years.

The White Sox No. 1 defeated the Sacramento team at the latter's ground yesterday by a score of 8 to 5. The record being, Sox 8-12-2 Saes 3-10-4. Batteries, Sox Walsh, Sutor, Olmstead and Block. Saes Hunt and LaLonge.

The Brooklyn Yanigans beat the regular Brooklyn bunch yesterday by a score of 8 to 6.

The Plattsmouth Loan and Building Association

Plattsmouth, Nebr.

The annual meeting of the stockholders of the Plattsmouth Loan and Building Association was held March 7, 1910. There was a large attendance of satisfied stockholders. Directors Hawksworth, Windham and Barwick were re-elected for another year. A great deal of new stock is being sold and the books are now open to new stockholders. There is no better way to buy a home or to save money. The withdrawal rates on stock withdrawn before maturity are liberal, being 5 per cent up to six years. 6 per cent from 6 to 8 years and 7 per cent over 8 years.

Call on T. M. Patterson if you want a loan or some stock or any further information. The following statement shows the Association to be in a very prosperous condition.

Young Man Got His.

There was a new girl at a little restaurant on Upper Broadway the other day and she attracted the attention of the Fresh Young Man. She was attending strictly to her business, and the F. Y. M. attended strictly to his.

"I have not seen you here before," he remarked as a starter.

"No; this is my first day," she answered. "What will you have."

"Let me see. What's good today. Er—what is your name."

"Pearl, sir."

"I knew you were a jewel all right. Are you the Pearl of Great Price."

"No, sir. I'm the Pearl that Was Cast Before Swine."

Then the Fresh Young Man ordered coffee and sinkers.—Er.

On War Path.

Big Chief J. C. York rushed into the News sanctum this morning flourishing a tomahawk and waved it over the editor's head in a manner which caused us to sit up and take notice.

He finally explained that it was

one found by Charles Truman a couple of years ago near Glennwood and would be presented to the Redmen when they had their new hall completed. It is of stone and a good specimen of the weapon made by the savage warrior in early days.

Some Changes.

Mr. B. J. Miles of Fremont arrived in the city this morning and has accepted a position as reporter on the Daily News. Mr. Miles is a young man who comes to us highly recommended and we trust that he will make good in the position which he will hold. As he is a stranger in the city we ask the hearty support of our friends in assisting him in his work. Mr. J. L. Richey, who has been acting as reporter temporarily until we could secure a man for that position will act as the travelling representative of the paper over the county.

H. L. Kruger of the local coach shop had the misfortune to catch his hand beneath a board yesterday and will be laid off for a day or two as a result of the accident.

BACK FROM CONVENTION

Indianapolis Meeting Greatest in History of Educational Gatherings.

A BIG TIME AT INDIANAPOLIS

City Superintendent Gamble Reports Successful Meeting

(From Monday's Daily)
Prof. J. W. Gamble, County Superintendent Mary Foster, and about thirty other teachers and superintendents from this state have just returned from Indianapolis, Indiana, where they have been attending the national convention of superintendents and principals of schools. They all report having a splendid time personally and the press of the country speaking of the meeting, unites in saying that it was the greatest educational gathering in this country's history. There were present about 1400 educators from all parts of the country, mostly men, there being about twenty-five or thirty women teachers among those who attended. These 1400 people who met in this convention are the body of the force that shapes the educational problems of the country, and prominent in the gathering was Ella Flagg Young of Chicago, superintendent of the city schools there and the highest salaried woman in the world. Miss Young has been in educational work for years and now draws an annual salary of \$10,000.00. When she appeared on the rostrum she was given a tremendous ovation by the convention.

Although the purpose of the convention was to bring out every form and topic of discussion, the business dealt mainly with the element and feature of retardation in the development of the child with a view to ascertaining the cause of retardation and supplying a remedy for it. While in the metropolis the Professor visited all the schools of the city, which are considered to be the best in the United States, and secured some very valuable ideas that he proposes to put into use in our own city. All the best talent of the national public school system was there, and with a view to giving the pupils here some of the direct benefit to be derived from a meeting of the scope of this one, Professor Gamble this morning gave them a forty minute talk on the business transacted and the work done by the convention.

In deciding the location to be chosen for the next meeting there was a hot fight between Dallas, Texas and Mobile, Alabama, the latter finally capturing it by a narrow margin. While in Indianapolis Professor

Gamble saw and talked with Professor Otto Wurl, a brother of the Wurl Brothers of this city, and for many years a resident of Plattsmouth. His friends will be glad to learn that Prof. Wurl is considered to be one of the most successful teachers in that section of the country.

Too Much Business

Trouble seems to be camping on the trail of Wm. Barelay, proprietor of the local "Restaurant" yesterday about noon when a howling mob of hungry show people descend upon his emporium and then today when his heated brow was just beginning to cool, a talented inebriate entered his place and began to assail him with sundry strange and uncouth oaths and maledictions. The beggar's demands for bakshesh and his euceration upon not receiving the same proved too much for Bill and he proceeded in the words of the immortal Ovidius Naso, to "hang the kibosh" on the stranger. Having ejected the insensate debauchee from his place of business, Mr. Barelay proceeded to invoke the majesty of the law in the person of Jailor Manspeker, who threw the prisoner into the city dungeon with neatness and dispatch and the belated assistance of Chief Amick, who appeared in time to be "in at the death." Upon being incarcerated the poitron refused to give his name, but interesting names for prominent citizens, who took part in his discomfiture. He was placed in jail charges with being drunk, disorderly, and a cripple.

Farewell Surprise.

A farewell also a surprise party was given at the home of Mr. and Mrs. T. Maurer in South Park, in honor of Miss Effie Benedick who will depart for her home at Afton, Iowa, in a short time.

The evening was pleasantly spent in playing games, while music was furnished by Miss Agnes and Mr. Evert Ward, which was enjoyed by all. At a late hour lunch was served to which all did ample justice. Those present were: Miss Agnes Ward, Effie Benedick, Anna Peterson, Helen Foster, Lottie Maurer, Agnes Foster, Mary Petersen, Hattie Forbes, Katie Foster, Lena Maurer, Clarence Beal, John Maurer, Philip Rhine, Evert Ward, Ed. Maurer, Andrew Petersen, Eugene Maurer, Raymond Maurer and Mr. and Mrs. Maurer.
