William Oliver, of near Murray, was a Plattsmouth visitor Monday.

Jerry Ritter of the supply department of the B. & M. at Lincoln, was here Monday.

Why wouldn't Plattsmouth be a good place for such an organization? There seems to be plenty of them here.

Wanted a good girl at poor farm to do general housework. Will pay liberal wages. Apply at poor farm or Journal office.

Mr. and Mrs. Emil Ptak are mourning the demise of a little child, aged one year and five months. The funeral was held Monday.

The burning out of a fire caused considerable commotion at the home of Mrs. Edwin Davis Wednesday afternoon of last week. Scarcely any damage done.

The teachers were all at their posts of duty Monday morning, and each department of our school is again moving along successfully, after the two weeks holiday vacation.

The county commissioners Monday, as is their custom at this time of the year, figured up the amount of money in the treasury on January 1, 1903, which was found to be \$26,426.61. At this season there is always more money on hand than at any other time in the year.

The annual rabbit feast of the T. J. S. school society on Saturday night was a grand affair, the attendance being a great deal larger than was expected. Dancing was indulged in until a late hour. It was one round of pleasure throughout, as all who were in attendance, can testify.

Judge Douglas last Monday issued permits to the following people who desire to double up for the balance of their natural lives: Henry J. Peck of South Omaha, and Miss Myrtle Barnes of Weeping Water; Levi G. Todd, Jr., of Union, and Miss Minnie A. Snyder, of Louisville; William Patton and Miss Mable Urwin, both of Louisville.

Commissioner Falter had better not leave any more meat on the back porch, especially after night. Friday morning he discovered that he was minus about 100 pounds. In these times of beef trusts, it won't do, J. P., to leave a rabbit even hanging out over night. Some people will have meat, even if they are compelled to steal it in these good republican times.

Fred Kuntzman, driver for Phillip Thieroff, met with an accident Wednesday afternoon last. He was driving down Wintersteen hill, and in some manner the wagon slid into a ditch alongside the road, overturning the vehicle. Mr. Kuntzman was considerably shaken up and bruised, for which it will be several days before he is himself again.

In the past week this section has enjoyed several very fine sunshiny days, much to the delight of corn gatherers.

Mrs. Sam Patterson, who was here spending the holidays with relatives, departed Tuesday for her home in Arapahoe, Neb.

Jacob Koch and Miss Alice Sullivan and Mr. Asa Snider and Miss Blanche Sullivan, spent several days visiting in Chicago last week.

Many of the ills from which women suffer can be completely cured with Rocky Mountain Tea. Rich red blood, good digestion and health follow its use. 35 cents. GERING & CO.

All those students in the various colleges and institutes who came home to spend the holidays, have returned to their duties, no doubt much refreshed for their arduous duties.

F. E. Gunther, one of the Journal's reliable patrons, called Monday and renewed for 1903. Mr. Gunther is a retired farmer and has made his home in Plattsmouth for the past two years.

Dr. Roy Dodge, of Omaha, who was recently made the supreme medical examiner for the Omaha jurisdiction of the Brotherhood of Railway Trainmen, visited his parents here a short time last week.

Quite a number were here from different sections of the county Monday on district court business, among whom were D. K. Barr, of Greenwood; Dr. W. J. Redfield, of Union, and F. P. Sheldon, of Nehawka.

Nebraska City, it seems, is always having trouble. The water and light company now refuse to make a contract with them for the year 1903. As to dark streets, we extend sympathy. Plattsmouth knows how it is herself.

Mrs. F. S. Wills and little child, who have been visiting relatives in this county for five weeks left Tuesday afternoon for their home in Akron, Col. Mrs. Wills gave the Journal a brief call and left \$2.00 on subscription for her departure.

One of the large plate glass windows in the Red Front saloon was broken Monday afternoon. While three young men were scuffling one of them ran his elbow through the glass. The one who paid for it will not want to break another very soon.

Charles Bailey, who was recently paroled from the insane hospital at Lincoln, and who has been staying at home, was returned to that institution by one of the attendants who come after him Tuesday. His condition was such that it was necessary.

Nebraska City is striving for a new B. & M. depot. From what the traveling public say she can't get it any too soon for their benefit. They say the present dilapidated structure is a disgrace to that city. The citizens should keep up their kicking until they get a new one.

C. L. Graves, the genial editor of the Union Leader, was in the city Monday to transact business with the district court, which by some "bobbie" failed to materialize, as dated, and he, together with numerous others, is compelled to return today. While here Mr. Graves gave the Journal a brief call.

It is a settled fact now that Louisville is to have a new school building. An election was held Tuesday for vote bonds in the sum of \$11,000 for this purpose, and the proposition carried by a vote of 124 for to 17 against. It is quite a victory for those who have been laboring for a new school building for several years.

The Glenwood electric light plant changes hands January 1st, J. F. Cooper selling it to Attorney C. A. Rawls of Plattsmouth. Mr. Cooper has been here since September, coming from Denver. He tells us that the price paid is \$25,000. He receives 1160 acres of land in Texas county, Missouri.—Glenwood Opinion.

The meeting of the State Teachers' Association in Lincoln last week, for attendance, eclipsed any meeting ever held. One hundred and fifty dollars was appropriated to push the adjunct school case in this county in case it is carried to the supreme court. This is the matter that was turned down by the commissioners in this county. It appears that Cass county was well represented, as there were teachers present from all the towns of the county except one or two.

THE OLD RELIABLE

Geo. Mathison, of South Bend was a county seat visitor New Year day. Commissioner-elect Banning assumes the duties of his office today.

Attorney A. N. Sullivan was in Lincoln Tuesday on legal business.

Miss Grace Hawkins, of Havelock, spent New Year day with Plattsmouth friends.

Mrs. Fred Lehnhoff and little daughter have returned from a visit to Mrs. Lehnhoff's old home in Newton, Iowa.

Prof. E. L. Rouse, and family, who have been spending the holidays most pleasantly with relatives in Illinois, returned Sunday.

I love thee, O yes, I love thee, But it's all that I can ever be, For in my visions in the night, My dreams are Rocky Mountain Tea.

The nicest and pleasantest medicine I have used for indigestion and constipation is Chamberlain's Stomach and Liver Tablets," says Melard F. Craig, of Middlegrove, N. Y. "They work like a charm and do not gripe or have any unpleasant effect." For sale by all druggists.

Peter Volk of Eight Mile Grove was in the city Tuesday, and gave the Journal a call. Mr. Volk will leave in a few weeks for Renfrow, Oklahoma, near which place he purchased a farm three or four months ago. He sold his farm in this county to Wendell Heli whose property it joins. Cass county can ill afford to lose such men as Peter Volk.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Remedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all druggists.

The Elks Enjoy a Grand Time.

The Elks are the greatest entertainers on the face of the earth when they take a notion; and from what we are able to learn, they certainly were in the proper notion on New Year night, as the annual ball given at Waterman hall fully demonstrated. It was a most happy gathering. The hall was most elaborately arranged and beautifully and appropriately decorated. The stage was so arranged as to represent a veranda with proper decorations. All in all, the work was most magnificently done, much to the credit of Messrs. George Tartsch, H. F. Goos, H. E. Weldman, J. G. Koch, Emmons Rich-ey and A. L. Snyder, the committee. Forty couples were present to participate in the dancing program. Punch was served between numbers. The Glenwood orchestra furnished the music for the occasion. All in attendance are of but one sentiment, and that is the Plattsmouth Elks on this occasion fully kept up their established record as entertainers.

A Marvelous Invention.

Wonders never cease. A machine has been invented that will cut, paste and hang wall paper. The field of inventions and discoveries seems to be unlimited. Notable among great discoveries is Dr. King's New Discovery for Consumption. It has done a world of good for weak lungs and saved many a life. Thousands have used it and conquered Grip, Bronchitis, Pneumonia and Consumption. Their general verdict is: "It's the best and most reliable medicine for throat and lung troubles. Every 50c and \$1.00 bottle is guaranteed by F. G. Fricke & Co. druggists. Trial bottles free.

Slick Scamps.

For several days Plattsmouth seems to have been a sort of a rendezvous for a gang of the slickest scamps that has come this way in a long time. The trick they ply is something like this: They keep out of sight during the day time, and at the supper hour, when all the clerks but one have gone to supper, two or three of them enter a store, one engages the attention of the remaining clerk in showing goods in one part of the store while the others secrete on their persons such articles as they can. When time sufficient is given to do the work, they all walk out without buying anything. This is repeated at the opening hour in the morning. The discovery was made by these fellows making an effort to sell various articles of men's wearing apparel to workmen on the bridge. Chief of police Hyers was apprised of this fact and several arrests were made, and articles found upon their persons. Upon examination, no tags or marks could be found to designate where they came from, as they are just such goods as nearly every dry goods and clothing store keep in stock, and while there does not seem to be the least doubt that the goods were taken from stores here in town, and in the manner stated in the foregoing, there was no possible way to prove the fact, and to settle the matter they were released and by Chief Hyers told to shake the Plattsmouth dust from their feet, which they did immediately. Notwithstanding they bore the appearance of tramps, they are a slick set, and are now no doubt working the merchants in some other good sized town. They are too cute to try the small towns.

Orange Blossoms.

Arabi T. Fitt and Minnie H. Herold were united in marriage at the home of the bride's parents, Mr. and Mrs. Herman Herold, on New Year day, at 3 o'clock in the afternoon. Rev. F. H. Freund performed the ceremony in the presence of only relatives and most intimate friends. Immediately after the ceremony the happy couple took their departure for McCook, where they will make their future home, the groom being a fireman on the Burlington running out of McCook.

From Bohemia.

Joseph Jara, esq., of Plsek in Bohemia, Europe, writes us about an American article as follows: "I wish to certify that I have used Triner's American Elixir of Bitter Wine with the best results. For a long time I had no appetite, the stomach refused to take food and my strength decreased rapidly. All medicines prescribed for me by very good physicians were useless, but Triner's American Elixir of Bitter Wine quickly restored my health. Everybody knowing me was surprised at seeing the speedy effect of this wonderful American product." It should be remembered that the stomach is the center of the action of all organs of the body and that a remedy curing the stomach cures the whole body, supplying it with fresh rich blood. This is the action of Triner's American Elixir of Bitter Wine, the best regulator of digestion, strengthener of nerves and muscles; purifier and builder of blood. At drug stores and at the manufacturer's, Jos. Triner, 799 south Ashland ave., Chicago, Ill.

The Plattsmouth Telephone Company are preparing to publish a new directory the first of the year, and persons who are thinking of putting in telephones and want their names in the directory, would do well to make arrangements immediately.

PLENTY OF HARD COAL AT \$9.00 A TON

would be appreciated by nearly all of our poor mortals. But that's out of the question. So what will you do about it? Burn soft coal of course. You will need stoves—soft coal stoves. It's economy to use a good stove, one that's built right, of good material and on correct principles. That's where we come in.

We've Got 'Em!

Lots of them. Good stoves built by reliable manufacturers, stoves with reputations, stoves plainly finished, stoves attractively dressed, stoves elaborately nickled.

The Prices are Right!

And don't forget we sell cook stoves and steel ranges. We are always ready to show goods and explain their points of merit. At

OFFICE OF FRANK J. MORGAN,

Leading Clothier.

Plattsmouth, Nebraska, January 1st, 1903.

Dear Sir:

Are the pants wore out to the suit we sold you last fall? Perhaps you did not buy the suit of us, but the pants look worn anyway.

Well we have accumulated a large number of "odd pants" by selling coats and vests from suits. Now we desire to reduce our stock in this line and have made a bargain counter of them and marked them at the low prices:

\$1.65 and \$2.45!

Now this means that you can buy any pair of "odd pants" in our stock at one of these prices. Of course we have cheaper pants at \$1.25, and \$1.50, but the other prices are for pants out of \$10.00 to \$18.00 suits. If we happen to have your size, you can get the cheapest pants you ever owned.

We will continue the discount on our boys and children suits through January 1903.

Thanking you for your past patronage and wishing you a "Happy and prosperous New Year."

I am Yours Truly,

FRANK J. MORGAN.

Consumption

Salt pork is a famous old fashioned remedy for consumption. "Eat plenty of pork," was the advice to the consumptive 50 and 100 years ago.

Salt pork is good if a man can stomach it. The idea behind it is that fat is the food the consumptive needs most.

Scott's Emulsion is the modern method of feeding fat to the consumptive. Pork is too rough for sensitive stomachs. Scott's Emulsion is the most refined of fats, especially prepared for easy digestion.

Feeding him fat in this way, which is often the only way, is half the battle, but Scott's Emulsion does more than that. There is something about the combination of cod liver oil and hypophosphites in Scott's Emulsion that puts new life into the weak parts and has a special action on the diseased lungs.

A sample will be sent free upon request. Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.
