

The Plattsmouth Journal

"We All Pull Together," should be the motto to every citizen of Plattsmouth for 1903.

If the duties on coal and beef are reduced, what will two infant industries do?

Did you resolve on New Year day to stand up for Plattsmouth? If not go to some town you can stand up for.

What did Cass county republicans get in the Nebraska legislature? Got it where the chicken got the ax—right square in the neck.

HARD coal is \$15.50 per ton, and the dealers profit is just 50 cents a ton for handling it. How we trust make the people pay for living?

WHILE the removal question is up, in which the Lincoln papers seem to take a prominent part, why not agitate the removal of the capital from its present contaminating locality?

B. & M. and anti-B. & M., is the manner in which the members of the present Nebraska legislature are designated. However, honors in this respect are about equal. The U. P. has the governor.

Is the battle royal for control of the Nebraska legislature, the Burlington railroad got in their work in great shape. Where could blubber-neck Baldwin of Iowa, have been?

JUDGE JESSEN was in Lincoln to see the fun in organizing the legislature, notwithstanding the numerous people who were here to attend court Monday and were compelled to go back home and come again at their own expense.

Has it not come to a pretty pass that the railroads control the legislature? Mockett, a Burlington henchman, won out for Speaker. Well, honors seem to about even now. The U. P. got the governor. How long will the people of Nebraska submit to railroad dictation? The remedy is in their hands. Will they ever use it?

In the eighty years since the Monroe Doctrine was first promulgated, the navy of the United States has never equalled that of any of the great European powers and yet the Doctrine has never been violated. The reason is plain. The United States feeds a large portion of Europe. Were Germany or England, for instance, to make war on the United States their armies would starve. All this talk about making our navy in strength equal to their is jingoism.

If every citizen of Plattsmouth will do his duty in 1903, we can have a much better town. If a person comes along and desires to locate here, encourage him to do so. Don't tell him there is no room for the business he desires to engage in. If the city council desires to make any public improvement, don't kick simply because it is not done in your yard. They are not going to do anything unnecessarily. Make up your mind to encourage them in all public improvements in 1903, bearing in mind what might have been done in 1902 had you not been such an everlasting kicker.

THE twenty-fifth annual meeting of the Nebraska state historical society will assemble in Memorial Chapel of the State University at Lincoln, Tuesday, January 13, and continue in session two days. An interesting program has been prepared for the occasion, on which we note that Hon. Edward Rosewater is down for an address on the subject of "Railroads in Nebraska Politics." It is a most appropriate subject just now during the session of a legislature controlled by the B. & M. and a governor owned by the Union Pacific, and Rosey ought to be able to do the subject justice.

THE Journal regrets to chronicle the death of Mrs. M. A. Dockery, wife of Missouri's chief executive, which occurred at Jefferson City on New Year morn, after an illness of about two weeks of heart trouble. Thus has passed to the Great Beyond one of the noblest ladies in the land. The writer has been intimately acquainted with Governor Dockery since he entered congress twenty years ago, and on several occasions had the pleasure of meeting Mrs. Dockery. This is a sad blow to Mr. Dockery, and no one more truly sympathizes with him in his deep affliction than the Journal. Mrs. Dockery was a most excellent lady, and to know her was but to love her, and her death is an irreparable loss to Governor Dockery.

Our clever brother, Edgar Howard, of the Columbus Telegram, comes out flat-footed for Hon. Richard Olney, of Massachusetts, for president in 1904. Mr. Olney is a good man, and withal, an able man, but how would the democracy be benefitted by his nomination? Can he carry Massachusetts? Presumably not. If the democratic party desire victory in the next presidential campaign, it will and must look to New York for a winner. If this be the case, where can be found a better person than Judge Alton B. Parker? Were they to look the country over and over, and then again, they would be unable to find a purer, cleaner and abler man. That he can carry the Empire state, has already been fully demonstrated. Richard Olney is one of the nation's ablest men also, but in the ensuing presidential campaign we are in duty bound to select a candidate who can gain a majority of the electoral vote. And we candidly believe that Judge Parker is just the man to wrest the misguided reins of government from the republican party.

Normal and Business College!

A Few Reasons for Attending this College, and Entering Soon:

1. Because you can attend here for one-half the money required elsewhere.
2. Because the demand for our stenographers and bookkeepers is greater than we can supply.
3. Because our teachers are specialists, no student-teachers among them.
4. Because Att'y R. B. Windham writes: "I am gratified at the advancement of my daughter, Ellen, in your Elocution class; you are deserving of great credit for the splendid work you are doing in all the departments of your institution. I have no hesitancy in recommending your school."
5. Because we have established the reputation of recommending only competent and honest students.
6. Because our students are prepared so thoroughly that they never fail on entering positions and demand top salary.
7. Because Chas. C. Parmele, President of the Cass County Bank, writes: "Miss Mabel Trussler, gives entire satisfaction as stenographer. I find her accurate, careful and well equipped for her work. I recommend your college."
8. Because you may enter at any time and select your own studies.
9. Because you are not held back by students that advance more slowly than yourself.
10. Because our students take precedence over other applicants for positions on account of their neatness, speed and accuracy.
11. Because The Smith Premier Typewriter Co., Omaha, Neb., writes: "Miss Clara Weber, of your college, has just accepted a position with the National Biscuit Co., of this city. Because of her high rate of speed and accurate reading she was selected out of about fifteen other applicants for the place."
12. Because we teach you what you want, what you need, and what you must possess in order to succeed.
13. Because a small amount of money and earnest work for a short time, will fit you for a better position, better salary and a work for which you are better adapted.
14. Because Miss Lorena Atwell, Nebraska City, Neb., writes: "After studying shorthand and typewriting thirteen weeks at the Plattsmouth Normal and Business College, I write 170 words a minute and read my notes readily. I most heartily recommend the college to all desiring to prepare for proficiency in the stenographic profession. I enjoy my work very much."
15. Because our methods are strictly practical and business like from start to finish.
16. Because the moral standard of this college is of the highest type.
17. Because the schools record for thorough work and honest dealing gives its graduates a prestige not to be had elsewhere.
18. Because Miss Edna Peterson, Atlantic, Iowa, writes: "Through the influence of Prof. Lessemann I accepted a good position here as stenographer. I cannot speak too highly of the institution. The teachers are experts and place the welfare of the student above everything else. I recommend the school as one where earnest students cannot meet with disappointment."
19. Because students in our school receive instruction in actual business, thus thoroughly preparing them for their work.
20. Because you are assisted to a position when competent.
21. Because this school has an honorable record. It does not guarantee positions to catch the unwary or misinformed student. We have no difficulty in locating our students, when they are prepared, because of the great demand for office help trained here.
22. Because Miss Clara Weber, of Omaha, Neb., writes: "I am pleased to recommend the Plattsmouth Normal and Business College as being thorough in all its departments. After completing the stenographic course in this college, Prof. Lessemann secured a position for me in this city, where my work is giving entire satisfaction. I had three positions offered me before I was prepared."
23. Because the school's methods are approved by business men and educators.
24. Because S. S. Goldstrom, Omaha, Neb., writes: "Miss Clara Weber is giving excellent satisfaction. I have found her very careful in her work. I thank you for this favor."
25. Because our system of shorthand requires only about one-half the time, when our plan of instruction is followed, that other systems require.
26. Because Miss Mabel Trussler, Plattsmouth, Neb., writes: "After studying shorthand and typewriting ten weeks in the Plattsmouth Normal and Business College I accepted a position as stenographer for Chas. C. Parmele, President Cass county bank. I am delighted with my work."
27. Because Silas Wilson, Atlantic, Ia., writes: "I wish to say that Miss Edna Peterson's work is very satisfactory. I thank you for sending me such a competent stenographer."
28. Because C. W. Eckerman, Omaha, Neb., writes: "I am pleased to note that the young lady from your college, located last Friday, is giving the best of satisfaction."
29. Because following is a list of the calls made upon us for stenographers and bookkeepers during the last three months:
 - Sept. 15, Stenographer, Silas Wilson, Atlantic, Iowa, Miss Petersen.
 - Sept. 17, Stenographer, Senator Allen, Madison, Neb., unfilled.

THE ISSUES FOR 1904
The Successful Democratic Nominee Will be Gorman, Olney or Alton B. Parker.

WASHINGTON, January 3, 1903.—Everyone knows that Congressman Richardson is one of the brainiest men in the lower house of congress and the democratic leader of that body. When asked his opinion the other day regarding the democratic standard-bearer in 1904, he said: "I think the contest in the next National Democratic Convention for the presidential nomination will be between Senator Gorman, of Maryland; Judge Parker, of New York, and Richard Olney, of Massachusetts. Each of these gentlemen will have support, and I am not prepared now to say which would make the most acceptable candidate for the Democracy." He went on further in the interview, as follows:

"I think I can see a leaning in Mr. Bryan toward Mr. Olney. There is no question that Mr. Olney is being boomed in the West. He will make a formidable candidate. While not personally a magnetic man, he has a clear political record and undoubted ability. He supported Mr. Bryan, as did Mr. Gorman, and they are equal there. It may be that some of the lingering animosity toward Mr. Cleveland, and yet, in some quarters, a great deal of bitterness toward him is felt. Whether Mr. Olney would share it is a question. "Mr. Gorman we all know. He has been with us, worked with us and for us, and his record is plain to all democratic beholders. His friends will not let the nomination go to another without a contest. Mr. Gorman will be in that convention, and no man will say that he will not be the candidate. "Judge Alton B. Parker, of New York, is forging to the front very rapidly. From what I hear of him he would be entirely acceptable to the Southern democrats if he should be the choice of the convention. He has not a blot on his political record, and would go into the contest for the nomination with a clean escutcheon.

TARIFF REFORM THE ISSUE.
"What will be the issue?" Mr. Richardson was asked.
"What better issue do we want than the one the Republican party is now furnishing us through its division on the tariff question?" Mr. Richardson replied. "The people are demanding tariff reform. The republican high protectionists will not give it to them. "You will never have tariff reform to suit the people," said Mr. Richardson, with emphasis. "So long as the manufacturer virtually sits in command and writes the schedule. The way the protectionists usually reform the tariff is to stick on a few points more of duty. Then, when there is a clamor for a change they say: 'Oh, leave the revision of the tariff in the hands of its friends.' "Some of the republicans, who are more far-sighted than their associates, realize the drift of the sentiment, and they are trying to save their party by granting a modicum of revision. They cannot get even that much. The high protectionists are entrenched and they cannot be persuaded to come out by pleadings of their colleagues. They will have to be routed out by the democrats. "The country is patient and has been inclined to give the republicans a show; to let the tariff be revised by its friends, but the country cannot be fooled forever. I think the people are awakening to the realization that the friends of the protective tariff will revise it only to their further advantage."

Vigorous Old Age
Faine's Celery Compound makes the old feel young, and cures their ills. It has added years of health and enjoyment to many a life. Use this great medicine regularly, and its invigorating powers will fill your declining years with health, strength, and happiness. Read what George F. Morse, 67 years old, writes:—
WELLS & RICHARDSON Co.,
Cincinnati.—Just a word in favor of Faine's Celery Compound, hoping it may catch the eye of some afflicted person, and they may receive the same satisfactory benefit. Some 15 years ago I had a combination of malarial chills and fever, and grip, which continued for a year or more; meantime I lost in weight about 60 pounds, trying different medicines and doctors with unsatisfactory results. Faine's Celery Compound was recommended, and, after using a little I began to improve, gaining about a pound a week. In a year I had regained 50 pounds of the lost weight and good health, and have been a well man ever since. Yours truly, GEORGE F. MORSE.
