SIGNED BY THE GOVERNOR.

Governor Mickey signed house roll 67. the Gilbert or Howell bill on Monday. The Gilbert bill is identical in all its provisions with the Howell bill. It requires the city of Omaha to acquire and operate its own water plant, and to this end provides that, within thirty days, the governor shall appoint a water board. This charge of the acquiring of the plant, tobill has the emergency clause and it therefore becomes a law as soon as the governor gave his approval.

STUDENTS OPPOSE THE RILL Students of the medical colleges of the Board of Health after graduating from the college and stand an examination before being allowed to practice medicine A majority of the students entered school believing that after securing a diploma they would be allowed to practice without more ado. The bill, however, provides that they shall tread the wine press before the State Board of Health, and that for the privilege they shall each pay into the hands of the said board \$25. The students believe that \$10 would do.

Hasty of Furnas, Hastings of Butler and Coffey of Boyd were appointed a emmittee to investigate the difference Nebraska and Iowa, as stated in the Hasty resolution passed vesterday. Bills on first reading included the following To amend article ii, chapter xcilia, Comrigation," by adding section 69, providing for official seal for the office of the State Board of Irrigation; and section 70, proiding that fees be collected by the sec retary of said board for filing, examining, issuing and making conies of water right instruments; and section 71, providby him so collected. S. F. 140, by Wall of Sherman (by request)-To amend section 85, article 1, chapter lxxvii, Compiled Statutes, entitled "Revenue" to strengthen present law regarding assessment of railroad property by state board. To amend section 98, chapter xiia, entitled "Cities of the Metropolitan Class," and section 85, article 1, chapter lxxvii, entitled "Revenue," Compiled Statutes, taxing everything at par cash value and eliminating railroad taxation, as prescribed by this statute. A Cough Candy.

An excellent cough candy is made of slippery elm, flaxseed and sugar, Soak a gill of whole flaxseed in a cup of boiling water. In another cup put broken bits of slippery e. . bark until it is full. Cover this also with half a pint of boiling water, and let it stand for two hours. Strain the flaxseed and slippery elm both through a thin muslin cloth and save the liquor. Add a pound and a half of granulated sugar to it. Boil the syrup for ten minutes. Add the juice of two lemons and boil it to a candy. Test it from time to time by dropping a little in cold water. harden. As soon as it begins to cool, before it hardens, crease it with a knife, so that it may be easily broken into lozenge shaped candies.

Imitating Bret Harte.

A Bret Harte story comes from Chicago, and concerns "Sam" Davis, a Nevada editor and ranchman. He was a contemporary of Bret Harte and soon after Harte's success made the remark at a dinner that any modern author could be successfully imitated. Woodford Owens took him up and bet an oyster and wine supper that Davis could not imitate Bret Harte. Inside of a week Davis had written and published a poem called "Binley and '46," which was said to have been found in an old trunk which Bret Harte had left behind him on departing from San Francisco. The poem was copied all over the country, and its authenticity was not questioned, one New York paper going so far as to reproduce it with illustrations. When that happened. Owens paid his bet.

Folklore in England.

Attention has been called to the survival of folklore in rural parts of England by evidence given in a stabbing case tried at the Essex assizes. To quicken the healing of the wounds, the knife with which they were inflicted was smeared with grass and laid on the bed of the patient. The purpose served by the application of grass or oil to the knife, or to any steel instruprevent it from rusting. For if the steel is allowed to become rusty the wound is supposed to be affected, and festering and mortification follow the progress of the rust. Another quaint edy for scalds and burns.

Mrs. Pat Camobell's "Makeup."

Mrs. Patrick Campell is said to 'make up" more rapidly than any other woman on the stage. She usually arrives at the theater a few minutes before curtain time, enters her dressing room like a cyclone and with the aid of a nimble-fingered maid is ready to go on before the average actress would have her hat off. Frequently she stands in the wings watt ing for her cue while putting up her hair. By the way, she raised a tre-Campbell." A Move to Tack the Omnibus Statehood Bill Onto Another Measure May Cause Trouble - Senators Ready to Appeal from the Chair.

WASHINGTON-The omnibus statebood bill will continue to hold its place for the present as the unfinished business on the senate calendar, but it seems quite probable that the debate will be transferred to the appropriation bills. Senator Quay has entirely changed his tactics during the last week and after trying in vain to secure a quorum for night sessions on two different occasions, has abandoned all efforts in that direction, leaving the senators who oppose the statehood bill to take the responsibility for delay. He now apparently is the least concerned of all to secure late

He makes no confidants, but it is evident that it is his purpose to make his fight in connection with the appropriation bills and to secure promises to vote for a statehood rider to one

Thus far there has not been delay on any supply measure on account of the statehood debates, but there will be a decided effort to attach the statehood amendment to the agricultural appropriation bill. It is expected that the amendment will be ruled out on will be an appeal from the decision of ever, that the question may be submitted to the senate without a ruling by the chair. in the house from some of the southern members of congress. Representative Burleson of Texas introduced a resolution in the house calling upon the secretary of the interior to furnish the house with full information as to what steps, if any, had been taken to prevent the illegal fencing of the public domain in Nebraska, Wyoming and New Mexico. He also desires to know the number of filings or applications for part of the public domain which have been made in the states of Nebraska and Wyoming during the year 1901 and 1902 under the homestead and desert land acts, and how many persons who have made such filing have been fraudulently used to secure color of title to said lands for the purpose of conveying or transferring the same to others. The resolutions also directs that upon report being made the attorney general shall immediately institute proceedings against all persons who have illegally fenced in government lands and to declare all fraudulent appropriation of lands under the acts referred to. and that in on event shall any money paid for land be refunded, where it is shown that the filing was fraudulent. When inquiry was made as to his motive for introducing the resolution and his opposition to the bill, Mr. Burleson stated that it would give the cattlegrowers of Wyoming and Nebraska an undue advantage over the Texas cattlemen, for the reason that when Texas came into the union she retained all ner public lands and the state had to any part of the United States. Adbuy or lease their lands from private dress Foster-Milburn Co., Buffalo, N. individuals, and if the Nebraskans were permitted to keep up their fances without paying rent or allowed to lease lands at a few cents per acre it would continue to work an injustice upon the people of Texas.
