Thousands of cases might be quoted in which Peruna has been used to rescue people from the perdition of deranged nerves, and put them on the good, solid foundation of health. The editor of the Commoner has received an unsigned letter-such letters are usually unsigned-asking why Mrfl ocratic harmony;" why ne does not 'make an effort to unite all men believing in democratic principles;" why he "keeps up a war in the democratic camp?" This unknown correspondent insists that 'peace and harmony are essential to success," and suggests that Mr. Bryan ought to "try to rehabilitate the democratic party and bring it into public favor." As a clincher he asks who is to be "the proper judge or judges of genuine, sound and sterling democracy"?

There are other things in the letter which indicate that the writer's sympathies are really with those who bolted the ticket rather than with those who suported the party in recent campaigns, but an answer is given for the benefit of those readers who have to meet these inquires.

Mr. Bryan is interested in securing democratic harmony, and certainly has more personal reason to regret a lack of harmony in the party than the men who, after voting for the republican ticket, now clamor so loudly about "letting by-gones be by-gones." Mr. Cleveland was elected by the democratic party in 1892, and no one will seciously dispute the fact that he proceeded at once, knowingly and wilfully, to misrepresent the people who elected him upon an issue which his own coning. Waiving for the present the right eatment for years. Everybody should of a party nominee to betray those who nominated him and to barter away the suffrages that he had received, it is sufficient to say that Mr. Cleveland was the greatest disturber of party harmony of the present generation. Never before in the history of the party did a democratic president undertake to change the party's attitude upon a great public question, or to force upon the harmony between those who believe in party as a party measure a bill identical in purpose and almost identical in language, with a bill drawn by the leaders of the opposing party. This Mr. Cleveland did. The agonizing, itching, and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair, and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum, - all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

Complete External and Internal Treatment

Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales, and soften the thickened cuticle. Dry, without hard rubbing, and apply Cuticura Ointment freely, to allay itching, irritation, and inflammation, and soothe and heal, and, lastly, take Cuticura Resolvent to cool and cleanse the blood. This complete treatment affords instant relief, permits rest and sleep in the severest forms of eczema and other itching, burning, and scaly humours of the skin, scalp and blood, and points to a speedy, permanent and economical cure when all other remedies and the best physicians fail. "I desire to give my voluntary testimony to the beneficial effects of your Cuticura Remedies. I have suffered for some time from an excess of uric acid in the blood; and since the middle of last year, from a severe attack of Eczema, chiefly on the scalp, face, ears and neck, and on one limb. I was for several months under professional treatment, but the remedies prescribed were of no avail, and I was gradually becoming worse, my face was dreadfully disfigured, and I lost nearly all my hair. At last, my wife prevailed upon me to try the Cuticura Remedies, and I gave them a thorough trial with the most satisfactory results. The disease soon began to dissappear, and my hair commenced to grow again. A fresh growth of hair is covering my head, and my limb (although not yet quite cured) is gradually improving. My wife thinks so highly of your remedies that she has been purchasing them in order to make presents to other persons suffering from similar complaints, and, as President of the Bible Women's Society, has told the Bible women to report if any case should come under her notice when a poor person is so afflicted, so that your remedies may ROBERT ISAAC FINNEMORE, be resorted to."
