There is no test like the test of time. Cures everything that can be cured by a Perfect, Penetrating Liniment. Good for Man or Beast. One small bottle of Mexican Mustang Liniment will effect a cure when a gallon of the watery compounds sold as liniment would have no result. It is money thrown away to buy them.

MEXICAN Mustang Liniment.

For two generations Mexican Mustang Liniment has been the standby—the one Sure Remedy—of farmers and stockmen. The more people know about it the more they swear by it. It goes to the very core of pain and drives it out of the body. The public believes in it for its positive healing powers. Sold everywhere.

The Plattsmouth Journal

Weeping Water

From the Herald.
There are plenty of cars now and the farmers are so busy they haven't time to bring in their corn.

Mel Swacker was called to answer in Justice Woodruff's court last week the charge of selling mortgaged property, on complaint of Mr. Leach. Mr. Swacker made a settlement.

Mrs. Howard, mother of T. M. Howard, of Scotts Bluffs, arrived here last week and will make an extended visit, probably two or three months with her many friends.

The two-year-old girl of Henry Huntman, living eight miles southwest, fell into a trough of water last Thursday, and came very near drowning. Dr. Hungeate was summoned but before he arrived, after working an hour with the child, life was fully restored.

Charlie McKay, twelve or thirteen year old son of John McKay, came very near death's door last Saturday afternoon. He was riding on a disc cutter in the field over rather uneven ground, and tumbled off in front of the cutter. He held onto the lines, however, and the team kept going, the cutter pushing him on ahead for about 100 yards. His father heard his cries for assistance and came over and stopped the team. The boy had his left leg bent in between the cutters and a circular piece of flesh cut out of his leg near the knee, which Dr. Hungeate closed up with twelve stitches. Had he let go of the lines he would have most likely been killed.

John King, an old resident, about 77 years old died last Saturday. Deceased had been very feeble for quite a long time and about twelve days ago was out on the porch, where he makes his home with Dan McCurdy, seven miles northeast, leaning against a board, which gave way, precipitating him onto the ground a distance of five feet, striking on his head and shoulders, making some severe bruises on his face, and in his feeble condition it caused his death later. The funeral occurred Sunday, services were held at the house and interment was made at Glendale cemetery 7 1/2 miles northeast. Mr. King was the owner of 30 acres of land, had been twice married, is a widower, and we understand has only one relative, a cousin in Nemaha county.

From the Republican.

Mr. H. H. Mason received the sad news on Monday of the death of his brother Homer C. Mason, at Shreveport, Louisiana, the death occurring February 5th. Mr. Mason was a railroad man and was killed in the yards while switching a train. He leaves a wife but no children. His wife had lost the address of Mr. H. H. Mason, which accounted for the delay in notifying him of the sad accident.

Ethel Lorena, one of the little twin daughters of Mr. and Mrs. James Minnier, aged 3 years, 2 months and 6 days, died of lung fever. Little Ethel was a great sufferer having been sick several months. She was first taken with lung fever and later an abscess was developed on one of her lungs which necessitated an operation and since that time she has lingered in great pain the greater part of the time. The funeral services occurred on Tuesday morning at 10 o'clock. Rev.

Worley conducting the service. The interment was made at the Otterbein cemetery.

Purdum, and his home was at Oelwein, Iowa, at which place he lived with a brother and worked at the barber trade part of the time. After dragging the river and keeping up a watch night and day for the body of Alfred Urwin, the search was finally given up this week. The only hope now is that the body will come to the surface of the water and someone may happen to see it. It is indeed very sad for the bereaved family to know that their boy is sleeping beneath the waves of the waters of the river. If they could only find him and lay his remains to rest how much care and sadness would be removed from their minds. The only hope now is that the current changing in the river may yet uncover Alfred's remains.
