# Mexican Mustang Liniment

## The Plattsmouth Journal Weeping Water

From the Herald.  
Whooping cough is quite common among the children and interferes some with the school attendance.  
Miss Annetta Woods has been engaged to teach the primary rooms at Eagle for another year, at an increase of salary.  
The elevator men have been hit hard in many instances. A lot of the grain they have shipped out has become heated in the car and been docked so that the profits did not include all the loss sustained.  
With the new Catholic church and parsonage soon to be built at Manley, that village will become quite stirring this summer, and will doubtless be the means of others locating and building there. The location for the church is a very slightly one, about a block north of the business street.  
Ray Pool was twenty one years old last Thursday and \$100 richer. His grandmother, Mrs. Warrant has been giving each of her grandchildren when they became of age, five \$20 gold pieces. It is pretty nice to have such a good grandmother even if there shouldn't be any such present given.  
Chas. Philpot said he was next to a charivari last week given for the benefit of his son Elmer and wife, who were recently married, and will make their home on one of Mr. Philpot's farms. Elmer has 160 acres in Logan county which has not been proved up on yet. The bride's name was Miss Maud Jones, of Dunning, Blaine county.

From the Republican.  
Miss Ethel Luthy who has been teaching an eight month school near Plattsmouth, closed her school on Friday.  
Edward Olander is quite sick with an abscess on his neck. The report got out Monday that he was dead but he was better at that time.  
Mr. George Adams returned from Gandy, Neb., about ten days ago and will spend the summer at home instead of on the ranch as he did last year.  
John A. Donelan is having a furnace put in his residence and he says, judging from the weather we have been having recently he thinks he is just in time with the furnace.  
Sterling Emens is doing nicely. The report that his leg had to be re-set is untrue. While the break is a bad one what is known in the medical profession as Pott's fracture, he is doing well and it is only a matter of time when Sterling will be as well as ever.  
Frank Holden who for some time has held a lucrative position as book-keeper with the Swift Packing Co., of South Omaha has been transferred by the company to their plant at Denver. Frank came home Friday night to see his parents and started Saturday for his new field of labor.

Michael Mullen of Elmwood, died last Saturday of paralysis. He was stricken last September and had been bed ridden ever since. He was 83 years old and the father of Joseph Mullen a prominent citizen of our neighboring town Elmwood. The funeral was held Monday afternoon.

**Eagle**  
From the Beacon.  
Fred Trunkenbolz's little boy has been quite sick the past few days.  
Mrs. Trunkenbolz, sr. has been very sick the past week but is much better at this writing.  
Mrs. Henry Dopp and son of Florida are visiting friends and relatives near Eagle this week.  
Jacob Scouten, father of Mrs. G. W. Peterson, died at his home at Fairfield, Kansas, Tuesday night at the advanced age of 82 years.  
Tuesday evening two young men from Beatrice were caught in the rain here and had to lay over till they telegraphed home for money. They were making a tour on their wheels.  
Wednesday morning as Will Knapp was standing on a chair helping his wife about the house the chair tipped over and caused him to fall across another chair breaking three ribs.  
Our general county commissioners, Zink, Falter and Banning, accompanied by bridge contractor Sheeley took dinner at the Swartz hotel, Tuesday. These gentlemen understand their business and always work for the interest of the people and county in general.

**Elmwood**  
From the Leader-Echo.  
County Clerk L. A. Tyson and wife were out on Plattsmouth forepart of the week, visiting relatives and friends.  
A daughter was born to Mr. and

Mrs. Harvey Beaver, Tuesday, April 28. Harvey says she's of the Plymouth Rock variety.

Mr. H. Bornemeier, sr., was born February 28, 1829, in Germany, and died very suddenly at his home three and one half miles northwest of Elmwood, where he has resided for many years, on April 23, aged 74 years, 1 month and 23 days.  
Mrs. Fred Kustermeier, while out in the field with her husband Wednesday, fell from the farming utensil on which she was riding, her dress catching in the machinery, throwing her to the ground, the hub of one wheel striking her right shoulder and making a severe fracture.  
Turner Zink, J. P. Falter and W. B. Banning, Cass county's excellent commissioners, were viewing bridges in this vicinity forepart of the week. While Messrs. Falter and Banning are of the hated "dimmycrat" tribe, all the boys are O. K. when it comes to attending to the county's business in a first class manner.  
At the home of his son Joseph, two miles west of Elmwood, Michael Mullin departed this life on the 25th day of April, after a lingering illness of seven months. In September last, Mr. Mullin was stricken with paralysis from which he never recovered only a partial use of one side. The deceased was born in Madison county, Ohio, on the 10th day of January, 1821.

**Greenwood**  
From the News.  
Greenwood has the material for a good ball team and the people should lend their support to make one this year.  
Mr. Wm Armstrong, who is mail clerk on the B. & M. between Lincoln and Denver, came down Monday to spend a few days with his family.  
H. A. Zehring and wife left for Missouri Monday morning where they will visit the former's sister for a month, before returning to their home in Oregon.  
A record breaking crokonele party was given at the home of Mrs. Howard on last Thursday evening. Mr. A. C. Clymer played seventeen games without losing once, therefore being entitled to the royal prize, a beautiful lamp. This is the best record, at crokonele, that we have heard of this winter. Miss Eva Heims was the next best, playing the same number of games and losing but one. Mrs. Sam Stradley won the consolation prize.  
Ira Lee met with an accident on Tuesday morning that will probably lay him up for several weeks. He was tearing away a stairway in the Polk house and prying off one of the boards at the top of the stairs, he lost his balance and fell to the floor, a distance of seven or eight feet, striking on his left shoulder and arm. It was at first thought that his arm had been broken but upon examination by Drs. Miller and Talcott, who had been immediately summoned, it was found to be only a dislocation. However the doctors say that is one of the worst dislocations they have ever seen, all the ligaments in the arm being snapped.

**Louisville**  
From the Courier.  
Arthur Palmer, who has been studying telegraphy for the past six months, has been given the position of assistant day man at Cedar Creek on the B. & M.  
Word was received here this week that Will Snitzer had died very suddenly of heart disease at North Prairie, Wisconsin, Tuesday. He was well known here, having spent the past year in this vicinity with his uncle, George Shoeman.  
Work on the Catholic church, to be erected at Manley, was begun Tuesday and will be pushed with all possible speed. The building will be of brick and will cost, when completed \$10,000. The work on the parsonage is to be commenced shortly.  
C. D. Tapper and family expect to leave forepart of the week for California. Several years ago, he went to California but later returned and bought the flouring mill but the recent destruction of the mill by fire completely changed Mr. Tapper's plans and now he will return to California to spend the balance of his days.  
Miss Minnie Leinhardt entertained a number of Louisville ladies at her home at College Hill last Wednesday afternoon in honor of her sister, Mrs. W. C. Frampton, of Lincoln. A luncheon of coffee, sandwiches and cake was served after which Mrs. Frampton rendered some zither music which was highly appreciated. Those who braved the rain and snow storm felt amply repaid by the gracious hospitality extended them. Those present were: Mesdames J. Speaker, W. F. Diers, H. Tangeman, C. A. Richey, G. Frater, H. E. Brown, E. H. Worthman,

**Nehawka**  
From the Register.  
Philip Burke is convalescent after several weeks dangerous illness with heart trouble.  
Mrs. Kine and son George have been under the doctor's care for some time and are improving.  
Carl Stone came home from Lincoln where he has been taking treatment but he thinks he is no better.  
The Misses Leona Pollard, Isadora Hall, Florence Ames, Minerva Toel and the Hall boys spent Sunday with Mrs. Bruce Stone at Murray.  
One day last week Wallace Munn's house caught fire and would, undoubtedly have burned to the ground but for the prompt and vigorous work done by Miss Maud and Iola in subduing the fire.  
On Wednesday evening April 22, about forty friends of J. L. Smith gathered at his home in honor of his forty-eight birthday. Mr. Smith was totally ignorant of the intended celebration until he saw his friends coming. The evening was spent in games and conversation until eleven o'clock when oysters were served. The company broke up at a late hour and the guests departed wishing Mr. Smith many returns of the day. Those present were: Dave Lloyd and family, W. T. Smith and family, Pete Smith and family, Mrs. A. D. Kniss and family, Tom Smith and wife, Chas. Pittman and wife, Jane Totten, Miles and Iver Standish.

**Murray**  
Special Correspondence.  
B. A. Root, our worthy druggist has commenced work on his new store and dwelling. This building will a double structure and will add greatly to the appearance of Main street.  
Corn shelling, corn hauling and corn planting is keeping our farmers busy. Our ministers exchanged pulpits last Sunday morning and evening.  
The public schools closed here last Friday. Prof. Fowler and Miss Carrie Allison have proved themselves very competent, as evidenced by the thoroughness and advancement of the pupils.  
Chas. S. Stone drove to Nehawka Monday evening, returning Tuesday morning.  
The apples and peaches which were supposed to be entirely destroyed by the heavy snow and freeze, to the surprise of many, will yet yield a bountiful supply.  
Prof. Fowler has been improving his leisure time since school closing, by doing some very fine photographic work for his friends.  
Col. Jenkins is having his residence improved by a fresh coat of paint.  
John Loudermilk, the creamery man, the painter, the paper hanger and the hog raiser, is doing some very fine painting for S. G. Latta this week.  
Karl Stone, of Nehawka, was transacting business in Murray last Friday.  
John Philpot, of South Omaha, shipped three cars of fat cattle to that market Sunday evening.  
The Countryman Bros. shipped two car loads of fat cattle to the South Omaha market Monday evening.

**Maple Grove**  
Special Correspondence.  
Forest Cunningham, of Nehawka, was a Maple Grove visitor Monday.  
Mr. Beck is having quite a time with the measles. He has been laid up now a week and is not over them yet. The cold weather last week done much damage in this locality. The early fruit is nearly all gone; the oats are somewhat hurt in places.  
The dance at William Puls' Satur-

Edith Rochford and Mrs. Stevenson, of Lincoln. Mrs. Frampton returned home the following day.

To celebrate the closing of the saloons in Louisville Thursday night a "free for all" celebration was pulled off which came near ending disastrously to Henry Kline. A number of the boys thinking to have some fun, a la western style, secured a revolver and loading it with blank cartridges went into Jensen's saloon and started a sham fight. Kline pulled his gun and began firing. Instead of it causing a stampede for the door, in less time than you could say Joe Benson, every mother's son in the place was trying to get a punch at Kline. He took refuge behind the bar but they came after him from all sides. Some wanted to lynch him while others only wanted the privilege of stamping him into the floor. It took quick work for him and the other boys implicated in the joke to explain matters. Meanwhile Marshal Spence and Police Judge Wood rushed in and ordered the place closed. While it was all intended as a matter of fun it came near being carried too far.

**THUNDER MOUNTAIN.**  
Reports from the New Thunder Mountain Gold Fields grow steadily better. There will undoubtedly be a great rush into the district this year. Last year the news concerning the new discoveries of free-milling ore had only begun to leak out and before October more than 20,000 claims were filed.  
From every quarter there will be people going to Thunder Mountain, and all will want reliable information as to the best route and how soon the trail will be open. Many who cannot go will want to invest in a good property there, and the time to do that is now when money is needed for mine equipment.  
The Thunder Mountain Gold Mining and Milling Company has a splendid property of 120 acres, across which there is a tremendous vein of free-milling ore 30 feet wide and running right up Eastlow Peak. Mr. Charles J. Perkins, General Manager of the Company, is now at the Company's eastern offices in New York, where he will remain until some time in May purchasing equipment and describing the property to all who wish to buy shares. He also possesses full information regarding the district and makes it a point to answer all questions about it, without charge, so that all who are interested may write and get this information free and at first hand.  
The Company, which Mr. Perkins represents made its first public offering of stock in January, and so many subscriptions have been received that a great deal of the equipment for the mine has been purchased and prepared for shipment as soon as the way is opened for travel.  
It is estimated that fully three millions of dollars of machinery and equipment is now on the way to Thunder Mountain for various companies. One of the companies sold stock a year ago at 50 cents a share and now it is not to be bought for \$5.00 per share. Thirty other mines are opened and are getting into richer ore every day.  
The property which this Company owns is second to none in the district, and the more one learns about it and its officers the greater the desire becomes to own some of its stock. For information regarding it, price of shares, etc., write to  
**THUNDER MOUNTAIN CONSOLIDATED GOLD MINING AND MILLING COMPANY,**  
New York Life Building, New York City.

day night was largely attended and a good time was had by all.  
Chas. Givens was the guest of Mr. Ed. Gansmeier Sunday.  
Mr. and Mrs. Philip Hill were the guests of Mr. and Mrs. Wm. Puls and family Sunday.  
Andy Sutton visited with his brother at Plattsmouth Sunday.  
Henry Engelkemeier and Lulu Krausberger visited Mr. and Mrs. W. H. Puls Sunday.  
Chas. Beedecker had the misfortune of losing the end of one of his fingers. He got it caught in a hay rake and pinched it off.

**Mynard**  
Special Correspondence.  
Wouldn't this freeze you—the weather I mean—and maybe some of the items. But be that as it may "here goes," as the boy said when he ran out by himself.  
George Meisinger is today (Tuesday) shelling and delivering corn—about 2500 bushels, and R. L. Propst is doing the shelling act.  
There is "right smart" corn coming in these days as the weather is not very inducive to planting corn very numerously.  
Spring, gentle spring, why do you linger in the lap of summer?  
Some say the fruit is not all killed, and even peaches are still blooming. However small fruit is said to be a "goner" in most cases.  
Fred Ohlenhausen, sr., shelled and delivered corn on Saturday and Monday about 3,000 bushels. Wm. Warner acted as sheller.  
Two young people around here, we do not know who, got married somewhere, we do not know where, and the boys are talking of "belling" them, we do not know when. This is all the information we can vouchsafe at this time.  
There are some folks so modest they do not like to see their name in print, and a nearby resident of Mynard is one of them. A few days ago he "jumped out" ye scribe because his name appeared in the best paper in Cass county, for which we would think any man would be proud. "It takes all kind of people," etc.  
Adam Meisinger's afflicted with an excrescence or ringworm, or something the doctors can't name. It is on his neck and Adam says it is very painful and it looks it, too.  
J. R. Vallery, who has been laid up for some time with sickness, is said to be able to occasionally get around on the farm. This is welcome news to his many friends. Yo No.

**CHICHESTER'S ENGLISH PENNYROYAL PILLS**
