

The Best Whiskey!

is the Cheapest in the End!

Poor Whiskey is not only disagreeable to taste, but undoubtedly injurious to the stomach. A little good Whiskey is a fine tonic and helps instead of harming. Such Whiskies as Yellowstone, for instance, will do you just as much good as a doctor's prescription. If you don't know how good it is, come in and try it.

From the Herald.

The little daughter of Mr. and Mrs. Alba Hobson has been critically ill with membranous croup, but is on the road to recovery.

The Missouri Pacific has granted a raise to the section men from \$1.25 to \$1.40 per day. If they had made it \$1.50 it would correspond better with the wages given further south.

Thomas Wiles does things in a hurry sometimes. Last Friday saw the finish of his corn planting of 135 acres. Mr. Wiles may be shucking corn when others are gathering roasting ears.

Ethel, daughter of John Fitzpatrick, while walking in an alley past John Wade's delivery team, last Wednesday was kicked in the mouth by one of the horses, losing several teeth, badly mashing the chin and lower lip, and bruising her chest. Dr. Rickard was called to dress the wounds.

Prof. D. K. Luthy who has been at the head of our public schools during the past year, has been elected superintendent of the Ashland schools at a salary of \$1,100, an increase of \$100 over the amount allowed him here for the year. Mr. Luthy has notified the board of his acceptance of the offer and they will proceed to look elsewhere for a superintendent.

Last Wednesday at Manley, Fred Krecklow, a section man, while unloading ties from a moving train, had the misfortune to slip during a sudden stop while handling a heavy tie and it dropped on his left foot, mashing the big toe flat. He came down on the freight Thursday morning and Dr. W. M. Thomas dressed it for him. The accident will keep Mr. Krecklow off duty for some time.

The marriage of Mr. Max L. Keefer to Miss Edna L. Walker, occurred in Lincoln last Wednesday. Mr. Keefer was employed by the Independent Telephone Co., at this place for some time. His parents are residents of Eagle, and have charge of the Eagle hotel. Miss Walker is the daughter of Mr. and Mrs. Allen Walker and is one of Cass county's excellent teachers, having had charge of a school near Eagle the past several months.

Joseph Lynn and Shep Good were in Kansas City last Friday to look for Joe's stolen horse, which they thought might be with a lot of horses that were shipped there. They had a nice trip but heard no news from old Prince.

Nathaniel Harless has been very sick several days, but there seems to be some improvement in his condition. His age and infirmities resulting from hardships during his service in the army have rendered him almost a physical wreck.

Another of our old settlers has passed away. William H. Royal died on Saturday, May 9, at the home of his son-in-law J. B. Seybolt, two miles northwest of here. He was 80 years old, and had been a resident of this county since 1856, at which time he located at Rock Bluffs and followed the carpenter trade. He had accumulated considerable property, and was a kind father, a noble man and a good citizen. The funeral services were held on Monday, conducted by Rev. Swager, and the bearers were J. W. Edmunds, F. M. Young, D. J. Pittman, James Root, Henry Long, and John Thomason. Deceased leaves two children, Wm. A. Royal and Mrs. J. B. Seybolt.

Mrs. Wonderlich was in town Saturday in her horseless carriage. If any of you people with fast steppers think you can go around her just try it once.

Judge Spurlock was in town on business, Thursday, but failed to find the Register office. If his congressional boom was about to sprout, we'll bet a big red apple he would find every newspaper office when he was in town.

At the last meeting of Nehawka Masonic lodge, the following officers were elected for the ensuing year: Vilas P. Sheldon, Master; C. D. St. John, S. W.; A. F. Sturm, J. W.; J. M. Stone, treasurer; J. A. Pollard, secretary; L. E. Stone, S. D.; T. J. O'Day, J. D.

making their headquarters at Henry Pollard's old office, and will get everything in readiness so the wires can be strung quickly when the poles are all set.

Lee Carper returned from Oklahoma Monday night. He sold his car of potatoes without any trouble. He says the Cass county colony is well, happy and prosperous. Our old friend and neighbor, George Young is the owner of 600 acres of very fine land. He keeps a fine driving team and no Nebraska man has to walk down there. He took Lee over his farms and showed him wheat and alfalfa knee high; also trees bending with apricots and peach trees as full as the limbs could carry. The apple trees were full as they could hang. George lives one mile from Alva, and the territorial normal school is half way between him and town. He is happy as a king and prosperous.

Our public schools close today. The past year has been a very successful one and the patrons of our school have only words of praise to give the teachers who so successfully taught the different departments.

Sturdevant, pastor of the First Baptist church of Ashland, at the home of the bride's parents near this place on Tuesday. A few friends of the contracting parties were present. These young people are very highly respected by all who know them and have the best wishes of the News and a host of friends for their future happiness and welfare.

Mynard

Special Correspondence.

Corn planting is nearly all finished. J. F. Cook and W. D. Wheeler went to South Omaha on Monday evening with a car of J. F.'s cattle, returning home Tuesday evening. We did not learn what they sold for, but enough to pay for the corn they eat we think, and "then some."

Henry Hirtz is hauling 3000 bushels of corn to Mynard in the last four days, and the price makes Henry smile, and smile.

Mrs. J. F. Cook is again on the sick list, and Dr. Brendle was called on Wednesday.

Phil Cook has just about come to the jumping off place in his corn planting career for this year.

J. M. Kiser has disposed of his Mynard store building, and all his interests in Mynard to Mr. Allen Land, who will take possession on June 15th. In the mean time J. M. will be found at the old stand, and let others stand under, as all the goods on hand go at cost. So come one, come all, while they last, as this is a bona fide sale, and no monkey in the woodshed. Read his ad in another place.

The Courier expects to open up a "Knocker" department in the near future and give everyone who has a kick coming on anything in the radius of forty miles of Louisville to express their opinion. Get your kicks ready and send them to the fighting editor before June 1st. Make it short and to the point but don't get personal.

H. B. Ware, brakeman on B. & M. local freight No. 30, met with an accident at the clay pit Wednesday that will probably lay him up for some time. As near as can be learned he was hanging to the side of a box car and in passing the clay pit dump was struck in the back with a projecting timber. His right side and hip was injured and he received an ugly cut on his head. Dr. Thomas was called to dress his wounds and he was sent to the company hospital at Lincoln.

TAKE OFF YOUR HAT TO AN OLD FRIEND.

Mexican Mustang Liniment

Its Year of Jubilee has come. Sixty years of faithful service to Man and Beast entitles it to A GRAND DIAMOND JUBILEE. Your sires and grand sires used Mexican Mustang Liniment because it healed their hurts and cured the ills of their domestic animals. What Mexican Mustang Liniment did for mankind and brutes kind 60 years ago it does to-day. It has always cured and always will cure any and everything that a good, honest liniment can cure.

All Sorts of Horse Flesh

are all subject to all sorts of Sprains, Bruises, Flesh Wounds and other ills. Most owners know that Mexican Mustang Liniment is the most effective horse medicine that ever penetrated flesh. It is the best investment an animal owner could put money into. It soaks down through the muscles. No liniment cures unless it penetrates the fevered and swollen muscles right down to the roots of the trouble. Mexican Mustang Liniment penetrates more thoroughly than anything that was ever created in a chemical laboratory. The deepest, most stubborn and most intense pain in man or beast can be reached and routed by the use of this good old time-tried liniment. Cures the hurts of anything that walks. If your horse has a stiff joint, a harness sore, a cut or bruise, Mexican Mustang Liniment will cure it. If your cow has a hump, a caked udder or sore teats it will cure it and restore her to health and usefulness. If your poultry has roup, frozen comb, rheumatism, scaly legs or any disease of the flesh or bones Mexican Mustang Liniment will cure them. What it has done in thousands upon thousands of instances justifies these claims.

Two things needed in lameness. What Lameness, Stiff Joints and other deep-seated ailments need more than anything else is Mexican Mustang Liniment. The next is plenty of rubbing. The rubbing works the liniment away in through the tired and sore muscles to where the pain begins and then the lameness disappears and the pain departs. Three sizes. 25c., 50c. and \$1 a bottle. Sold everywhere.
