PURITY, STRENGTH, AGE AND QUANTITY
ON EACH BOTTLE.

CHAS. THIEROLF
PLATTSMOUTH, NEBRASKA

The Best Whisky!
is the Cheapest
in the End!

Poor Whisky is not only disagreeable to taste, but undoubtedly injurious to the stomach. A little good Whisky is a fine tonic and helps instead of harming. Such Whiskies as Yellowstone, for instance, will do you just as much good as a doctor's prescription. If you don't know how good it is, come in and try it.

PRICES:

Guckenheimerkye, per gallon, \$1.00
Yellowstone, " " " " " 4.00
Honey Dew, " " " " " 3.00
Big Horn, " " " " " 2.50

New Train Service
— BETWEEN —
CHICAGO, MILWAUKEE & ST. PAUL RAILWAY
— AND —
OMAHA AND CHICAGO

Chicago, Milwaukee & St. Paul Railway
1504 Farnam St.

TICKETS:
3 Daily Trains Each Way

The number of trains operated between Omaha and Chicago via the Chicago, Milwaukee & St. Paul Railway has been increased to three daily fast trains each way. These trains are magnificently equipped with palace sleeping-cars, dining-cars, and free reclining-chair cars. The trains are solid, wide vestibuled, heated by steam, and are lighted by kerosene gas and electricity. Nothing finer moves on wheels. The service on the dining-cars is perfect.

Leave Union Depot, Omaha:
The Limited 8.05 p. m.
Eastern Express 5.45 p. m.
Atlantic Express 7.45 a. m.

F. A. NASH,
General Western Agent, OMAHA.

house. The boiler had about twenty holes knocked in it and went out of the business in a hurry. It is supposed there was a dynamite cap in the cobs.

Union

From the Ledger.
Mrs. A. J. Lowther was called to Weeping Water last Friday by the serious illness of her sister.
Ray Frans left on Tuesday for a two weeks outing in Oklahoma, and will visit relatives and hunt bears and fish until he gets tired of the sport. He also expects to scalp a few Indians before he returns.
Uncle George W. Grimes, who has been confined to the house a great deal of the time for the past year, was able to come to town last Saturday. His many friends were much pleased to see him out again, and hope he may fully recover.
Earl Pickett's dray team took a sudden notion to try their speed last Saturday morning, and made a good start for the North Pole, but a half mile above town Amos McNamee's red shirt almost frightened them to a stand still. No damage was done, and Amos didn't lose one drop of blood in being a hero.

The deal was consummated Wednesday evening whereby the yards and stock of Edwards & Bradford Lumber company in this village passed into the hands of new owners, the purchasers being J. A. Nicholson and W. E. Banning. The change will take place next Monday morning, when the new firm will take full control as owners. The transfer includes everything connected with the lumber business here, also the residence property occupied by Mr. Nicholson. The people of Union and vicinity will be pleased by the change, for the reason that it puts this line of business in the hands of men who are interested in the advancement of the town, men who are known to be energetic and entitled to the confidence and patronage of those who have had social and business relations with them heretofore.

Eagle

From the Beacon.
Born to Mr. and Mrs. Fred Schroeder, Saturday, a girl.
Mrs. G. W. Verner who has been very sick the past two weeks is much better.
A few days ago while working in the field Will Burdick plowed out an old Indian hammer.
A baby boy arrived Saturday night and will make his future home with his parents, Mr. and Mrs. Wm. Knapp-ton.
Grandpa Umland's eyes are much better now than they have been for some time, he being able to walk up town alone.
Mr. and Mrs. H. H. Bronson and son departed Saturday morning for Missouri, where they will spend a month with friends and relatives.
Mrs. Trunkenbolz who has been very sick the past four or five weeks is now able to be up a part of the time.
Mrs. James Ferguson of Kingfisher, Oklahoma, departed for her home Monday after an extended visit with friends and relatives near Eagle.

Mr. and Mrs. C. Wetenskap, jr., are the proud parents of a baby girl which came to their house last Saturday, so says Dr. Thomas.
Mr. J. J. Blodgett came home Saturday and packed up their household goods and on Monday with his family, left for Calhoun, Neb., where they will make their future home. The best wishes of their many friends go with them.

Greenwood

From the News.
Mrs. Cheuvront, who has been at Lincoln having an operation performed on her eyes, returned home last night.
Promoters of the electric railway, that is to be laid through here this fall some time, were in town on business Monday.
Mrs. McLease, daughter of Mr. and Mrs. Coleman, came in last night from Alliance to spend a few days with her parents.
J. L. Polk, mail clerk between Omaha and Denver on the B. & M., was in town Tuesday visiting with his sister and family. While in town Mr. Polk dropped in at the News office and made us a short call. We are glad to notice that he has been promoted in the service to class No. J, which is the same class that Mr. Armstrong and Mr. Marshall are in.
J. C. Stevenson lost a fine horse Tuesday. He was out in the field listing with four horses hitched to the lister. The two horses on the inside are the ones that the lines are attached to while the horses on the outside are checked. The horse on the right side became uncheckered and started around the others and in so doing caused one of them to fall back onto the lister, being terribly cut. It died in a very short time, before Mr. Lane, the veterinarian could arrive. This is quite a loss to Mr. Stevenson as it was one of his most valuable horses.

Louisville

From the Courier.
The little child of Mrs. John Gobel has been quite sick the past week with the measles.
A number of our town's people drove out to Jim Ferryberry's farm home last Sunday and spent the day.
George H. Wood, the blushing young cashier of the Bank of Commerce, went to Lincoln Thursday and met with the State Bankers' association and others.

Henry Stander of Sout., Bend was in town Thursday buying farm implements. Mr. Stander has his corn, ninety acres, all planted and says the ground is in good condition.

Otto Becker has purchased one of the best located saloon properties in Council Bluffs and will take charge June 1. Mr. Becker will not move his family away from Louisville, however.
Louisville would prefer to be a little dry this year than to be as wet as some of her sister towns, Plattsmouth or Papillion for instance.
The little four-year-old girl of Oscar Knutson poured a gallon of kerosene in a stove and had spilled the oil all over her clothing and was searching for a match when her mother came in. The little one would no doubt have been burned up had her mother not discovered what she did.
George Frater and family left Tuesday evening for Independence, Oklahoma, where Mrs. Frater and her two children will spend the summer with her parents. Mr. Frater will remain two or three weeks with hopes of the change benefiting his health. The drug business is in charge of Harry Evans of Weeping Water during Mr. Frater's absence.
The proper thing for Louisville to do now is to organize a stock company and build a flouring mill. Such an institution, if properly managed and backed up by the merchants, would pay good interest on the money invested, besides being of great benefit to the town.

Elmwood

From the Leader-Echo.
Mrs. H. L. Clapp has been quite sick this week with malarial fever.
Mrs. Henry Bornemier's daughter hay typhoid fever and is quite sick.
The little four-year-old son of Will Stokes fell Tuesday night, breaking bones of his left arm just below the elbow.
Dr. Timothy Todd, of Plattsmouth, called on his many Elmwood friends this week. Tim is now a full fledged tooth manipulator and has opened up an office at Plattsmouth.
Will Urban met with a very severe and painful accident Saturday, while working in the field with a riding lister. He reached down while the lister was running to pull out a corn stalk, when his left hand was caught in the cog of the lister and terribly mangled. He immediately drove to town and Doctor Neely amputated the little finger close to the hand. The rest of the hand is terribly mangled, but the doctor has hopes of saving it.
The many friends of Fred Sellers, an old Elmwood boy, but of late years a resident of Montana, near Decker, will be shocked to hear of the death of his wife, which occurred last week from typhoid fever. Two or three days later, his little daughter aged about five years, died from pneumonia, and his oldest boy now lies at the point of death with pneumonia. Mrs. David McCaig, a sister of the stricken husband and father, left for Decker Monday evening. Fred has the deep sympathy of his many friends here.

Maple Grove

Special Correspondence.
Mr. and Mrs. W. H. Puls and Laie Puls were among the Plattsmouth visitors last Thursday.
Mr. and Mrs. Henry Wenke and family, were Louisville visitors Saturday and Sunday.
Born to Rev. Spreigel and wife, May 20th, a baby boy.
This locality is getting its share of the rain now, quite a little corn has been washed out and corn planting starts in fresh again.
Quite a number of friends visited the home of William Puls and family Sunday. Among them were Mr. and Mrs. P. A. Hild and family, Mr. and Mrs. W. H. Puls, August and Annie Engelkemier, Alfred and Herman Gansmeier.
Mr. and Mrs. Jackman, of Louisville, visited with Mrs. Schafer and family Sunday.
William Puls and Schafer Bros. shipped cattle to South Omaha Monday.
Mr. John Beck returned from his ranch Saturday after a few weeks' stay.

Mynard

Special Correspondence.
Query: What is worse than too much rain? Answer: More rain.
This is the situation: Corn planted mostly washed out, or buried beyond redemption.
Rain every day, and then rain at night, morning, noon and eve. How long, O Lord, how long?
Many farmers say that they will not try any more planting until the rains call a halt. The season is getting to be late, too.
Four Mile creek's cup of happiness has been full to overflowing six times in the last ten days.
Everybody says, "more rain, more rain." Phil Cook says it is enough to make a man leave his wife—this thing of rain.
There is some talk of a boat house being built here by a company of capitalists in the near future.
We had a few items for the Journal, but the Journal will have to be content with a few "drowned" ones this trip. One item of interest is the tale of a farmer who tells of a spot of ground on his farm, twenty by thirty feet, on which there has no rain fallen in all this season, the ground being dry, and even dusty.
No one can say Mynard items are dry this week. YU No 9

Murray

Special Correspondence
The adjuster for the German Mutual Insurance Company, was in Murray Monday fixing up the damages on Ottis McNurlin's house which was struck by lightning several nights ago. Ottis is well pleased with the company's treatment.
George Woods, who was operated on by Dr. Allison, of Omaha, last week, is getting along nicely and will soon recover.
The damages to crops from heavy rains has been great in the vicinity of Murray.
James Holmes and wife were in Omaha Monday.
Charles Philpot, F. M. Massie, Fred Schaffer and Wm. Puls all shipped cattle from here the first of the week.
John Beckman has lost several of his fine cows from green clover. Numerous reports of this kind have come in from the farmers. Care in keeping them from the pastures would avoid this great loss.
Mr. J. M. Stone, of Nehawka, spent several days with his son Charles last week, returning home Monday.
Edgar Marks is sorely distressed this week. His pet coons have crawled up between the plastering and siding of his house and he cannot re-capture them without tearing down the building.
John Young sold his fine black team this week to an Iowa man for \$300.00. This was a fine team and also a fine price.
J. A. Walker purchased a beautiful Stanhope buggy in Omaha this week.
Rev. Swager left for Tarkio, Mo., Monday to attend a ministerial conference this week.
Many of the bridges on the roads out from Murray are in a very dangerous condition, due to the heavy rains. Some roads are impassable.
Mrs. Henry Shoemaker and son from near Nehawka, drove through here Monday on their way to Plattsmouth.

Mexican Mustang Liniment

Its Year of Jubilee has come.
Sixty years of faithful service to Man and Beast entitles it to
A GRAND DIAMOND JUBILEE
Your sires and grand sires used Mexican Mustang Liniment because it healed their hurts and cured the ills of their domestic animals. What Mexican Mustang Liniment did for mankind and brute kind 60 years ago it does to-day. It has always cured and always will cure any and everything that a good, honest liniment can cure.

All Sorts of Horse Flesh

are all subject to all sorts of Sprains, Bruises, Flesh Wounds and other ills. Most owners know that Mexican Mustang Liniment is the most effective horse medicine that ever penetrated flesh. It is the best investment an animal owner could put money into.

It soaks down through the muscles.

Loziment can cure unless it penetrates the fevered and swollen muscles right down to the roots of the trouble. Mexican Mustang Liniment penetrates more thoroughly than anything that was ever created in a chemical laboratory. The deepest, most stubborn and most intense pain in man or beast can be reached and routed by the use of this good old time tried liniment.

Cures the hurts of anything that walks.

If your horse has a stiff joint, a harness sore, a cut or bruise, MEXICAN MUSTANG LINIMENT will cure it. If your cow has a hurt, a caked udder or sore teats it will cure it and restore her to health and usefulness. If your poultry has roup, frozen combs, rheumatism, scaly legs, or any disease of the flesh or bones MEXICAN MUSTANG LINIMENT will cure them. What it has done in thousands, upon thousands of instances justifies these claims.

Two things needed in lameness.

What Lameness, Stiff Joints and other deep-seated ailments need more than anything else is MEXICAN MUSTANG LINIMENT. The next is plenty of rubbing. The rubbing works the liniment away in through the tired and sore muscles to where the pain begins and then the lameness disappears and the pain departs.

Three sizes. 25c., 50c. and \$1 a bottle. Sold everywhere.

WHOLESALE SUPPLY HOUSE **Opposite New Post Office** OMAHA

The Plattsmouth Journal

Weeping Water

From the Herald.
Born to Mr. and Mrs. Addison Sunday, May 17, a girl.
John Behling living five miles south-west, is building a fine large new house.
Dr. Fate has been caring for one of A. L. Ralston's children sick with the whooping cough, and a child of John Fowler, that had its eyes very much inflamed from poisoning.
Dr. Allison of Omaha, was here last Thursday, in consultation with Dr. Hungate in the case of J. W. Rulge, who is a sufferer from neurasthena, and is in very bad condition.
There is consolation in the fact that blackberries and raspberries are showing prospects of a bountiful yield, as well as strawberries that did not blossom too early.
An M. P. surveyor was in town Monday, and was looking over the company's land near Nehawka, in search of a suitable quarry. He says he finds it a hard matter to get one near the track.
To Mr. and Mrs. S. S. Hitching on Thursday, May 14th was born a son. A bran new union cigar maker. He's "Straight" and a "Special," and will in time be an "A. O. U. W." but there will need to be some stripping done in the meantime.
O. T. Wilson expects to leave this (Wednesday) evening for the old soldiers' home at Leavenworth. Mr. Wilson does not expect as we understand, to stay permanently, but remain a few months under the care of the home physicians.
Died at her home three miles southwest of Weeping Water, on Sunday May 17th at 2 p. m., of internal hemorrhage of the left falopian tube. Mrs. Chris Johnson, aged 29 years. Mr. Johnson has the deep sympathy of a host of sympathizing friends, who have known him and his estimable wife for years, and who loved her for her real worth and affectionate ways.
From the Republican.
T. C. Kunkle's little boys were unfortunate last week; Leslie sprained his ankle and Harold had a badly sprained wrist.
Mrs. Lena Fleming who has been suffering with rheumatism was out and around had a relapse on Sunday and is seriously sick.
The pontoon bridge at Plattsmouth is open again for travel. The bridge is a great help to the business of our county seat. The Iowans along the bottoms do their principal amount of trading there when they can come across the bridge.
Mr. and Mrs. McGrady received a

Dispatch Tuesday morning from their son John

which stated that he was married at Ravanna on Monday, May 18, to Miss Clara Penn. They are at home at Weaverly where John has been stationed for the past year.
Announcements have been received here of the wedding of Miss Julia Bessie Torrence daughter of Mr. and Mrs. O. M. Torrence to George Elmer McDermid, which was solemnized on May 5, at the home of both parties in Mission, Washington, where they are at home to their friends.
T. H. Pollock, manager of the Plattsmouth telephone company is in town today. He says they have a gang of six men setting the poles on a farmer's line and they are within four miles of town and are coming this way. The company has a big covered wagon and a cook of their own so that the men are boarded and lodged where they work.
H. J. DuBois of New York, arrived here Friday to look after his property interests in Weeping Water, Nebraska City and Union. It has been three years since Mr. DuBois paid his last visit to Nebraska and he says he notices many favorable changes in the growth of our city. He went to Nehawka to spend Sunday with his old friend, Lawson Sheldon.
Nehawka
From the Register.
Carl Stone is breaking a colt these days, and incidentally getting back his old time muscle.
Uncle Will Chapman says he saw the first potato hulk the other day: It was inquiring the way to a potato patch. Uncle Will set his heel on it and it lost all interest in potato patches.
A lot of Charlie Banning's cattle got on the clover the other day and were badly bloated from eating the green clover. One died, but he thinks the others will pull through.
A dead bone was removed from the foot of Tommie, son of M. P. Wheelton, Monday. Tommie stepped on a nail last July, and has had trouble ever since. He stood the operation nicely, and will probably have a good foot.
Miss Edith Johnson closed her school in the Sturm district last Friday with a nice program and picnic dinner. We understand she is engaged to teach the re-again the coming year, which certainly speaks well for her teaching qualities.
Chas. Banning and H. G. Stong were in Greenwood, Friday to meet the county committee of Woodmen to arrange for the county annual log rolling. Later: The next annual log rolling was located at Greenwood.
Mrs. Sigler was heating some water in a wash boiler the other day, when there was an explosion that shook the
