NEW POPE REIGNS

CARDINAL SARTO ELECTED ON SEVENTH BALLOT

ASSUMES HIS TITLE AT ONCE

Announcement of Choice Being Made Received with Great Enthusiasm—He Appeared Outside of the Basilica and Blessed the Populace.

ROME.—Cardinal Sarto, patriarch of Venice, has been elected pope. Cardinal Macchi, secretary of apostolic briefs, announced to the crowd assembled before St. Peter's that Cardinal Sarto had been elected pope, and that he had taken the name of Pius X. The troops on duty immediately lined up on the piazza and presented arms.

Announcement of Cardinal Sarto's election was received with wild enthusiasm by thousands of people who had gathered outside of St. Peter's. The scene within the basilica when the pope pronounced his benediction, was one of unparalleled excitement and enthusiasm. Thousands of persons within the cathedral cheered and waved their hats.

Ten minutes after 12 o'clock Pope Pius X appeared inside the balcony of the basilica and blessed the populace, amid the acclamations of the enormous crowds assembled upon the piazza.

Pope Pius X, who was Cardinal Giuseppe Sarto, the patriarch of Venice, was at one time regarded as Pope Leo's personal choice for the succession to the chair of St. Peter. His name suddenly sprang into prominence a year ago in connection with the names of Rampolla, Vannutelli and Gotti, as among the cardinals most apt to win the high place.

He was born in 1835 and made patriarch in 1891, being proclaimed cardinal two years later. He is a great preacher and fairly well known as a writer, and he has the reputation of accomplishing all the works that he has undertaken. He is a member of the congregations of Bishops and Regulars, Sacred Rites, Indulgences and Sacred Relics and Sacraments.

Cardinal Sarto, probably the most able administrator of the Italian episcopacy, combines firmness and determination with abundant tact and common sense, and has managed to inaugurate a number of very practical reforms in his archdiocese of Venice without giving offense either to the clergy or to the laity.

He avoids all newspaper notoriety. Indeed, his name is rarely mentioned in the press. He has always understood how to maintain an agreeable, yet dignified "modus vivendi" with the Italian authorities, from which he derives his stipend, and has shown his enlightenment by the vigorous campaign which he has carried on against the veneration of relics of questionable authenticity.

He is on friendly terms with the members of the reigning house of Italy, during the late reign took part with King Humbert and Queen Margherita in the launching of a man-of-war, at Venice, as well as in other ceremonies at which they were present, and would certainly be a most agreeable choice as pope to the present ruler of Italy.

SCHWAB QUILTS TRUST.

Resigns Position of President of the Steel Corporation.

NEW YORK.—The resignation of Charles M. Schwab as president of the United States Steel corporation was tendered and accepted at a meeting of the directors Tuesday. William E. Corey was elected as his successor.

Mr. Schwab's resignation caused no surprise in financial circles, where it had for some time been foreshadowed. The new president was for years one of Andrew Carnegie's ablest lieutenants and is now president of the Carnegie Steel company, one of the subsidiary concerns of the United States Steel corporation. It is scarcely more than a month ago that Mr. Corey was made assistant to the president because of Mr. Schwab's continued ill health.

Dinky, superintendent of the Edgar Thomson Steel works at Braddock, is reported to be slated to be the new head.

His death was due to heart disease. Dr. Vanderlip was born in Argyle, N. Y., in 1832.

ENJOYS GREAT POPULARITY.

How the Newly Elected Pope is Regarded.

ROME.—Cardinal Sarto, the new elected pope, enjoys great popularity in his diocese, and is honored by all for his purity, for the strict uprightness of his life, and for liberal ideas. He is a modest and agreeable man, highly cultivated, very kind hearted, still strong and robust in spite of his 68 years. He has never taken great part in the political and public life of the church, but divided his time between study and good works.

Although most faithful to the Holy See, he was presented to the king and queen of Italy in Venice. He may be considered among the more liberal members of the Italian episcopate and sacred college. He is rather timid in expressing an opinion. It is said that Leo XIII always thought very highly of him, and sided with him on one occasion when Sarto disapproved of Rampolla's policy.

He has been known for many years as one of the greatest preachers in the church. While Prince Chigi, the master of the conclave, was drawing up the official act of the election and acceptance of the newly elected pope, the latter, surrounded by his friends, disappeared into a small room near the altar, where he donned with feelings of triumph and humility the white robes of his office. Pius X was assisted by his conclavists, who first knelt and kissed his master's hand and thus received the first apostolic blessing given by Pius X.

The new pope was attired all in white, with the exception of red shoes, which was quite regular, but he did not stop to remove the red cardinal's stockings for the white papal ones, and these showed as he raised his gown to move forward.

When he was quite robed, the secretary of the conclave, Mr. Merry del Val, kneeling, offered him the papal white cap, amid breathless silence. He did not follow precedent created by Pope Leo, who declined to give his red cap to the master of ceremonies, as a sign that he would soon be created a cardinal, but with a slight smile, Sarto took the white cap, placed it calmly on his head and dropped the red one lightly on the head of Mr. Merry del Val, amidst a murmur of approval. This was taken as a certain indication that the happy recipient is to be raised to the cardinalate.

GERMANY LIKES NEW POPE.

Election of Sarto Proves Very Acceptable.

BERLIN.—The election of Cardinal Sarto as the new pope was made known here at 1 o'clock Tuesday afternoon, through extra editions of the newspapers, which were eagerly read.

The Foreign Office at that hour had no confirmation of the news, but regarded it as probable, it having been learned that Sarto had strongly increased his vote yesterday. Replying to the question whether the election was acceptable to Germany, a representative of the foreign office answered:

"Unqualifiedly so from an official viewpoint. Sarto is a mild man and has never been active politically."

In other quarters, it was remarked that Sarto is the only Italian cardinal whom the king of Italy received. His repeated visits to the king and his aversion to politics are regarded as an auspicious sign for the triple alliance.

FRANCE APPROVES CHOICE.

Removes Fear that New Pope Might Be Reactionary.

PARIS.—The election of Cardinal Sarto as pope has created a distinctly favorable impression in governmental quarters here, removing the fear that the office might fall upon a radical or reactionary candidate. The Foreign office received the first information of the election from press sources, the news spreading rapidly among the officials and causing widespread comment.

Although not espousing any particular candidacy, official feeling has been favorable to one who would continue the conservative policy of the late pope.

NINE ARE CAUGHT

INDICTMENTS AGAINST ALLEGED POSTOFFICE CROOKS.

NAMES OF THE TRANSGRESSORS

Contractors Said to Receive Straps from Government and Charge Them Up—Machen, McGregor and Two Lorenzes in the Deal.

WASHINGTON.—Seven indictments were returned Friday against nine persons in connection with these postoffice scandals. Of these several had been previously indicted on other charges. Those indicted:

August W. Machen, formerly general superintendent of free delivery.

John T. Cuppen, mayor of Lock Haven, Pa.

William C. Long of this city.

William Gordon Crawford of this city.

George E. Lorenz of Toledo, O.

Martha J. Lorenz, wife of above.

Maurice Runkel of New York city.

Thomas W. McGregor, formerly chief of the supply division of the rural free delivery service.

Leopold J. Stern of Baltimore.

With the exception of Crawford all the above are indicted for conspiracy. The indictment against Crawford is for presenting a false claim against the government.

Crawford came into court voluntarily in the afternoon and was released on \$10,000. Long was brought in on a bench warrant. Arrangements for his bail are now being made.

Machen, Cuppen and Long are named jointly in one indictment for violation of the conspiracy section of the revised statutes. The indictment declares that between July 1, 1897, and July 1, 1901, Cuppen induced Machen to give him the contract for painting letter boxes, package boxes and posts, and that Cuppen painted these boxes in Reading, Albany, Scranton and many other cities, and in addition painted 17,711 boxes at the box factory at Reading, Pa., and 2,048 package boxes at the box factory in Cleveland, O. Cuppen paying Machen a commission of 10 a box, Long acting as an intermediary.

Another indictment against Stern, Long and Machen, based on alleged violation of the same statute, alleges that Stern entered into a contract with the government to furnish letter carriers and collectors satchels for the free delivery service, the satchels to be supplied in each case with a leather shoulder strap. The cost of each of these straps to Stern would amount to 25 cents. The indictment says Machen, in his official capacity, was to procure shoulder straps at the expense of the United States and deliver the same to Stern to be used by him in the performance of his contract, thus enabling him to save 25 cents on each satchel delivered to the government. It is further alleged that notwithstanding this Stern was to charge the full contract price for each satchel and that a portion of his savings was to be retained by him and the residue paid to Long to be divided with Machen.

Commission Company Attached on a Claim of \$40,000.

ST. LOUIS, Mo.—An attachment is sued by the United States circuit court was served on the Merchants' Brokerage and Commission company by United States Marshal Dorsey, who immediately took possession of the commodious offices. The company occupied the office suites formerly occupied by the John J. Ryan Turf Investment company, which failed early this year during the expose of the get-rich-quick concerns.

The suit on which the attachment was issued was filed in the United States court Friday by attorneys representing William Wilmorton of Preemption, Rock Island county, Illinois, a wealthy land owner, who is 83 years of age, to recover \$40,000 alleged to have been invested. It is asserted that the operations of the commission company were similar to those pursued by the turf investment companies, which recently failed here, and that the company had customers all over the country.

VOLCANO IS IN ERUPTION.

Clouds of Black Smoke Issue from Colima.

MEXICO.—A dispatch from Colima Sunday morning states that the Colima volcano is in eruption. Great clouds of smoke are issuing from the volcano and are being carried to the northeast by a strong wind from the sea. It is believed that another overflow of lava has occurred, but the dense smoke that surrounds the mountain makes it impossible to determine exactly what has happened.

The outbreak has been accompanied by loud detonations. Information from the surrounding districts is to the effect that rumblings and underground shocks have been felt during the past twenty-four hours. No reports of serious damage have been received, but the people in the nearby villages are greatly alarmed and many have left for other districts.

In case this demand is refused a mandamus will be sought before the supreme court of the United States. Should one be granted and disobeyed, contempt proceedings will be begun. THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City.

SOUTH OMAHA.

CATTLE.—There was a small run of cattle and for the week receipts have been moderate. Taking the month of July as a whole, however, there is an increase over July, 1922, amounting to about 8,500 head. This increase has been brought about by the large supply of corn-feds coming forward, as there were a good many range cattle marketed the last half of July a year ago, while this year there have not been enough range cattle on sale to make a market. The beef steer market could safely be quoted fully steady. In a good many cases the more desirable grades sold a little higher. As high as \$5.30 was paid, as against a top of \$5.35 yesterday, but the cattle sold were not as good. The top price a week ago was \$5.25. The cow market was quite active, and the more desirable grades sold readily at steady to strong prices. The common kinds were more or less neglected the same as usual, with prices uneven, but still on the average they sold to fully as good advantage as they did yesterday. Everything on sale was disposed of in good season. Hogs, veal calves and stags were in light supply and the market could not be quoted anything but steady.

HOGS.—Heavy hogs sold largely at \$5.00 and \$5.02 1/2, with some very heavy weights going as high as \$4.95. The mixed weights went largely at \$5.02 1/2 and \$5.05, with the choice light weights and the late sales selling largely from \$5.05 to \$5.10. Trading was not very active at the start, but the close of the market was quite brisk and an early clearance was made. The supply of hogs during the month of July has been very liberal, as there is an increase over the same month of last year amounting to about 36,500 head.

CHICAGO.—Three million dollars worth of property has already been unearthed by Executor Edwin A. Warfield as belonging to the estate of Colonel George T. Cline, the eccentric Chicagoan who died on July 7, and whose will has recently been admitted to probate. Until the examination of Colonel Cline's thousands of letters and papers is complete it will not be known how much more the estate is worth, but it is said to be possible that it will approximate \$6,000,000.

MONEY OF THE POPE TOLD.

Big Sum Said to Have Disappeared From a Chest.

ROME.—The scandal over the reported mysterious disappearance from the pope's chambers of the father's man's ring was quickly hushed up. It was revived Thursday night, however, over a report that a sum of 20,000,000 lire (\$4,000,000) has disappeared. The amount was understood to be in a treasure chest and largely composed of 1,000 lire gold pieces. It was last known to be in the secret repository in Pope Leo's private chambers. To this place necessarily few persons had entry and they were for the most part personages of the highest rank at the Vatican.
