Weeping Water

Farl Worley was walking without his crutches Monday and had his shoe on, so his foot is rapidly improving. Martin Kressen is suffering with a bad case of ivy poison. It is in his face and eyes, which are badly swollen and very painful.

Henry Behras reports his wheat going 17 bushels to the acre and 10 to 10 bushels. He finished cutting a good crop of oats on Monday.

Dr. Shannon and wife, J. A. Donelan and wife and J. I. Corley and wife are planning a trip to Lake Okoboji. The fish had better take to the woods.

A lady friend told us this week that if the yolk of an egg was beaten up and put into hard water it would make it soft. The information will come as a great boon to those who have to use hard water for dish washing.

Mrs. Donelan will give a house party next week to a number of young lady friends from Plattsmouth. They are expected Monday and will remain the greater part of the week. The guests at that time will be the Misses Mabel White, Barbara Gering, Verna Leonard, Ella Clark, Dora Fricke and Mrs. Will Clements.

The stone masons have finished their work on the M. E. Church, and the rubbish is being cleared away. The lathers are through with their job and the plasterers commenced work today. The work is progressing rapidly and it is expected that the edifice will be ready for dedication about September 13.

Attorney C. E. Tefft, now that he is able to get out after his long confinement to the house with rheumatism, is doing some hustling among party friends for the county judgeship.

Fred Kroehler and wife of Plattsmouth, and sons Ed and Will, came over Saturday to visit their daughter Mrs. Herman Klietsch. The boys returned Monday, but Mr. and Mrs. Kroehler remained a few days.

Mrs. Bert Rouse and baby of Alvo, came down Thursday to make a farewell visit with her parents, Mr. and Mrs. Turner Zink. Mr. Rouse and family expect to leave in a few days to locate in California at some point near San Francisco, we understand.

Mr. and Mrs. Geo. Stoner are now at McCook, with their son Will and wife. The unfortunate part of the circumstance is that they both have the smallpox and were taken down last Monday. Mrs. Stoner was reported quite sick, but his case was not so severe. They will have to extend their visit about two months longer now.

Will Hudson threshed out 70 acres of small grain and set his machine four times, Tuesday. Who can beat this?

Wheat that is being threshed around here is reported to yield from 10 to 22 bushels per acre. We did not learn how much the oats yield.

One day last week one of Lou Sack's teams ran away with a wagon and succeeded in scattering it over about 50 acres of ground. One horse was quite badly cut by coming in contact with a wire fence.

The German church in the north part of town which was struck by lightning was insured in the Wisconsin Church Mutual Fire Insurance Co. of Merrill, Wisconsin. The full amount of damages was received 5 days after the company was notified.

Prof. J. W. Gamble, of Union, candidate for county superintendent on the republican ticket was in town Wednesday morning, shaking hands with old friends. Mr. Gamble is the right man for that place and we believe he stands a good show of getting there.

Last Friday Ivan Burdick picked a pimple open on one of his limbs and on Saturday night, had a well developed case of blood poison. By the timely assistance of medical aid he was relieved and was able to return home Monday evening. It was a close call for Ivan as amputation of the limb would have been impossible.

Miss Linnie Frank, of Madison, Mo., arrived here Tuesday to make a few

weeks visit with the many friends she has in this village. As this place was her home for several years she finds that her visit here is one of much pleasure.

Dr. E. S. Dungan and wife will soon be "at home" in the Wallace residence, Mrs. Wallace having decided to rent her property and live in Lincoln. Dr. and Mrs. Dungan are already arranging their household goods in their new home.

Mr. and Mrs. W. C. Carraber will soon be comfortably established in their elegant new residence, most of their new furniture now being arranged to suit their taste, and they will have a splendid home equipped with all modern improvements.

The game of base ball between the officials of Cass and Otoe counties which was billed to take place at Plattsmouth yesterday afternoon, was postponed, and will be pulled off tomorrow. The Ledger bets a rotten tomato that the Cass gang will win, and we'll bet a bushel of gold nuggets that the newspaper fellows of Cass can "pi" either of the outfits, the winner preferred.

Nehawka

E. M. Pollard and wife are in Pennsylvania this week, called there by the death of Mrs. Pollard's brother.

One day last week Lou Todd put up 15 loads of hay, cut 15 acres of oats and plowed 20 acres of corn. This is only a sample of what he does every day. A busy man and a busy place.

Reddie Schoemaker leaves this week for a visit to California, Oregon and Washington. He will stay just as long as he wants to, and realizing that they might not see him again soon, about thirty of his young friends gathered at his home Sunday to say goodbye and wish him bon voyage.

Louisville

Born to Mr. and Mrs. Fred Shrader, Monday July 26, a girl.

The rain of the forepart of the week hatched out several new candidates for county office.

Next year's tax in Louisville will make some people scratch their heads when they go to pay for it. A total of 74 cents on the dollar valuation is what it figures up.

When Atwood & Newell get through digging sand at their new pit on the Robertson place they will have made one of the finest boating lakes in this part of the state. Mr. Robertson says he will then have it stocked with game fish which will furnish Louisville people with all kinds of sport.

Lightning struck Joe Clymer's barn north of town Tuesday night and burned it to the ground.

A. B. Barr is still very low and the prospects of his ever regaining his health are poor. He is gradually getting weaker.

Another million dollar rain fell in this section Tuesday night and farmers and merchants are rejoicing. It came just about the right time as the ground was getting very dry and hard and corn needed rain badly.

After the work was finished a supper was served to which everybody present did justice.

Mr. Eidemiller has many friends here who are pleased to know that he is getting along all right.

Farmers smile and smile. Fine rain and wasn't she a dandy? And the weather, best for crops ever. Groundsoaked with water. Some fall plowing commenced and a good deal of hay made, of which there is a heavy crop.

A. S. Will drove in a herd of 100 fat steers for the South Omaha market on Tuesday, and they were fine ones too.

Land & Crabtree sold to J. R. Vallery a few days ago one of their Dain hay loaders, and J. R. says she is a dandy, and he earnestly recommends them to the public in general, and the state in particular, as they are state agents.

Wm. Richardson has disposed of his fine farm with its 80 acre orchard to Wm. Wettenkamp. We have not yet learned what W. T. intends to do, or where he will go, but the community will sadly miss him and his family.

Jack Lea is right in the saw business for J. R. Vallery, sawing about 50,000 feet of lumber, while for Mr. Perry he will do about the same amount. It is not supposed that there will be any ears of corn grow to saw-log size, but if they do Jack can handle them.

We have just been told by a prominent and we consider reliable farmer, that there will be only a good crop of roasting ears raised this year. One will tell one thing, and someone else will tell you another thing, but go and see for yourself. We have seen, and think a half crop is almost certain.

No oats have been threshed that we have heard of, but the yield we are told will be fair.

The M. W. A. netted about \$30 at their ice cream social on last Saturday evening, in spite of the mix up in the date, there being a larger attendance than was anticipated, but all report a general good time.

R. L. Propst reports wheat yielding about 10 bushels per acre, not coming up to expectations of a short while before harvest. He has not yet threshed any oats.

Your Cedar Creek man says we are complaining of the hot weather, etc., and then he goes off into what he supposes is poetry. We have nothing to say

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle sent to you free, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

about the weather, when he goes into writing doggerel and the wonder is that his town is so long suffering and kind. Surely Cedar Creek has some Christian citizens.

The only political pot yet set to boiling is that of county assessors, and right here we will say: no man should have a life lease on any office or offices. Cass county has a few office-holders who seem to think the public crib is made only for their own noses. Let their noses be shortened, or the people will shorten them, and help them to keep them out. This may apply to both parties in this county or not, but to the democratic in particular. "Look a leedle out. We are not an 'isolated circumstance.'"
