OUR SHIPS MOVE

VESSLS UNDER WAY FOR TURKISH WATERS.

NOTHING LATE FROM BEYROOT

Reports Not Confirmed Are That Minister Leishman Has Requested the United States to Recall the European Squadron from Turkish Waters.

WASHINGTON.—Other than the advices from Admiral Cotton announcing his departure with the cruisers Brooklyn and San Francisco for Beyroot, there were no developments in the Turkish situation so far as Washington is concerned. No additional information came from United States Minister Leishman, Secretary Hay saying he had not heard from our minister to Turkey Saturday.

The orders to Admiral Cotton to proceed to Beyroot will not be canceled, it is authoritatively stated, unless the president so directs. Such an order at this time, however, apparently would not avail anything, as the admiral is now on his way to Turkey.

The Associated Press interview with Chekib Bey, the Turkish minister, at his summer home at Sayville, L. I., was a topic of almost general discussion in official circles. That the minister is manifestly perturbed over the situation of affairs in Turkey is fully realized here.

His uneasiness over the presence of an American fleet in Turkish waters, lest it be taken by the revolutionists as an evidence of the American government's sympathy with their cause, it is thought, will not be a strong enough reason for its withdrawal. The administration regards it as a sacred duty to see that adequate and prompt assistance and protection should be given American interests in the disturbed districts and for this reason feels justified in having the warships sent to Turkey.

ARREST FIVE MEN

BECAUSE OF THE ASSAULT ON OUR VICE CONSUL.

WHAT TURKISH OFFICERS CLAIM

They Say No Attempt Was Made to Assassinate.—Assert that Shots Were in Celebration of a Marriage Ceremony.

CONSTANTINOPLE.—The porte has notified Minister Leishman that five arrests have been made at Beyroot in connection with the shooting which led to the report that William C. Magelssen, the vice consul there, had been assassinated.

The Turkish officials continue to insist that no attempt was made on the vice consul's life and they re-assert that the whole story originated in a feu-de-joie fired on the occasion of a marriage in accordance with customs. Mr. Leishman, however, refuses to accept an explanation without conclusive proof that the judicial investigation continues.

The attempt to burn the American college at Harpoot occurred five weeks ago and apparently was the work of an individual who considered he had a grievance against the college authorities. When Mr. Leishman was informed of the attempt he demanded that the porte protect the American institution and in consequence instructions were sent to the authorities at Harpoot to try in the regular courts the charges against fifty Armenians, accused of trafficking in arms and engaging in other seditious acts.

WASHINGTON.—Chekib Bey, the Turkish minister, has received from the minister of foreign affairs at Constantinople a dispatch giving the Turkish version of the reported attempt on the life of United States Vice Consul Magelssen at Beyroot. It was dated August 30 and originally was sent to the minister's summer home at Sayville, L. I.

After declaring that the report of the assassination of Mr. Magelssen was absolutely false, the dispatch gives a version of the affair practically the same as has been told in the dispatches from Turkey. It says that the pistol was fired by a man returning from a marriage fete, that the shot was fired in the air and that it happened just as Mr. Magelssen was passing in his carriage. This, the dispatch says, led the vice consul to believe that an attempt had been made against his life. The man who did the shooting already has been delivered to the judicial authorities. Chekib Bey's dispatch also asserts that order and tranquility prevail at Beyroot.

The information contained in the cablegram has been furnished to United States Minister Leishman at Constantinople by the Turkish minister of foreign affairs and to Secretary Hay by the Turkish minister here.

WITH CHEKIB BEY

TURKISH MINISTER CONFERS WITH SECRETARY HAY.

HE WOULD SHIFT THE BLAME

He Asserts that Turkish Government Has Done Nothing Wrong, and that His Country is Not Responsible for the Present Trouble.

WASHINGTON.—Chekib Bey, the Turkish minister, had a long interview Monday with Secretary Hay. He refused to discuss the interview, stating that he had nothing to communicate further than what appeared in the Associated Press dispatches Sunday morning.

After the interview Secretary Hay visited the navy department. If the Turkish minister requested that the European squadron be kept away from Turkish waters his request probably cannot be granted, even should this government desire to accede to it, as the navy department states that it would be impossible to communicate with either Brooklyn or San Francisco until they arrive at Beyroot.

Chekib Bey assured Secretary Hay that the Turkish government had done nothing wrong and will use every endeavor to protect American citizens residing in Turkey. He also discussed the conditions of the insurrection in Turkey and said that the Turkish government was not responsible for any of the disasters that had occurred.

Secretary Hay's call upon Acting Secretary Daraling was for the purpose of ascertaining the whereabouts of the European squadron and also what its orders are. There is no intention of changing any orders at present, especially as the ships cannot be reached until they arrive at Beyroot.

No messages of importance have been received from Minister Leishman.

Late dispatches from Minister Leishman give in detail the conditions in Turkey and do not differ materially in tone from those previously sent. Minister Leishman does not, as reported in some quarters, request the withdrawal of the American ships from Turkish waters.

While reports by way of London state that no attempt was made upon the life of Vice Consul Magelssen, official advices so far received show that such an attempt was made. The present status was known before the ships left Genoa and this government did not decide to change the orders.

It is now stated, however, that should there be a calm and peaceful condition at Beyroot when the ships arrive there the matter of sending them to another point will be considered and possibly adopted.

The Turkish minister made no request upon Secretary Hay at the interview regarding the movement of United States war vessels and nothing on this matter was promised by the state department.

WIND IS TOO LIGHT.

Fourth Race Between Reliance and Shamrock III a Fiasco.

NEW YORK.—Azain on Monday the beautiful cup defender Reliance failed to register his third victory over Lipton's challenger because the wind died to nothing and the time limit of five and a half hours expired before it could reach the finish line. Its margin was approximately the same as on last Thursday. It was less than half a mile from the finish when the gun sounded. Shamrock III was a faint blur on the horizon, fully two and a half miles astern. Reliance's failure to score the race was the more exasperating because its ultimate triumph is now conceded even by Sir Thomas himself to be simply a formality.

CONSUL NOT SHOT.

Unsuccessful Attempt Was Made to Kill Him.

WASHINGTON.—A decidedly new turn in the case of United States Vice Consul William Magelssen at Beyroot, Syria, who was reported to have been assassinated last Sunday, developed Friday night when it became known that the report was incorrect and that, although Mr. Magelssen had been shot at, he had not been injured. This report came to the State department in a dispatch from United States Minister Leishman at Constantinople, who said the mistake in making the original announcement was due to a mistake in translating the cipher message to the minister. The dispatch from Mr. Leishman followed closely on the same subject which had been shown to the prominent officials of the government.

The dispatch of the minister was communicated to the president at once at Oyster Bay, but up to a late hour nothing had been heard from him on the subject at the State department. Its contents were extremely gratifying to the officials of the government here, as it relieved the situation of its extreme tension and leaves the way open for an amicable and peaceful adjustment of the incident. Whether or not orders will be given calling off the proposed cruise of the European squadron to Turkish waters is a matter for future determination.

PRESIDENT IS GRATIFIED.

Thankful That Consul Magelssen Escaped.

OYSTER BAY.—President Roosevelt was notified Friday night by a representative of the Associated Press of the incorrectness of the report that Vice Consul William C. Magelssen at Beyroot, Syria, had been assassinated. The president expressed gratification that Consul Magelssen had escaped without injury from the assault of the would-be murderer. He announced, however, that no change would be made in the plans of this government and that the European squadron which he ordered to proceed immediately to Beyroot, would continue to its ordered destination. It can be said that the president and Secretary of State Hay both regard it advisable in view of the present state of unrest in Turkey, to have American war vessels in Turkish waters.

They then rifled the depot of its contents and going hurried to the eating house, held up and took all the valuables from half a dozen men on the platform, employed at the round house, and a part of the train crew. Passengers at the lunch counter scrambled upstairs and blocked the entrance effectively. The bandits then looted the eating house cash register and silverware, doing their work in a cool and collected fashion, after the manner of veterans.
