John Davis, Jr., says his corn is good and he thinks it will turn out better than last year.

It is reported that one of our old time citizens has disposed of his belongings and left the town. Of course it is all right to leave the town for it is quite a proposition to take it away, but he also left his wife to rustle for herself. It may be only a rumor however, and we hope it is.

Division Superintendent C. A. Vermillion was in town Saturday. In speaking of the Missouri Pacific business he said: "If the company did not receive a pound of freight for six weeks they could not get caught up with the work, over 1600 cars were strung along the Kansas territory now waiting to come north. It is impossible to get engines enough to move the cars."

Rev. Moulton was out on his farm last week and had an engagement with bumblebees. In a short time Mr. Moulton was deathly sick from the effects of stings.
