From the Republican.

On Tuesday night about fifteen telephones were burned out during the storm, and an electrician was kept busy repairing damages the greater part of the following day.

J. E. Cleghorn, living north of town, got badly bruised on one day last week by getting crowded by a horse in the barn. He carries his arm in a sling as the result of a lame shoulder.

Miss Maggie Tighe was operated on at St. Joseph's hospital in Omaha, last Thursday. The doctors found the trouble to be appendicitis as they expected, and the worst case they had ever operated on. She is doing nicely which is good news for her friends as her condition was very precarious.

The Masons did some work in the third degree on Monday evening. Quite a number of visiting Masons were present from other towns. At the close of the session refreshments were served in the hall which all enjoyed. The social side of these meetings adds good cheer to the hard work done in the earlier part of the evening.

Died, at his home on Tuesday, November 3, of paralysis, C. D. Sitzer, aged 77 years. Mr. Sitzer has been sick for a number of weeks, having had a stroke of paralysis about a month ago. He gained slowly and his friends were hopeful of his recovery. The funeral will be held at the M. E. church on Thursday afternoon at 2:30 o'clock.

From the Herald.
Last Thursday H. D. Reed made the sale of the John Bourke 100 acre farm south of town to Tom Akesson, for \$90 per acre.

We recommend Henry Gering, of Plattsmouth, as qualified for the position of chairman of the national democratic central committee.

Dr. W. M. Thomas says there was two people made happy last Wednesday, Oct. 28. To Mr. and Mrs. Henry Anderson, living three miles northeast, was born twin boys. They arrived in time but didn't vote.

Henry, Will and George Wenke sold their farm of 120 acres last week to August Englekemeier for \$75 per acre. Henry bought 120 acres near Wausa, Knox county, and Will and George each bought 160 acres in Pierce county.

Wm. Edgar has purchased through Pool & Colbert, the 100 acres of land on which O. D. Smith is farming, owned by Frank and Fred Eaton. It is the southwest quarter of section 34-11-11. Consideration \$8,500. Mr. Smith will likely continue farming it.

A number of our exchanges contain items of a good many people gathering their second crop of strawberries. Nebraska isn't so slow nor her seasons so bad. Even W. H. Pool is making his Sunday dinners on lettuce, and the Herald family have been plucking chickens regular the past two weeks.

Last week Eddie Cappen and Frank Garrison were out trying to live a swarm of bees. The bees were in a tree and they were trying to smoke them out. Garrison was up the tree with a torch, Cappen was below with a handful of powder, a puff, and all was over. Cappen's hand was seriously burned, also his face, but he is now getting more presentable.

Louisville
From the Courier.
And even McBride came up smiling after all that "exposure."
Mrs. Griffin, who has been seriously ill for several weeks, is reported somewhat improved. Her daughter is here taking care of her.
Preparations are under way for a big time at the dedication of the new school building November 16. Particulars will be given in next week's Courier.
As soon as you hear something disreputable concerning your neighbor, run quick and tell all your friends about it. That will make him feel more like taking a brace.
We know just how a newspaper ought to be run if we had money enough to run it with. But if we had money enough to run a newspaper as it ought to be run we wouldn't be darn fool enough to be running it.
Doc Bixby says the feelings of a defeated candidate, who was certain he would be elected, cannot be expressed in words or pictured upon canvas. His soul is a volcano of grief, resentment, despondency and a determina-

SOFT CORE

Like the running brook, the red blood that flows through the veins has to come from somewhere.

The springs of red blood are found in the soft core of the bones called the marrow and some say red blood also comes from the spleen. Healthy bone marrow and healthy spleen are full of fat.

Scott's Emulsion makes new blood by feeding the bone marrow and the spleen with the richest of all fats, the pure cod liver oil.

For pale school girls and invalids and for all whose blood is thin and pale, Scott's Emulsion is a pleasant and rich blood food. It not only feeds the blood-making organs but gives them strength to do their proper work.

tion to get even, and not a moment of glad rejoicing for about seven weeks. Now that election is over let us settle down to business and push for Louisville. The Platte river bridge has been put in repair and with a little hustling Louisville can secure a big trade from our neighbors on the north side. Louisville merchants should remember that the Courier circulates extensively on the north side and that to reach the people of that vicinity there is no better way than to talk to them direct through the columns of the Courier.

She was a member of the Presbyterian church.

Mrs. Christopherson died at her home three and one fourth miles north of Eagle Saturday, of cancer of the stomach, from which disease she had been a great sufferer for some time. She was forty-six years of age, and leaves a husband and six children to mourn her departure. The funeral was held from the home Monday afternoon, conducted by Elder Donegan, of Eagle, assisted by Rev. Jackson, of Eagle. Interment in Camp Creek cemetery.

During the thunder shower Tuesday evening, while Mr. Roettger and family were eating supper, a bolt of lightning descended the chimney and went down through the furnace into the cellar, blowing the furnace door open, knocking off considerable plaster and tearing the wall paper. The family were frightened nearly out of their wits, but were glad to escape as they did, no one being injured and no fire resulting from the lightning.

Union
From the Ledger.

Ducks are getting ripe over on the river, and some of our hunters are wandering in that direction.

The Ledger owes an apology to a young lady of this village because we neglected to mention her arrival last week. The lady referred to is little Miss Roddy, daughter of Mr. and Mrs. J. B. Roddy, and is a fine little baby, born Tuesday, October 27.

Mrs. Mahala P. Graves of Rock Bluffs, mother of the Ledger editor, came last Saturday and visited us until Monday evening. She is one of the oldest settlers, being eighty-two years old, and came to Cass county in 1864, locating at Plattsmouth.

Lute Crawford is having quite a serious time with a very sore left hand. About two weeks ago there appeared a small pimple on his hand, and it began to swell, followed by a bad sore and a case of blood poison. The hand does not improve as he thinks it ought, and he is somewhat alarmed about it.

Dick Conrad went to Louisville last Saturday and called at the well known Heil stock farm, where he selected and bought a very fine Red Poll cow that is a beauty. Dick is commencing a plan to gradually improve his stock and eventually have on his farm the finest and best of blooded stock.

This vicinity furnished another couple of popular candidates for matrimonial honors last Friday, at Nebraska City, Claud Kinnison and Miss Milda Eaton being united by Judge Hayward. They returned to Union on the afternoon train, and that evening a pleasant reception was given them at the home of Riley Eaton east of town, where a number of the relatives and friends assembled and had a nice time. The bride is a daughter of our worthy pioneer citizen John Eaton and is a popular young lady who is highly esteemed by all who have formed her acquaintance. Mr. Kinnison has lived in this vicinity several years, and is an industrious young farmer who has the friendship of many and the company of none. The Ledger joins their many friends in wishing them abundant happiness and prosperity.

The democrats of Avoca precinct are very well satisfied with the results of the election. Although quite a number could have voted a straight ticket and voted for more winners.

Now, as the Journal announces that it will issue a semi-weekly instead of a weekly edition if the democrats will only subscribe for it, and increase its circulation so it will pay, it is the duty of every democrat who is a subscriber, to at least send one new subscription. Wake up, and help the best paper Cass county ever had, and double its subscription list.

Chamberlain's Cough Remedy is Pleasant to Take.

The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Mr. W. L. Roderick, of Polesville, Md., in speaking of this remedy, says: "I have used Chamberlain's Cough Remedy with my children for several years and can truthfully say it is the best preparation of its kind I know of. The children like to take it and it has no injurious after effect. For sale by all druggists."
