14 East 120th St., New York City, Oct. 15th, 1902.  
 DEAR SIR: I had been suffering severely from kidney trouble. All symptoms were on hand; my former strength and power had left me. I could hardly drag myself along. Even my men's capacity was giving out, and often I wished to die. It was then I saw an advertisement of yours in a New York paper, but would not have paid any attention to it, had it not promised a sworn guarantee with every bottle of your medicine, asserting that your Swamp-Root is purely vegetable, and does not contain any harmful drugs. I am seventy years and four months old, and with a good conscience I can recommend Swamp-Root to all sufferers from kidney troubles. Four members of my family have been using Swamp-Root for four different kidney diseases, with the same good results.  
 With many thanks to you, I remain,  
 Very truly yours,  
 ROBERT BERNER.

Decorating Berlin Schools.

The committee of the Berlin town council in charge of the primary schools have taken a novel decision with regard to school decoration. The proposal is to spend 10,000 marks every year for eight years, with the object of painting frescoes on the walls of classrooms and corridors. These pictures will be simple in character and will represent for the most part scenes in German history. Before, however, the plan can be carried out, experiments will be made in three selected schools.

Monument to Bret Harte.

To mark the resting place of the late Bret Harte, in Frimley churchyard, Surrey, there has just been erected a massive and costly monument. The author of the "Heathen Chinee" and "Luck of Roaring Camp" had resided at Frimley for some time prior to his death, which took place early in May of last year. Around the grave have been planted a number of young fir trees. The monument consists of a massive slab of white granite, weighing two and a half tons, on which is placed a block of Aberdeen granite, sloping upward into the form of a cross.

A Physician's Statement.

Yorktown, Ark., Jan. 11.—Leland Williamson, M. D., one of our clearest physicians, has made a statement, endorsing Dodd's Kidney Pills and saying that he uses them in his daily practice in preference to any other kidney medicine. His statement has created a profound sensation, as it is somewhat unusual for a physician to publicly endorse anything in the shape of a patent medicine. Dr. Williamson says: "After twenty years' practice in a sickly and malarious country I have come to the conclusion that it is always best to use the remedy that will relieve and cure my patients, whether ethical or not."  
 "I have used Dodd's Kidney Pills with uniform success in the various forms of Kidney Disease, Pain in the Back, Gout, Rheumatism, Inflammation and Congestion of the Kidneys and all kindred diseases; I always prescribe Dodd's Kidney Pills in such cases and can testify that they invariably restore the kidneys to their normal state and thereby relieve the blood of accumulated poisons, producing prompt and effective cures."  
 Wise is the man who is able to keep his mouth shut when he has nothing to say.

**Collins to Coach Purdue.**  
 "Jimmy" Collins, captain of the Boston American league team, has been signed by the Purdue University Athletic association to coach the baseball team next spring. The engagement of Collins at Purdue means an awakening in baseball next spring. Practice in baserunning, batting and fielding will be the order the first part of the year, and the team work and individual work of the pitchers will be developed later. Coach Cutts, who is athletic director, has an idea that the professional player can give the team a good start, and when Collins must join his team in the east he will have left them in a fit shape to continue the season under the direction of Cutts. Cutts played with Harvard, and has coached several baseball teams.

meeting Mr. Johnson evidently knows the advantage of press work.  
 It is officially and strongly denied that there is friction between Messrs. Gordon and Farrell of the New York club, or that Clark Griffith is to be relieved of the management of the Highlanders.  
 Captain Lajoie returned last week to Cleveland from a month's trip to the east, which included visits to Philadelphia, Boston, Fall River and Woonsocket. "Larry" has gained twenty pounds since the season closed and now tips the beam at 205 pounds.  
 Outfielder Jones of the Whites, who is spending the winter in Bolivar, N. Y., invested \$8,000 in oil property, purchasing a quarter interest in the Streeter-Hardison Company, which has a lease of 27 producing wells. The lease consists of 300 acres, with a production of over 3000 worth of oil a month. The property is one of the best of its size in this field.

**Western Winnowings.**  
 Wild Hill Everett is likely to manage Denver next year.  
 Frank Genina, the Omaha outfielder, will manage the Sioux City team in the event that that city enters the league.  
 The suggestion that the Western league will likely give up Kansas City to the American association is not confirmed by Mr. Sexton.  
 Hughey Duffey says that Kenzie, the post-pitcher, would be the equal of any pitcher in the business if he would only take care of himself.  
 Omaha wants Billy Hart for its pitching staff next season. The Bond Hill veteran has not fully decided where he will play in 1904.  
 Pitcher Billy Hart has made an offer for the Peoria franchise. He wants to become a magnate in the Central league with the Whisky City club.  
 Des Moines is slated over Western league prospects. Several men re-

commended by Manager Fred Clarke of Pittsburgh have been signed.  
 J. Ed Grillo of Cincinnati was named as president of the American Association to succeed Thomas J. Hickey, who resigned. The new executive, who is sporting editor of the Commercial-Tribune, will continue in his newspaper work and his office will be in Cincinnati. **JUDGES OVERLOOK ONE LAW**  
**Commission to Revise Statutes Never Appointed by Supreme Court.**  
 LINCOLN.—The question has been raised here why the supreme court has not appointed a commission of five judges of the district court to revise the statutes as provided for by a law enacted by the legislature of 1901. One member of the court said he had never heard of the law until his attention was called to it. It was passed in 1901 and was approved March 30 of that year. This is shown in the enrolled bill on file in the office of the secretary of state and it is contained in the session laws of 1901, but so far no one around the state house has been able to find it in the statutes of 1901 or of 1902.

**THE STATE AT LARGE.**  
 A call for \$20,000 of general fund warrants, to take effect January 14, has been issued by State Treasurer Mortensen.  
 Colonel Henry Watterson, editor of the Louisville Courier-Journal, has been selected to deliver the state university commencement oration next June.  
 Glen Willard, a Beatrice boy 16 years of age, was shot through the left hand by the accidental discharge of a 32-caliber revolver, with which he was playing.  
 The game laws of Nebraska are valid and game wardens may confiscate the guns of illicit hunters. In the appeal of the supreme court takes this view of the matter.  
 President C. E. Hartford of the State Firemen's association and the fighters of flame in Norfolk are making big preparations to attend the state convention at Fremont on January 19, 20 and 21.  
 The work of Land Commissioner Follmer and Deputy Eaton in regard to the reapportionment of the school lands of the state, as provided for by the last session of the legislature, will be completed by the last of January.  
 The annual report of the county treasurer of Dodge county was received at the capital last week. He is the first to comply with the law requiring all county treasurers to file annual reports with the state treasurer.  
 The annual mortgage report of Gage county follows: Farm mortgages filed, 268; amount, \$650,299; farm mortgages released, 450; amount, \$694,743; city and town mortgages filed, 319; amount, \$184,875; released, 274; amount, \$132,266.  
 Frank Hollenbeck of Fremont was in Chicago when the Iroquois theater burned and saw the horrible sights that attended the catastrophe. He came near attending the performance there himself on the day of the fire, but changed his mind.  
 Peddlers selling goods to farmers will escape taxation. The section of the new revenue law imposing a tax on such vendors and canvassers has been declared inoperative by the supreme court in the reversal of the suit of George W. Menko against the state. The suit originated in Lancaster county.

**Good Winter for Stock.**  
 YORK.—Stockmen and cattle feeders say that this winter is one of the best in past three years for the feeding of stock. There has been no severe storms and the nice weather is helping out the cattle feeders, who have been discouraged owing to the prices paid by the Meat Packers' trust. Cattle on full feed have done remarkably well, and if the prices paid for fat stock will be anywhere near right York county farmers will realize something for their winter's work.

**Captured Horse Thief.**  
 HOLDREGE.—The sheriff of Buffalo county captured a man about eight miles west of here who was charged with stealing a span of horses from Wood River. The thief had the horses with him and had put up for the night when overtaken by the sheriff who had been tracing him up a short distance behind. The sheriff left next morning with his prisoner, but left the team here for the owner who is expected here soon. The prisoner is about thirty-five years old.

**Insurance Company Reports.**  
 The New York Life Insurance company of New York is the first of all the companies to file its annual report with Insurance Commissioner Pierce. The amount of money was taken out of the state in premiums was \$416,563.

**School for Guardsmen.**

**Caught Under Mail Sacks.**  
 COZAD.—As fast mail train No. 2 on the Union Pacific passed through here S. W. Schooley of this place was seriously injured by the mail sacks striking him on the legs below the knees when they were thrown from the train. No bones were broken, but the legs are badly sprained and bruised. Bystanders at the depot positively state that the headlight was not burning when the train passed through town, and for that reason the postal clerk was unable to see where he was dumping the sacks.

**Counties Paying Off Bonds.**  
 LINCOLN.—State Treasurer Mortensen has received \$10,000 from the county of Webster as redemption money for refunding bonds to that amount. The state held \$40,000 worth of the bonds and deducting this payment still holds \$30,000. Hall county has called for \$3,000 of its court house bonds held by the state as an investment and they have been forwarded. The county built a fine new court house and has just moved into the structure.
