HOLDS GAMBLING LAW INVALID.

Such a Decision is Handed Down by Attorney General Prout.

Attorney General Prout has handed down a decision that the gambling law of this state making gambling a felony is invalid and of no effect. The reasons given by the attorney general for his decision are the same as mentioned in this column several days ago when the matter first came up. He holds that the title of the bill is not proper, in that the body of the bill contained wider matter than was shown by the title, and that all of the bill which was changed after it passed the senate, where it originated, was not read three times in each house, as provided for in the constitution. This decision leaves the old gambling law, which provided a penalty of a fine of \$100 or three months in jail, still in force. The county attorney of York county wrote to the attorney general for the opinion. A number of prominent Lincoln attorneys do not agree with the attorney general on his stand. Former County Attorney Mueger, who fought out the whole thing in the local courts six or seven years ago, said that the attorney general certainly did not go entirely through the matter or he would not have arrived at such a conclusion. "I have all the records, including the senate and house bills, pasted together in my office and I not only believe the law to be good, but it has been so passed upon by the district court, Judge Holmes and Hall sitting on the case.

Tabulating Land Values.

Land Commissioner Folien is working on a tabulation of land values that will be placed before the State Board of Equalization, which is expected to materially assist the board in arriving at something like the true assessment of land throughout the state. Mr. Folien has a record of or is securing a record of all the land sales in every county in the state, with the price paid.

Not Signing Any Contracts.

LINCOLN—Athletic managers at the state university have ceased signing contracts for spring athletic events. This has been done on account of the action of the board of regents in the location of the physics building, the construction of which will encroach on the athletic field. Students hope to get the regents to reconsider their action.

Betts Brought to Lincoln.

LINCOLN—Frank Betts, a youthful forger with many names, was brought to the city by Detective Bentley, who got the prisoner from the authorities at Milwaukee. Since last December Betts has forged paper to the extent of more than \$5,000. He swindled Lincoln jewelers out of more than \$600 and for this he will be tried. One of the exploits of Betts while in Minneapolis was to buy a grocery store with a bogus check for \$2,500.

Relic of Territorial Days.

PAPILLION—Joseph Whitted received from friends at Florence, Neb., some relics of the early days of that town in the shape of some \$1 notes, dated 1856. Recently an old safe had been opened at Florence and in it was found a bunch of these old bank notes. The notes are not signed, but were issued by the Bank of Florence and are in perfect condition. Mr. Whitted was an early settler of Florence and in his filing the notes amongst those lying in Florence in that year Mr. Whitted was not forgotten.

Funds Awaiting Investment.

LINCOLN—State Treasurer Mortenson still has on hand, awaiting investment, \$11,587.13 of the permanent educational funds. He has just paid out \$100,000 for the purchase of the Massachusetts state bonds. Besides the permanent funds now on hand there is a large amount on the general fund, waiting for the call for \$100,000 of general fund warrants, which will take effect Friday, February 26. General fund warrants slightly in excess of \$200,000 will be redeemed during February.

THE STATE AT LARGE.

The Roosevelt club at Osceola is arranging for a celebration March 1.

The tool house of the Union Pacific at Columbus was destroyed by fire. Mrs. Julia Thomas of Sarpy county, four score and two, died a few days ago.

Dr. Canfield, a practicing physician for many years at Edgar, died last week.

Revival meetings have been started at Columbus and will continue two weeks.

The second week of the revival meeting at Osceola is on with continued success.

James D. Brown, a pioneer of Butler county and a wealthy one withal, died last week.

Bakers of Lincoln are discussing the advisability in view of the increased rate of wheat.

Farmers are showing much interest in institutes being held here and there throughout the state.

A four weeks' revival has just closed at Crab Orchard, the result being a great spiritual uplift.

Dr. Offerman, a pioneer of Nemaha county, died last week. He was for many years a leading practitioner.

The Omaha Mitten and Manufacturing company of Omaha has filed articles of incorporation with the secretary of state. The firm has a capital stock of \$100,000.

At a meeting of farmers and citizens of Kenosaw at the Exchange bank it was voted to incorporate a local telephone company with a capital of \$10,000 and put in an up-to-date plant.

The State Bank of Elwood, has filed an application with the comptroller of the currency to reorganize and form a national bank, to be known as the First National bank of Elwood.

Charles Dietrich an old soldier, who has been acting rather queer of late, was taken before the commissioners on insanity at Nebraska City and declared insane. He will be taken to the asylum.

A weaver of Rockford, Gage county, was in Beatrice recently with a three-year-old son who was bitten by a pet dog. Mr. Weaver went to Wymore intending to have a madstone applied to the wound.

The spring session of district court of Hall county is about to open with but fifty-five civil cases, none of any great importance and but five criminal cases, of which only two will probably come to trial.

The Beatrice Produce and Cold Storage company, which was recently incorporated in Beatrice with a capital stock of \$200,000, expects to erect a cold storage building and ice plant there the coming spring.

The ground of the Jefferson County Agricultural society were sold at sheriff's sale and were purchased by Fairbury for park purposes for \$8,500. The grounds are thirty acres in extent and only four blocks from the court house.

The Fulton bloodhounds were sent to Seneca, Kansas, at Beatrice, to assist in the capture of two men suspected of robbing the bank at Goff, Kans. They were driven overland to Marysville, where a train was caught for Seneca.

While he was prying at a window at night, the prowler who has disturbed residents of Grand Island for some weeks past was shot at and confidently believed to have been hit by Mrs. McBride, the wife of a Union Pacific conductor.

A disastrous fire, which broke out in the basement of the opera house at Greenwood, destroyed that building, a mill and an adjoining feed store and caused the death of Manager Cutler of the opera house. Mr. Cutler was asleep in the basement, where the fire broke out, and was burned to death in his bed.

For the first time since imprisonment of Frank Baker, the alleged Omaha murderer, his mother visited him at Red Cloud and the meeting was one of great sorrow to the stricken mother and her evidences of grief was great. The prisoner was unconcerned and showed no sorrow at the trouble that has overcome him.

An important discovery in the Barker murder case has been made by the finding of a 32-caliber revolver in the barn of the murderer. Man. Three empty chambers were found which tally with the number of bullet holes found in the bodies of the victims. The weapon was found beneath the hay. The prisoner has not yet been apprised of the finding of the gun.

A number of farmers in the vicinity of Cedar creek have recently made complaints that persons have visited their farms recently during the night and several thefts have been committed. Jerry Schroeder's barn was entered Sunday night and four of his horses were poisoned, it is supposed, by mixing rough-on-rats with feed.

John J. Moore, a wealthy citizen of Coleridge, has gone to Ireland, his native land, to spend a year in recreation and recuperation.

The state board of public lands and buildings will accept an offer of the Van Dorn iron works to put 240 cells in the state prison for the sum of \$30,000. The members had made a contract to allow the concern to place 150 cells in the penitentiary for \$20,000.

Fire destroyed the barn of E. A. Spurz near Belmont, entailing a loss of probably \$2,000 and almost consumed the barn of James Strine, across the alley from the first named.

The county commissioners of Hall county propose to sell the old court house and build a new one.

It is announced that the Northwestern will rebuild thirty miles of its line between Fremont and Omaha this year, beginning in April. Sixty and sixty-five pound steel rails will be used. Last year the entire line between Missouri Valley and Fremont was laid with seventy-two pound rails.

Major McLaughlin and Captain Eberle were in Nebraska City and inspected Company C of the Second Nebraska National Guard. The inspection was public and a large assemblage of representative citizens was present to encourage the company to its best endeavors.

STORY OF THE FIGHTING.

What Viceroy Alexieff Says of the Recent Naval Engagement.

ST. PETERSBURG.—A telegram from Viceroy Alexieff to the czar says:

"At 2:45 o'clock on the morning of February 21, numerous Japanese torpedo boats attempted to attack the battleship Retvian. There were several large steamers loaded with inflammables. The Retvian was the first to observe the torpedo boats and opened a strong fire on them. She was supported by the land batteries. She destroyed two steamers near the entrance of the harbor; they were coming directly toward her. One of them went on the rocks near the lighthouse on Tiger peninsula and the other sank under Golden Hill. The Retvian observed four steamers in a sinking condition and eight torpedo boats departing slowly to rejoin the waiting Japanese warships. A portion of the crews of the Japanese vessels was drowned. The grounded steamer is still burning. The enemy is observed in the offing of Port Arthur in two lines.

"The Japanese crews saved themselves on boats, and it is possible that some of them were picked up by the enemy's torpedo boats.

"I am proceeding to examine the coasts. The entrance of the harbor is open. I attribute the complete derangement of the enemy's plan to the brilliant action and destructiveness of the Retvian.

"Floating mines are still visible in the roadstead. I have recalled the three cruisers sent in pursuit of the enemy. In order, in the first place to clear the roadstead of floating mines. We have no losses."

HANNA LEFT SEVEN MILLIONS.

Appraisal of Estate Shows it is Larger Than First Reports.

CLEVELAND—Dan R. Hanna and his attorney reported to the probate court Friday that the estate of the late Senator M. A. Hanna showed a valuation of \$7,000,000. This is more than double the amount reported at the time of the presentation of the will for probate. This makes it the largest ever presented for probate in the country.

The holdings of the late senator in the Cleveland Electric Railway company are valued at \$2,000,000. He also was a heavy stockholder in the American Shipbuilding company, Pittsburgh Coal company, Cleveland & Pittsburg railroad, as well as in M. A. Hanna & Co. His interests in the Pittsburgh Steamship company, the marine wing of the United States Steel corporation, were disposed of but a short time before his death. He was also interested in a number of other corporations.

In local bank stocks he held 1,000 shares of the Union National bank, of which he was president, valued at 168 a share; in the Bank of Commerce, 200 shares, valued at 201; in the Federal Trust company, forty-five shares, at 90; Guardian Trust, 250 shares, at 212.

IMPORTS FROM THE LUZON.

Only Small Part of Business Carried on Under American Flag.

WASHINGTON—The development of the Philippines commercially and industrially for the first nine months of 1922 is the subject of a special bulletin by the bureau of insular affairs. It is shown that both in imports and exports there was an increase, compared with a corresponding period in the preceding year. Heavy exports in hemp and copra offsetting heavy imports of rice, explained the increase.

During the period named the imports were \$25,193,601, against \$21,228,222 for 1921. The exports amounted to \$23,563,128, an increase of nearly \$4,500,000. The rice imports were the only ones that increased and there was a falling off in the general trade, the United States losing 10 per cent and the United Kingdom 16 per cent, while Spain has only two-thirds of the amount of its trade in 1922.

United States exports increased from \$7,232,411 to \$9,336,026 and the trade with Spain was practically the same. But a small part of the United States business is carried under the American flag and all but 5 per cent of the general trade of the islands is done in foreign bottoms.

NEBRASKA COURT SUSTAINED.

The Tax Lien Foreclosure Case Comes Up for Discussion.

WASHINGTON—Justice Day handed down the opinion of the supreme court of the United States affirming the judgment of the supreme court of Nebraska in the case of Alvin P. Leigh against Henry S. Green, involving tax sales of property. The court held that the owner of a tax lien may foreclose the lien upon notice by publication, which shall bring in a body and everybody intended, and that in the exercise of the taxing power the states may delegate that right and authority, as was done in this case, and that such procedure is not violative of the rights guaranteed by the fourteenth amendment of the constitution.

Shipping to the Philippines.

WASHINGTON—The house committee on merchant marine and fisheries listened to the arguments of many representatives of the ocean shipping industries of the country in favor of the Frye-Littlefield bill, providing that the commerce between the United States and the Philippine islands shall be carried in American ships, but exempting the inter-island trade in the Philippines from the operation of the navigation laws of the United States, which are, under existing laws, made applicable after July 1.

Lively Times in Wheat Pit.

CHICAGO—Wheat for May sold Tuesday at \$1.08 1/2 a bushel. A jump of 2 1/2 cents above Saturday's final figures. The cause was a speculation advance in prices at foreign grain markets, apparently due to growing fear of European complications over the Russian Japanese war. A terrific slump followed, due to profit taking. May wheat made a steeper descent of 4c, dropping to \$1.04 1/2. The market developed an extraordinary whipsaw character, reacting quickly a full cent to \$1.05 1/2.

A COMRADE OF GENERAL GRANT

Says: "I Do Not Believe Pe-ru-na Has a Superior for Catarrh."

BENJAMIN F. HAWKES. Benjamin F. Hawkes, of Washington, D. C., is One of the Three Living Comrades of General Grant in His Cadet Days at West Point

In a recent letter from 611 G Street, S. W., Washington, D. C., this venerable gentleman says of Peruna:

"I have tried Peruna after having tried in vain other remedies for catarrh, and I can say without reservation that I never felt a symptom of relief until I had given Peruna the simple trial that its advocates advise. I do not believe it has a superior, either as a remedy for catarrh or as a tonic for the depressed and exhausted condition which is one of the effects of the disease."

Pe-ru-na Used in the Family for Years.

Mrs. E. West, 137 Main Street, Monaha, Wis., writes: We have used Peruna in our family for a number of years and when I say that it is a fine medicine for catarrh and colds, I know what I am talking about. I have taken it every spring and fall for four years and I find that it keeps me robust, strong, with splendid appetite, and free from any illness. A few years ago it cured me of catarrh of the stomach, which the doctors had pronounced incurable. I am very much pleased with Peruna. I am 87 years old.—Mrs. E. West.

An Enthusiastic Reception.

Sir Harry Rawson was welcomed as governor of New South Wales with the greatest enthusiasm. One port greeted him in a novel and interesting way. There were no guns big enough to salute him with, so an enterprising loyalist hit on the happy idea of utilizing kerosene tins. With the assistance of plugs of dynamite and a fuse the salute was duly given, resulting in a round dozen of loud bangs, the same number of flying kerosene tins, and distracted natives feeling for their lives in all directions.

ALABASTINE

"The Durable Wall Coating. Won't Rub Off; WHY?"

Because it cements to, and is not stuck on the wall with searing, animal glue, as are the various so-called "wall finishes," which are kalsomines sold under fanciful names.

You can apply Alabastine.

Some dealers try to sell them, buying them cheap, and trying to sell on Alabastine's demand until such time as their customers learn of the imposture.

THEY ARE WORTHLESS PREPARATIONS.

Pe-ru-na is a Catarrh Tonic

Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peruna corrects all this by its specific operation on all the mucous membrane of the body.

One bottle will convince anyone. Once used and Peruna becomes a life-long standby with old and young.

Mrs. F. E. Little, Tolona, Ill., writes: "I can recommend Peruna as a good medicine for chronic catarrh of the stomach and bowels. I have been troubled severely with it for over a year, and also a cough. Now my cough is all gone, and all the distressing symptoms of catarrh of the stomach and bowels have disappeared. I will recommend it to all as a rare remedy. I am so well I am contemplating a trip to Yellow Stone Park this coming season. How is that for one 71 years old?"

In a later letter she says: "I am only too thankful to you for your kind advice and for the good health that I am enjoying wholly from the use of your Peruna. Have been out to the Yellow Stone National Park and many other places of the west, and shall always thank you for your generosity."—Mrs. F. E. Little

Strong and Vigorous at the Age of Eighty-Eight.

Rev. J. N. Parker, Ulen, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much affected but that I could hold converse with my friends; but in June, 1901, my sense of hearing left me, and I could hear no sound whatever. I was also troubled with severe rheumatic pains in my limbs. I commenced taking Peruna and my hearing returned as good as it was prior to June, 1901. My rheumatic pains are all gone. I cannot speak too highly of Peruna, and now I am eighty-eight years old, and say it has invigorated my whole system."—Rev. J. N. Parker.

Mr. W. B. Schneider, of Terre Hill, Pa., writes: "I got sick every winter, and had a spell of cold in February, 1902. I could not do anything for almost two months. In December, 1901, I saw one of your books about your remedies. Then I wrote to Dr. Hartman for advice, and he wrote that I should commence the use of Peruna, and how to take care of myself.

"I did not lose one day last winter that I could not tend to my stock. I am sixty-three years old, and I cannot thank you too much for what you have done for me."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, O.
