Mr. Peters has lived in Cass county all his life and he doesn't contemplate remaining away permanently. He has a 240 acre farm here which he expects to occupy again after two years' time. He said he would then leave the ranch in the hands of the boys.

The rates charged to consumers shall not be more than \$1 per month for all night service, 75 cents for midnight service—sixteen candle power—or when sold on the meter basis, not to exceed 35 cents per 1000 watts. The city is not to be charged a higher rate than the citizen. We have interviewed quite a number of our peach growers, and they inform us that a great many of the buds are killed, but that there is enough left yet to make a heavy crop of peaches. Here's hoping nothing will befall them.

Miss Nell Humphrey was "sweet sixteen" Saturday, and a few of her friends planned a surprise on her. So Boy Coleman, Clarence Rockwell, Will Lyman of Weeping Water, and Beadon Hall, Florence Todd, Bessie Jonson and Mae Fulton dropped in that evening and had a happy time.

Monday night Miss Florence Todd was sixteen. Twenty-eight of her more intimate friends were invited to her home, and a delightful evening was spent at such a party, muggins and progressive peanuts. Many individual presents were made, and Miss Florence found herself much richer in those slight tokens that mean so much to the recipient in after years. Orange, bananas, ice cream, and other refreshments were served, and the young folks departed with a thousand good wishes for Florence.

## WEEDS

Consumption is a human weed flourishing best in weak lungs. Like other weeds it is easily destroyed while young; when old, sometimes impossible.

Strengthen the lungs as you would weak land and the weeds will disappear.

The best lung fertilizer is Scott's Emulsion. Salt pork is good too, but it is very hard to digest.

The time to treat consumption is when you begin trying to hide it from yourself. Others see it, you won't.

Don't wait until you can't deceive yourself any longer. Begin with the first thought to take Scott's Emulsion. If it isn't really consumption so much the better; you will soon forget it and be better for the treatment. If it is consumption you can't expect to be cured at once, but if you will begin in time and will be rigidly regular in your treatment you will win.

Scott's Emulsion, fresh air, rest all you can, eat all you can, that's the treatment and that's the best treatment.

We will send you a little of the Emulsion free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

Tuesday evening at 8 o'clock occurred the death of James Kyles, at his home near Greenwood. Mr. Kyles' death came about in a very peculiar manner. On last Friday he had killed a hog and was carrying it on his shoulder to the house when in some manner it slipped forward with sufficient force as to break one of his ribs and the silvered piece penetrated his lungs. Monday it was thought necessary to perform an operation, and Dr. Giffen of Lincoln, and Dr. Miller operated upon him but he only lived a few hours. Mr. Kyles was born in Ireland May 1, 1858. He had been a resident of Greenwood for twenty-seven years. His wife and four children, two of whom are married, are left to mourn the loss of a kind father. He was a man much respected by his neighbors. As a business man, farmer and citizen he could not be excelled.

## Maple Grove

Spring work has begun in this neighborhood. Most of the farmers have now sowed and some of them have cuts sowed already. Miss Mata Puls visited with her sister, Mrs. P. A. Hill last week. J. A. Davis returned from a trip to Burt county last week. Emma Booker of Harlem county, Nebraska, is visiting with Mrs. Schafer and family this week. John Knabe, from near Nehawka, passed through here last Saturday enroute for Plattsmouth. Wm. Puls accompanied him from here to town and back. Queer things will happen sometimes. The other night one of our farmers started to hunt his cows. He hunted until about midnight and then gave it up. The next day he looked in his cattle barn and found his cows in the barn. Then he came to the conclusion that he didn't turn them out in the morning, leaving them standing in the barn all day and night. How is this for the straight goods? Mr. and Mrs. P. A. Hill visited at the home of Mr. and Mrs. W. H. Puls Sunday. Chas. Philpot shipped a car of fat cattle to the Omaha market Monday. Mrs. W. H. Puls visited with Mrs. Henry Engelkamier last Monday.
