

WOMEN'S WORLD

Much of women's daily life is due to kidney trouble. Sick kidneys cause backache, languor, blind headaches, dizziness, insomnia and urinary troubles. To cure yourself you must cure the kidneys. Profit by the experience of others who have been cured.

Mrs. William W. Brown, professional nurse, of 15 Jane St., Paterson, N. J., says: "I have not only seen much suffering and many deaths from kidney trouble, but I have suffered myself. At one time I thought I could not live. My back ached, there were frequent headaches and dizzy spells, and the kidney secretions were disordered. Doan's Kidney Pills helped me from the first, and soon relieved me entirely of all the distressing and painful symptoms."

A FREE TRIAL of this great kidney medicine which cured Mrs. Brown will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists; price 50 cents per box.

It was a Tempting Sight. "Tody" Hamilton, the ingenious press agent of the Barnum & Bailey show, took a few newspaper men of New York on their annual excursion to the winter quarters at Bridgeport a few weeks ago. For their edification he arranged for a series of experiments to demonstrate how far the wild beasts would go in the consumption of strong drink.

Huge pans of beer, whiskey, and other intoxicants were put in the cages of the animals. Some drank the liquor, and some would not go near it. As a big pan of whiskey was being shoved in to the polar bear one of "Tody's" friends, inclined to bibulousness, looked appealingly at him and said: "Say, 'Tody,' have you got an empty cage you could put me in?"

Not David the Psalmist. David Belasco and Henry de Millie collaborated once on a play in which they used the line from the Psalm of David, "Lord how long shall the wicked, how long shall the wicked triumph?" The actor to whom this line fell expressed his dissatisfaction over it, and confided his feelings to de Millie. "Are you stuck on it?" the actor asked him. "Yes," said de Millie, "I must confess I am. You see, the line isn't mine; it's David's. I thought so," said the actor; "anyone could tell that was some of Dave Belasco's bad English."

Honesty is undoubtedly the best policy, but a good many people somehow fail to keep their premiums paid up.

A government scientist not long ago gave a dinner in Washington in honor of Speaker Henderson. The scientist hailed from the Hawkeye state, so it was distinctly an Iowa dinner. Of course, Secretary Shaw was a guest, and he was the only one absent when 7 o'clock arrived. The host waited half an hour and then gave orders to serve. At exactly 7:35 the secretary of the treasury was announced. His explanation has been a joke among the Iowa contingent in Washington ever since. "I thought this dinner was for 8 o'clock," said he in evident embarrassment. "I arrived outside at 7:30 by my watch. It was so early I decided to walk up and down the street till I saw someone else come, but no one came, and so I had to enter alone."

How to Keep House. With all the luxuries and pleasures of this life, its employment and its smaller comforts, there is an offset or antithesis which we have to contend with in the form of aches and pains. The letter of Miss Merkley, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well.

My heartiest thanks are sent to you for the great good you have done me.—Sincerely yours, Miss MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Russia's Commissariat Problem.

France Military contains an interesting study of the commissariat problem of the Russian army. For an army of 300,000 men and 100,000 horses, 1,000 tons of food and fodder are required. This amount can be transported in six trains composed of from thirty to forty-five cars, the loading of which requires not more than a day. But there are already at Mukden, Port Arthur and other points in Manchuria provisions for six months, and Manchuria and the Russian coast provinces are rich in grain and cattle. According to this study, in September Russia can dispose of 60,000 tons of grain produced on the spot, in addition to 700,000 cattle and a vast quantity of pigs. During the summer the service which will be rendered by the waterways will relieve the Trans-Siberian road.

Fine Gown for Beautiful Woman.

Search is being made here for the most beautiful woman in America to wear the most expensive and beautiful gown in America. The gown in question is in the bonded warehouse at St. Louis, and is estimated to be worth \$5,000, being almost an exact duplicate of the one that the first wife of Napoleon Bonaparte wore when he placed the imperial crown upon her brow. The original gown cost \$200,000, and the duplicate, which has been made by a celebrated man milliner, is only less expensive in its jewels and decoration, for the material and the design are carried out faithfully. For splendor and unmeasured delicacy of taste this garment is the chief marvel of the dressmaking art.

CHICAGO, ILL., 427 Monroe St.—As far as I have observed Pe-ru-na is the best tonic any man or woman can use who is weak from the after effects of any serious illness.

Pe-ru-na seems to restore vitality, increase bodily vigor and renew health and strength in a wonderfully short time.—MRS. KATE TAYLOR.
