

**DO YOU GET UP WITH A LAME BACK?**

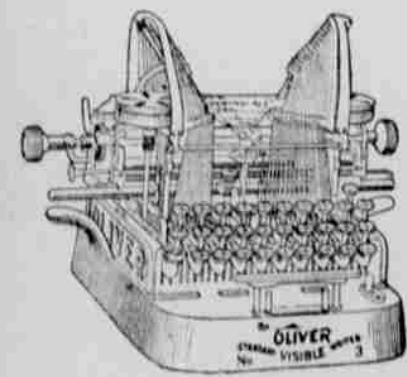

**Kidney Trouble Makes You Miserable.**

Almost everybody who reads the newspaper is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for anything but if you have kidney, liver or bladder trouble it will find just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**Weak Hearts**  
Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Mr. D. Kaulst, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."

**Kodol Digests What You Eat** and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by F. G. DeWITT & CO., CHICAGO. For Sale by F. G. FRICKE & CO.

**MUCH OF THE CORN PLANTED**

**Some Delay on Account of Recent Rains in Various Sections.**

Cold, generally dry week; good for work but not for the growth of vegetation. The mean daily temperature averaged 3 degrees below normal. Frost occurred in nearly all parts of the state on either the 12th, 13th or 14th and generally on two of those dates. On the 14th the minimum temperature was generally near 32 degrees and in several central and western counties was between 28 and 30 degrees.

The rainfall was confined to light showers on the 12th and the last days of the week. The total weekly amount was less than one-half an inch, except in several eastern counties where it slightly exceeded an inch.

Corn planting generally progressed rapidly and is well advanced except in southeastern counties, where the wet condition of the soil has caused continual delay. In central and northern counties many farmers have finished planting. Early planted corn is coming up, but low temperature has prevented quick germination and rapid growth. Potatoes are coming up slowly. Wheat, oats and grass have grown well. Alfalfa is 12 or more inches high. Winter wheat in western counties is a thin stand and many fields have been plowed up, which will probably result in an increase of acreage of corn in that part of the state. It is too early to state definitely the damage to fruit caused by the frosts, but it was probably very small in most counties.

**Orders to Revoke License.**  
Judge Jessen last Monday issued a preliminary writ of mandamus against the members of the board of trustees of the village of Greenwood, requiring them to convene in special session and instruct or revoke and cancel the license granted to Peter A. Smith to sell "hard-eye." The order also requires the closing of the saloon until the matter is settled at the ensuing term of a district court. A remonstrance signed by forty-one resident free-holders of Greenwood, asks that the saloon be closed until their protest can be heard. The petitioners allege that Smith's petition did not contain a sufficient number of names of the bona fide residents of Greenwood. Also, they claim that there is no ordinance in force at effect in the village under which a license to sell liquor could be granted. The board of trustees have complied with the mandates of Judge Jessen, and Greenwood will be a "dry town" for a few weeks, at least.

**A Startling Test.**  
To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes: "A patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles, so I prescribed them. The patient gained from the first, and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for dyspepsia, indigestion, constipation and kidney troubles. Try them. Only 50c at F. G. Fricke & Co's.

**Whooping Cough.**  
"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Chamberlain's Cough remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency towards pneumonia. For sale by all druggists.

**NEWS OF NEBRASKA.**

**Discbeys Holdup Man; Is Shot.**  
Hardy, Neb., May 12.—Two highwaymen held up and robbed a school teacher named James Walsh, taking \$180, and threatened to kill him if he ran. He disobeyed and was shot through the breast, inflicting a probably fatal wound. Bloodhounds have been put on the trail.

**James Kelley Held for Murder.**  
Columbus, Neb., May 12.—James Kelley, who is charged with the murder of Arthur Snowden, near Humphrey last March, had his preliminary hearing before Justice O'Brien and was held to the district court without bail. The chain of evidence connects him with the murdered man with the exception of the actual commission of the crime, of which there are no witnesses.

**Spinney's Election Not Final.**  
Lincoln, May 12.—The re-election of Dr. E. C. Spinney as head of the Bankers' Union of the World, according to officers of the state insurance department, is without effect unless alleged irregularities complained of are rectified. The meeting held at Omaha was practically ordered by the supreme court, under whose jurisdiction the reforms demanded must be carried out. The election consequently is not necessarily final.

**Bross Elected Commander.**  
Kearney, Neb., May 12.—At the Grand Army of the Republic encampment here Harmon Bross was elected department commander. Other officers elected were: Andrew Treynor, Omaha, senior vice; Joseph Hoagland, North Platte, junior vice; Erastus Smith, Alma, chaplain; Dr. J. B. Ralph, Omaha, medical director. The next encampment will be held at Grand Island. The encampment decided to hold no more state reunions.

**Officers for Knights of Pythias.**  
Lincoln, May 11.—The Nebraska grand lodge of the Knights of Pythias elected these grand officers: J. N. Kildow of York, grand chancellor; G. T. Haney of Grafton, vice chancellor; Julius W. Hulff of Norfolk, prelate; W. H. Love of Lincoln, K. of R. and S.; J. D. Wright of Lincoln, master of exchequer; Irvin Dieh of Wahoo, sergeant-at-arms; J. M. Jessup of Nebraska City, inner guard; C. L. Cramer of Bancroft, outer guard; W. S. Leyda of Falls City, trustee.

**Nebraska Crop Conditions.**  
Lincoln, May 11.—All vegetation has grown well. Winter wheat has improved in the western part of the state, but a considerable area in a few western counties will be plowed up and the ground planted in corn; generally winter wheat is in good condition. Spring wheat and oats are up, with a good stand in most places. Corn planting has progressed but slowly, being retarded by rains; the early planted corn in a few southern counties is coming up nicely. Fruit trees are blooming profusely in nearly all parts of the state.

**Burglars Visit Carroll.**  
Carroll, Neb., May 12.—An attempt was made here to rob the First National bank. The front door was opened with a skeleton key and work was begun upon the vault with tools previously procured from the tool house of the railroad company. The noise aroused persons who were sleeping just over the bank, but before the alarm was given the vault had been blown open. By this time the alarm was being so well circulated that the not broken open safe in the hotel and robbers fled after an exchange of shots with citizens. The safe was not broken open.

**Riparian Owners Get the Water.**  
Sidney, Neb., May 12.—The district court of Cheyenne county decided the case of the Courthouse Rock Irrigation company against Willard & Dugger, of great interest to the irrigation interests of the state. The irrigation company sought to enjoin the defendants from diverting water from Pumpkin Seed creek to irrigate their lands. The court sustained the defendants in their claim to the use of the water as riparian proprietors and refused to grant the writ of injunction prayed for. The decision is regarded as a great victory for the riparian proprietors of this state.

**JACK SULLY KILLED BY POSSE.**  
**Notorious Cattle Rustler Slain in Running Fight With Officers.**  
Chamberlain, S. D., May 17.—The notorious desperado Jack Sully, who, for many years, has been the terror of the Rosebud country, was killed in a running fight with officers on the Rosebud reservation. Many bullets found lodgment in Sully's body, while the horse on which he was attempting to escape also was killed. About a week ago, Sully ran off a bunch of nearly 200 cattle, disposing of a portion of them in Nebraska. The balance of the cattle were recovered. As a result of this exploit United States Commissioner Tidrick of this city sent out Deputy United States Marshal Petre with a posse with orders to bring in Sully, dead or alive. They found Sully at his home on Blackbird island and ordered him to surrender. He sprang onto his horse, however, and made a dash to liberty, closely pursued by the posse. A running fight was kept up between pursuer and pursued, which soon resulted in the killing of Sully's horse and the fatal wounding of himself. He died thirty minutes after being hit. Sully for the past thirty years has been recognized as the head of a band of cattle rustlers whose depredations have caused serious trouble and expense to the stockmen of this section.

**OPEN ROSEBUD AUG. 8**

**PRESIDENT ISSUES PROCLAMATION ANENT LAND SALES.**

**Entries From Aug. 8 to Sept. 1, Registry After July 5 at Chamberlain, Yankton, Bonesteel and Fairfax. Land Office to Be at Bonesteel.**

Washington, May 14.—President Roosevelt signed the proclamation opening to settlement on Aug. 8 the Rosebud reservation lying in Gregory county, South Dakota. After deducting lands withheld to state for school purposes the proclamation opens to settlement about 385,000 acres.

Under the provisions of the proclamation registration will begin July 5 at 9 a. m., at Chamberlain, Yankton, Bonesteel and Fairfax and continue until 6 o'clock Saturday evening, July 23. As has been stated heretofore, land will be disposed by drawing. The drawing will take place at the Chamberlain land office commencing at 9 a. m., Thursday, July 28, and continuing for each period as may be necessary to draw from the box all envelopes contained therein. Three persons of the highest integrity will be selected by the commissioner of the general land office, who will be present in person to supervise the drawing.

Entries will be made at Bonesteel, beginning Aug. 8 and continuing until Sept. 10 inclusive. The land office, for convenience of entrymen, will be temporarily removed from Chamberlain to Bonesteel in order to facilitate the rush which is expected. After Sept. 10 subsequent entries will be recorded at Chamberlain as usual.

Those contemplating filing registration must do so in person at one of the four towns mentioned above, with the exception of soldiers or sailors, who may employ an agent. No one person may register for more than 100 acres. The actual opening of this vast domain will occur on the morning of Aug. 8.

The price of land as provided by law is as follows: Lands taken during the first three months, \$4 per acre; within six months, \$3; after six months, \$2.50 per acre. All lands remaining undisposed of after four years shall be disposed of by the secretary of the interior under such rules and regulations as he may prescribe.

**TRADE REVIEW FOR THE WEEK.**

**Prices Show Gradual Drifting Downward From Recent High Level.**  
New York, May 14.—Bradstreet's says: Weather conditions have been favorable, crop planting and growth have made fair progress and retail trade has been benefited, the improvement extending in some lines to reorders from jobbers. Dry goods, shoes and groceries note relatively greatest activity. Rather more is doing also in fall goods. General industry has remained rather quiet, notably so in cotton, woolen and shoe manufacturing. The iron trade is quieter as a whole, with prices easier. An immense area of fall sown wheat has had to be abandoned, but this will probably go into other crops. Prices show a gradual drifting downward from the high levels of early spring.

Foreign trade in breadstuffs is at a very low ebb, but exports of high priced cotton swell trade totals. Wheat, including flour, exports for the week ending May 12 are the smallest reported in sixteen years. Corn exports are small compared with last year.

**CONVENTION COMES TO A CLOSE**  
Two Mass Meetings Held by Y. M. C. A. in Buffalo.

Buffalo, May 16.—Two mass meetings, one for women and the other for men, services in several churches and an evening meeting at City Convention hall, ended the thirty-fifth convention of the Y. M. C. A. of North America. At the meeting for women, Miss Helen M. Gould read the lesson of the day. W. M. Danner, general secretary of the association's health farm at Denver, told of the benefits of the health farm, where young men in search of health are helped to pass the time in pleasant companionship. W. B. Miller, army and navy secretary, told about some of the work in his department and at the close of his address several bluejackets from the U. S. S. Massachusetts came upon the stage and spoke for themselves. All were emphatic in praise of the influences of the Y. M. C. A.

**Resume Fight on Armenians.**  
Paris, May 14.—An official dispatch to the foreign office from Constantinople confirms the reports that Turkish troops have burned the villages throughout the Sassoun district of Armenia, killing the inhabitants. The French ambassador, M. Constans, has joined with the Russian and British ambassadors in sending consuls to Erzeroum in the hope of limiting the destruction and bloodshed.

**Two Per Cent Dividend for Creditors.**  
St. Louis, May 16.—Official notice was issued to creditors by W. D. Coles, referee in bankruptcy, that a dividend of 2 per cent on all approved claims against E. J. Arnold & Co., the trust investment concern which failed a year ago, with liabilities of \$2,000,000 and assets of \$75,000, will be paid by the trustee for the bankrupts.

**Capital to Be Increased.**  
Jefferson City, Mo., May 16.—The secretary of state granted authority to the Maryville and St. Joseph railroad, with offices at Maryville, to increase its capital stock from \$700,000 to \$1,500,000.
