Wealth of Cass County.

The Sunday World-Herald contained a table compiled by Prof. A. E. Davison, principal of the Agricultural Department of the State University, in which he gives some comparative figures pertaining to the wealth of Nebraska by counties. In glancing over the table we glean the following figures in reference to Cass county: Acres of land, 341,012; valuation, \$23,529,828; money on deposit, \$1,570,759; valuation of stocks of merchandise, \$1,066,300; valuation of live stock, \$1,918,426; valuation of city and town real estate, \$5,186,310; valuation of farm products in 1933, \$2,377,626. In order to ascertain the value of land five hundred letters were sent out to bankers in various counties. To ascertain the money on deposit, the report of the state banking board of 1902, was used for the state banks, and the report of the comptroller of the currency for 1903 is used to get the amount on deposit in national banks. In finding out the stocks of merchan- dised carried, the most eminent commercial authority was consulted, and the figures on the stocks of merchan- dise in each county were obtained through the best authority, as was also the valuations of other matters quoted.

The Opinion of a Great Man.

Samuel Smiles, the great old man who recently died, one of the best observers and philosophers, remarked in his "Life and Labor": "The seat of dyspepsia and melancholy is in the brain as much as in the stomach. When brain work is carried to excess the whole system becomes pervaded by nervous excitability; the heart is affected as well as the stomach; all bodily functions are imperfectly per- formed." The brain and the stomach are connected together by the vagus nerve, and this is the reason why the suffering of one is transmitted to the other, as also the cure of one means the cure of the other. Triner's Amer- ican Elixir of Bitter Wine is the pro- nounced specific for all maladies of the stomach, and by curing this organ it naturally cures the brain and the whole system. It makes digestion perfect, and as a result of this makes the blood pure and rich. The medical science now rejects all disagreeable medicines, recommending in place of them vege- table extracts, combined with wine. Triner's American Elixir of Bitter Wine is made of pure grape wine with herbs. At drug stores. Jos. Triner, 789 So. Ashland Ave., Chicago, Ill., Plisen Station.

Go Right Ahead As Usual.

Students of astronomy tell us that all the planets and other heavenly bodies known to us, with one exception, are in exactly the same position this year as at the time of the flood and dire calamities are predicted when that one planet gets into line. But you had just as well go right on with your planting, building, etc., as we predict that this old world will still be here in 1905, but some of the astronomers may not.

A Cure for Piles.

"I had a bad case of piles," says G. F. Carter of Atlanta, Ga., "and consulted a physician who advised me to try a box of DeWitt's Witch Hazel Salve. I purchased a box and was en- tirely cured. It is splendid for piles, giving relief instantly, and I heartily recommend it to all sufferers." De- Witt's Witch Hazel Salve is unequalled for its healing qualities. Eczema and other skin diseases, also sores, cuts, burns and wounds of every kind are quickly cured by it. Sold by F. G. Fricke & Co.

An Open Letter.

From the Chapin. S. C., News: Early in the spring my wife and I were taken with the diarrhoea and so severe were the pains that we called a physician who prescribed for us, but his medi- cines failed to give any relief. A friend who had a bottle of Colic, Cholera and Diarrhoea Remedy on hand gave each of us a dose and we at once felt the effects. I procured a bottle and before using the entire contents we were en- tirely cured. It is a wonderful remedy and should be found in every house- hold. H. C. Bailey, editor. This reme- dy is for sale by all druggists.

Cass County Girls.

Evidently Cass county teachers do not find any trouble in getting good positions, no matter where they go. Miss Eva Allison, daughter of James Allison, of near Murray, has just been re-elected principal of the Medford, (Oklahoma), schools. In speaking of the action of the board in this matter, the Medford Star says:
At a meeting of the school board held Tuesday all the present corps of teachers were retained for another year. This action upon the part of the board of education is to be com- mended. It not only speaks well for the schools but it is a compliment to the teachers. Miss Allison, as prin- cipal, has won the good will of the pupils and the support of the patrons. The assistant teachers have also worked hard for the success of the schools. May the schools prosper.
The Allison girls, several of whom are now engaged in teaching, are all up-to-date in their chosen profession and their services as such are eagerly sought. They are not only at the top round of the ladder as teachers, but they are accomplished young ladies in all respects.

A Sure Thing.

It is said that nothing is sure excep death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles. Thousands can testify to that. Mrs. C. B. VanMetre of Shephertown, W. Va., says "I had a severe case of bronchi- tis and for a year tried everything I heard of but got no relief. One bottle of Dr. King's New Discovery then cured me absolutely." It's infallible for croup, whooping cough, grip, pneu- monia and consumption. Try it. It's guaranteed by F. G. Fricke & Co., druggists. Trial bottles free. Regu- lar sizes 50c and \$1.00.

Whooping Cough.

"In the spring of 1901 my children had whooping cough," says Mrs. D. W. Capps, of Capps, Ala. "I used Cham- berlain's Cough Remedy with the most satisfactory results. I think this is the best remedy I have ever seen for whooping cough." This remedy keeps the cough loose, lessens the severity and frequency of the coughing spells and counteracts any tendency towards pneumonia. For sale by all druggists. Smoke the Wurl Bros.' celebrated "Gut Heil" cigars.

Has Escaped.

Governor Mickey's requisition on the governor of Iowa came too late to have Edward Sphades, who was arrested in Missouri Valley, Ia., on the charge of burglarizing a tailor shop in this city, on Saturday night of the street fair, brought back. The officers at Missouri Valley have let the fellow get away. He was released on bond, so it is said, (straw bail, at that) and he made good this opportunity to escape.

L. W. Wakeley.

J. Francis, general passenger agent of the Burlington lines west of the Missouri river, goes to Chicago to serve in a similar position on the lines east the river. L. W. Wakeley, with present headquarters at St. Louis, will succeed Mr. Francis at Omaha. The editor of the Journal has been acquainted with Mr. Wakeley for a number of years, or ever since he has been connected with the Missouri lines, and while our relations with Mr. Francis for the past two years have been of the most genial nature, we are glad he is to be succeeded by a gentleman and scholar of Mr. Wakeley's calibre. The Sunday World-Herald, in speaking of Mr. Wakeley's coming to Omaha, says:

Only Think of It!

A Kansas editor vouches for the fact that a cow chewed off a rooster's tail and at the next milking gave a gallon and a half of cocktail. It is appalling to think of what is going to happen to the editors of that state at the final balancing of earthly accounts!
