### Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs.

This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonials received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

### Dr. W. A. Clark Resigns Presidency.

Lincoln, May 24.—Dr. W. A. Clark, president of the state normal school at Peru, one of the principal educators of the west announced that he had resigned the presidency, to take effect in June. While not definitely announced, it is believed he will accept a call from Wisconsin.

### Crabtree Goes to Peru Normal.

Peru, Neb., May 23.—The board of trustees of the State Normal school met here and in addition to routine business received the resignation of Dr. Clark as superintendent of the school. It was accepted, and J. W. Crabtree of Lincoln was elected to the position.

### Charge Young With Murder.

Nebraska City, Neb., May 23.—The coroner's jury in the Botts shooting case has returned a verdict to the effect that Botts came to his death by shots fired with deliberate intent to do murder by Jesse Young. A complaint charging Young with murder in the first degree was filed and the case will be heard at the next term of the district court.

### Board After Stock Values.

Lincoln, May 25.—The state board of equalization spent another busy day with A. W. Scribner of the Union Pacific on the witness stand in a discussion of the value of stocks and bonds belonging to the Union Pacific proper. Mr. Scribner did not have the information required by the board and he was given time to communicate with the New York office to get it.

### Rain and Wind in Nebraska.

Lincoln, May 25.—Following a maximum temperature of 89 degrees, sections of Nebraska last night were visited by violent wind and rain storms. The rainfall was heaviest in north Nebraska, accompanied by thunder and lightning. C. C. Clark, a farmer near Wayne, was killed by lightning and his son severely injured. Three horses they were driving were killed. In southern Nebraska the rain, which was light, was preceded by a blinding dust storm.

### Omaha Boy Killed by Cars.

Troy, Kan., May 24.—Edward Doyle, the fifteen-year-old son of Edward Doyle, Sr., of Omaha, was run over by the westbound Rock Island passenger train and the body was horribly mangled. Young Doyle had gone to Wathena in company with Thomas Doyle to seek employment picking strawberries, and lay down on the track to rest and fell asleep. The accident happened five miles east of Troy. The remains were brought to Troy on a handcar in a gunny sack. They were cut in about twenty pieces.

### Enlists Americans to Aid Revolt.

Omaha, May 24.—Several Omaha men have enlisted for military service in China. One man has drafted as a lieutenant at an annual salary of \$3,500, and holds himself, as do others, in readiness to go to the Orient at any time. General English is doing the enlisting and the son of the dowager empress is said to have authorized it, which is taken as conclusive evidence that he is planning an overthrow of the present dynasty of which his mother is the head. This comes from some of the men who have been enlisted in Omaha and is the representation made to them.

### The Best Family Salve.

DeWitt's Witch Hazel gives instant relief from Burns, Cuts, Bruises, Sores, Eczema, Tetter and all abrasions of the skin. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's and a cure is certain. There are many cheap counterfeits on the market, all of which are worthless, and quite a few are dangerous, while DeWitt's Witch Hazel Salve is perfectly harmless and cures. Sold by F. G. Fricke & Co.

### RECESS TAKEN FOR A WEEK.

Illinois Convention will Reassemble the Last Day of the Month. Springfield, Ill., May 21.—Unable to end the deadlock on the gubernatorial nomination, the Republican state convention adjourned until 2 p. m., May 31. Only one ballot was taken. It was the fifty-eighth roll call and showed no material change from the fifty-seventh, or from the first taken May 13. The convention suspended operations, leaving Governor Yates in the lead, with 483 votes. Colonel Frank O. Lowden second, with 392; Charles S. Deneen third, with 385; H. J. Hamlin fourth, with 113; Vespasian Warner fifth, 83; Lawrence Y. Sherman sixth, with 46, and John H. Pierce seventh, with 29. There is a total of 1,662 delegates, making 752 votes necessary for a choice.

All the candidates agreed to the eleven day recess. The band played "Home, Sweet Home," but nobody sang, for ten days of shouting had left the crowd hoarse and exhausted. The convention was in session less than an hour. It first convened Thursday, May 12. Delegates at large were elected and resolutions were adopted last week.

### POISON DIET IS DEADLY.

### Professor Wiley's Drug Squadron Exhibits Ill Effects of Preservatives.

Washington, May 23.—Professor Wiley's "poison squadron" of twelve young men, who for several months have been eating food in which has been placed salicylic, sulphuric, or benzoic acid poisons, resumed the consumption of food which had not been doctored. For several months Professor Wiley, chemist of the agricultural department, has been conducting experiments to determine what effect preservatives used in foods and beverages have upon the human system.

All of the young men show ill effects from eating the drugs used as preservative. One or two of the men are on the verge of a breakdown, but the identity of members of the "poison squad" is concealed. The results of the experiments show some of the preservatives are deadly, causing inflammation of the digestive organs. This experiment tends to explain away the poison mysteries following the eating of canned goods.

### PARIS IS STIRRED UP.

### Socialists Urge French Government to End the Concordat.

Paris, May 23.—The recall of M. Nisard, French ambassador to the vatican, continues to be the absorbing topic. The ambassador is expected to arrive here today. He will confer with Foreign Minister Delcasse and go over the details of the rupture between France and the vatican preliminary to the meeting of the council of ministers tomorrow, when a further line of action will be determined upon. Contrary to general expectations, Mgr. Lorenzelli, the papal nuncio at Paris, will not leave his post. The tone of the socialist papers indicates that powerful element has urged the government to take more extreme measures. Deputy Geralt Richard says in the Petite Republique that the matter must proceed until the concordat is ended.

### Four Men Drowned.

Boise, Ida., May 23.—John Bowen, John Conley, John Bedore and a man named McDonald were drowned in the rapids of the Payette river.

### CHICAGO GRAIN AND PROVISIONS

### The Best Whisky

is the Cheapest in the End!

Poor Whisky is not only disagreeable to taste, but undoubtedly injurious to the stomach. A little good Whisky is a fine tonic and helps instead of harming. Such Whiskies as Yellowstone, for instance, will do you just as much good as a doctor's prescription. If you don't know how good it is come in and try it.

**PRICES:**

Guckenheimer Rye, per gallon	\$4 00
Yellowstone	4 00
Honey Dew	3 00
