"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White of Coahuila, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea he used, as I had good reason to believe it was, and he would not say under oath that it was not." The Platte river was out of its banks

Thursday. At South Bend the entire river bottom was covered as far south as the B. & M. depot. Thus the bottom land farmers have received another blackeye. Time was when Platte river bottom land was more valuable than the adjacent upland farms, but the floods of the past few years has caused such farms to be next to worthless as farms.
