**MRS. ELIAS UNDER ARREST.**  
Detectives Batter Down Front Door of Her Residence in New York.  
New York, June 8.—Detectives battered down the heavy front door at the residence in this city of Mrs. Hannah Elias, the negro woman who is charged with obtaining nearly

MRS. HANNAH ELIAS.  
\$700,000 from aged John R. Platt by blackmail. They then placed her under arrest on a warrant charging her with extortion in having secured \$7,500 from Mr. Platt in May last.  
Mrs. Elias was in bed when the warrant was served. Immediately afterward the papers in the civil action brought against her by Mr. Platt were served.

**PEACE FOR DOMINGO.**

Rebels Induced to Quit War by United States Naval Officer.  
Washington, June 6.—Peace now reigns in San Domingo and Commander A. C. Dillingham, U. S. N., is responsible for this happy condition. He prevailed upon the warring factions to meet on board the cruiser Detroit with a view to bringing about peace, and he has succeeded admirably, as shown by a communication received by the navy department.  
The dispatch was sent by Rear Admiral Sigsbee and was as follows: "Representatives met aboard the Detroit and, according to arrangements made with the commanding officer of the Detroit (Commander Dillingham), peace has been agreed upon in Santo Domingo and the cessation of hostilities to obtain the consent of the recognized government. The Newark arrived opportunely, as the conference made better arrangements. The Newark remains several days and then sails to San Juan."

**British Warship for Tangier.**

London, June 8.—The foreign office denies that the British Mediterranean squadron has sailed for Tangier, as cabled from Gibraltar. Only one ship, as originally reported, will be sent. It is believed that with the co-operation of France, satisfactory arrangements can be made for the release of Messrs. Perdicaris and Varley. The statement that the United States intends, in the event of the failure of negotiations, to seize a Moorish port is not credited at the foreign office, where it is said that the United States and Great Britain are working with the co-operation of France to secure the release of the prisoners, with the least possible disturbance of existing conditions.

**Hunting Owner of Pistol.**

New York, June 8.—Detectives at work on the shooting of Bookmaker Frank T. Young, which occurred in a cab here last Saturday, are slowly tracing the history of the revolver which caused the horseman's death. Around the ownership of the weapon may revolve a solution of the whole affair. Young's friends all assert that he never carried a pistol and the intimates of "Nan" Patterson, who was with Young in the cab, declare she had a horror of weapons.

**Flood Situation in Arkansas.**

Little Rock, Ark., June 8.—Cessation of rain brought some comfort to the flood stricken localities along the Arkansas river. Although the river is three feet above the danger line at Little Rock, the announcement is made that it will come to a stand today. Reports of irreparable damage to cotton and corn crops in the lowlands multiply and the result will be disastrous, because it is now too late for replanting. Much live stock has been drowned.

**Austrian Swindler in the Tolls.**

Indianapolis, June 8.—Jack Sibley, an Austrian, unable to read or write, and speaking English with difficulty, was arrested here charged with obtaining money under false pretenses. He is said to have advertised in several papers offering to take a number of men to Alaska for \$100, in return for which they were to be allowed to work certain gold claims which he alleges he owns. The expedition was advertised to start from St. Paul.

**Moors Invade English Residence.**

Tangier, June 8.—Armed Anjara Moors invaded the residence of an Englishman here and compelled his wife to give up the rifles of her husband, who was absent. The outrage took place in broad daylight. The British consul demands the arrest of the tribesmen, but the Moorish officials hesitate, because the perpetrators are influential.

**Six Drowned in Backwater.**

Muskogee, I. T., June 8.—Alfred Lee and his five children were drowned while trying to cross backwater in a small stream near the Arkansas river. Lee and the children were in a wagon, which was turned over in fifteen feet of water. The six bodies were recovered and brought here.

**Thousands Have Kidney Trouble and Never Suspect it.**

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.
