drive out all inflammation.

## Weeping Water

From the Republican.  
Two new telephone lines are being put in north of town. This is getting to be one of the best equipped telephone districts in the country.

Ben Miller has accepted a position to go on the road and sell hardware. Mr. and Mrs. Miller left Tuesday for Omaha, where they will make their headquarters.

John Gordon, the blind veteran, was up from the Leavenworth soldier's home to visit relatives and friends and attend Decoration day services. Mr. Gordon is looking well.

Miss Travis left Saturday morning for Plattsmouth, to visit her brother and family before leaving for her home in Ohio. Miss Travis has been trimming for Miss Paine for the past twelve weeks.

Prof. Seanson of Wahoo was in town Friday on business. Mr. Seanson was principal of our school about ten years ago, under Prof. Waterhouse, and has a large circle of friends here who were pleased to see him again.

Mrs. A. L. Winchell, late of New Mexico, who has been keeping house for her brother, Will Cogitzer, out at Hallett, Neb., accompanied by her three children, came in Tuesday evening with Will. Mr. Winchell is expected to come to Weeping Water before long, and they will again make this their home.

Mrs. Arthur Jones has been sick for the past week and the physician tells her that she will never get better until she goes back to the hospital and has another operation. They think the stitches taken when she was operated on for appendicitis have pulled out. Mrs. Jones is having more than her share of trouble we think, and hope for a permanent cure for her and good health as a recompense for all she has endured.

Charles T. Wallick died at his home in Omaha of appendicitis, on Friday, May 27, 1904, aged twenty-five years, eight months and ten days, after an illness of only three days. Charles T. Wallick was born September 17, 1878, died May 27, 1904. The body was brought here Saturday evening for burial, the services being held at the Congregational church on Sunday afternoon at 2 o'clock, Rev. D. S. Donegan of Eagle conducting the services, assisted by Rev. S. I. Hanford.

A special train came down from Omaha on Sunday bringing about 150 friends and members of the Brotherhood of Railroad Trainmen, of which he was a member. They brought with them a beautiful floral piece in the form of a wheel. The flowers were abundant and beautiful. The stricken wife has the deepest sympathy of all in her sudden bereavement.

From the Herald.

J. H. Inhelder moved his confectionery stock last week to Stanton, where he will in the future do business.

Earl Parkins came down from Springfield last Friday and has accepted a job with the Commercial Land Co. as time keeper.

Quite a number of farmers found it necessary to replant part of their corn. The cool weather prevented its sprouting.

Wm. H. Pool has been on the sick list the past week with stomach trouble. He is grieving much for fear the strawberry season will be over before he is in shape to partake.

Mrs. George Pohl, living six miles west and one mile south of Avoca, died very suddenly Tuesday, May 26. Her death was a great shock to the husband, as she had not complained of illness, and had been up and around a few days previous. She leaves a baby ten days old. The cause of her death is said to be heart trouble. The funeral occurred Wednesday.

Saturday evening, S. W. Orton while descending the back steps at the store, stepped on a loose board which turned over and precipitated him to the bottom, where his left side came in contact with some timbers. The pain soon caused him to take to his bed, and Dr. Thomas said that about two inches of fat saved him some broken ribs. If it hadn't been daylight Steve might have noticed the loose board by the rays from his lantern. He is getting better. The corps of teachers of the public schools will be considerably changed another year. Prof. S. M. Moss has decided to quit teaching. He says when a person begins to lose in strength in the prime of life it is time to make a change, and he will go to his home in Fairbury and later on en-

gage in some business. Misses Murrice Johnson, Josie Howard and Margaret Contryman have also decided to teach here. Miss Johnson departed Saturday for St. Louis to visit her sister and the fair. Miss Howard has in mind a University course. The balance of the teachers have consented to teach another year.

### For a Hundred Years.

For a hundred years or more Witch Hazel has been recognized as a superior remedy, but it remained for E. C. De Witt & Co. of Chicago, to discover how to combine the virtues of Witch Hazel with other antiseptics in the form of salve. De Witt's Witch Hazel Salve is the best salve in the world for sores, cuts, burns, bruises and piles. The high standing of this salve has given rise to counterfeits, and the public is advised to look for the name "De Witt" on the package, and accept no other. Sold by F. G. Fricke & Co.

## Greenwood

From the Enterprise.

Miss Kate Laughlin has returned from a visit to Murray and Plattsmouth.

John Kimberly is to commence the erection of a new residence in town in the near future.

Miland Blair has been suffering for the past week with the mumps. It is said his jaw resembled a toy balloon.

It is now time that we get the 4th of July celebration under headway and make this one of the best and most glorious ever held in the county. Fall in line and help the cause.

Our citizens have organized what is known as the Greenwood Park Association, and expect to lease a park and fix it up for picnics and celebrations. The shares are selling at \$2.00 each. About sixty shares have been subscribed.

At a meeting held Monday evening a brass band was organized with a membership of twenty-four. There is nothing better a town can do toward advertising than by supporting a good band, and it is hoped that everyone will lend a hand toward its support. They expect to be in readiness to play by the Fourth.

The town park in the south part of town is undergoing a transformation. The trees have been trimmed and the grass is to be cut, and new seats are to be purchased and placed. This is a great improvement to the town and will be appreciated by our citizens.

Greenwood has again organized a base ball team with E. S. Coburn as manager. At a meeting last night new suits were ordered and enough money has been raised to defray the expenses of the team for some time. The boys expect to put up good clean games and are ready to meet any and all competitors. Teams looking for a game will be accommodated by addressing Mr. Coburn.

### F. G. Fricke & Co.

ask the readers of this paper to test the value of Kodol Dyspepsia Cure. Those persons who have used it and who have been cured by it, do not hesitate to recommend it to their friends. Kodol digests what you eat, cures indigestion, dyspepsia and all stomach troubles. Increases strength by enabling the stomach and digestive organs to contribute to the blood all of the nutriment contained in the food. Kodol Dyspepsia Cure is pleasant and palatable.

## Louisville

From the Courier.

Born—To Mr. and Mrs. John Gobel, Thursday, June 2, a girl.

Horse stealing seems to be an epidemic in Cass county, and the farmer with a good team of horses rests uncomfortable in his bed, fearing that his barn will be the next to be entered.

Miss Willie Berger will return home Saturday from Wayne, Neb., where she has just closed a successful year's work. Miss Berger has accepted a position in the Lincoln schools for the coming year.

We are pleased to learn that John Lobnes, one of Eight Mile Grove precinct's most substantial farmers, has decided to move to town. He purchased a neat residence on upper Main street. John Spence brought the blood hounds to town Thursday and put them on the trace of the team stolen at Nehawka, and they followed the trail to a point north of Springfield, when it was necessary to abandon the trail on account of rain.

At the German Lutheran church on Wednesday, at 2 o'clock p. m., occurred the marriage of Miss Enllie Kraft,

daughter of Mr. and Mrs. Carl Kraft, to Mr. Henry Vogler, a well known young farmer of Louisville precinct, Rev. George Jung performing the ceremony.

Mr. and Mrs. C. C. Housel returned Monday evening from their wedding trip and at once went to housekeeping in their own home in the north part of town, a cottage erected and furnished throughout and presented to them as wedding present by the groom's grandmother. On Tuesday evening a number of the young people gave them a charivari party, and after a short open air service they were invited in and spent the evening very pleasantly.

### Sued By His Doctor.

"A doctor here has sued me for \$12.50 which I claimed was excessive for a case of cholera morbus," says R. White of Coehella, Cal. "At the trial he praised his medical skill and medicine. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea he used, as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus; it never fails. Sold by all druggists.

## Eagle

From the Beacon.

Zachary Smith of Charlotte, Mich., spent Decoration day in this place.

Jake Reitter's girls came down from Lincoln and spent Sunday and Monday with him.

Mrs. A. M. Gleason left for Omaha yesterday for a month's visit with her daughter.

Miss Zetta Venner left Tuesday morning for a couple of weeks' visit with relatives at Plattsmouth.

Walter Peterson and family of Havlock visited relatives here a couple of days the first of the week.

Charley Price was taken very sick Wednesday evening, but he is resting easier today (Thursday.)

Charles Renner, who has been section foreman for the past few years at this place, has quit railroading. Ed Hamilton of Dunbar has taken his place.

Guy Adams left for Plattsmouth Sunday morning to visit friends for a couple of weeks and to attend the graduating exercises of the high school.

Charlie Michael, who has been sick and was staying at the hotel for the past two or three weeks, has recovered sufficiently to be around again and went out home Wednesday.

Joseph Saek, who enlisted in company H, 28th Infantry of the United States army, and who has been serving in the Philippine Islands for the past two years, has received his discharge and returned home last week.

Considerable corn has been replanted by the farmers around here during the past week. Some of it had been washed out by the heavy rains, and a great deal of it never sprouted on account of poor seed.

A. L. McDonald, president of the Eagle Telephone company, informs us that the patrons of the line will soon have communication with Lincoln. The Plattsmouth company will connect with the independent line in Lincoln in a few days, which will give us direct connection into Lincoln.

Rev. D. S. Donegan was called last Saturday evening to preach the funeral services of Charles Wallick, who died in Omaha, May 27, and was buried in Weeping Water cemetery on Sunday, May 29. The fraternity of the Brotherhood of Railroad Trainmen from Omaha attended the funeral. The services were held at Congregational church.

### An Alarm Clock for 25c.

If you want to get up early and feel good all day take a Little Early Riser or two at bed time. These famous little pills relax the nerves, give quiet rest and refreshing sleep, with a gentle movement of the bowels about breakfast time. W. H. Howell, Houston, Tex., says, "Early Risers are the best pill made for constipation, sick headache, biliousness, etc." Sold by F. G. Fricke & Co.

## Elmwood

From the Leader-Echo.

Joe Holderness is hauling out foundation rock for a new house on his farm near Eagle.

John Connally and wife of Murray were guests at the J. R. Baird home this week.

Mrs. Q. Parmele and children of Plattsmouth were the guests of her mother, Mrs. E. Tyson, over Memorial day.

J. P. Brislin and family of Cove, Oregon, are here visiting relatives and friends, and will probably remain until after the reunion.

H. D. Wall and wife returned last week from their trip and visit to California, and came down from Eagle Tuesday to see their many Elmwood friends.

One day last week D. Smith dumped one hundred and sixty-five loads of corn in his elevator. This is probably the most corn ever received in Elmwood in one day by one firm.

Mrs. Stoehr and daughter, Mrs. Lowrey and daughter of Pekin, Ill., and Miss Meisinger of Cedar Creek, Neb., are visiting friends and relatives here, the guests of J. C. Hayes and wife.

Frank Rivett came in from Sheridan, Wyo., Wednesday morning, and will spend a few days with Elmwood relatives and friends. Frank expects to commence work in the Havlock shops about June 15.

The barbecue which is to take place during the Grand Army reunion here, is going to be a rousing success according to William Buster, and we consider him the best of authority. He states as his reason for this the fact that the barbecue committee is composed of nine democrats and one republican. Although not quite 16 to 1, Buster is satisfied with the ratio, and will be 'coming some' when the ox is roasted.

### Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and doctored all the time without being benefited. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all lung and throat troubles, consumption, pneumonia and grip. Guaranteed by F. G. Fricke & Co., druggists. Trial bottles free, regular sizes 50c and \$1.00.

## Nehawka

From the Register.

Born—On Friday afternoon, May 27, to Mr. and Mrs. B. F. Moore, a daughter.

Mr. and Mrs. William Stockham and their pretty little daughter, Alice, were visiting at the home of Mrs. Ingwersen last Friday.

J. G. Hansen is having a large fine stone monument erected over the remains of his deceased wife, in the cemetery near his farm.

Last Thursday night about twenty young people gathered at the home of Mr. and Mrs. William Newman and enjoyed an evening's reception given by the Misses Della and Jessie Newman in honor of Miss Ola Newman. The occasion was splendidly programmed, and music, games and refreshments were the order of the evening's entertainment.

H. F. Kropp, who has been very assiduously at work for several weeks making the rounds of the Nehawka assessment precinct, gave the Register the following facts and figures as gathered by him: Actual value of real estate, \$1,149,570; assessed value of real estate, \$229,914. Actual value of personal property, \$405,002; assessed value of personal property, \$81,000.

Another successful robbery was committed last Saturday night. This time the thieves got about a dozen chickens from Charles Wentz. Wentz and family have only recently moved into the village. During the past two weeks there has been several attempts made to enter houses in the night time, and, we believe, by the same parties. There are spotters out trying to run the thieves in a corner, and if they are caught there will not be any law suit, but they will be dealt with in such a manner that they will never make it known to the public.

While working on a frame building at the Ost brothers last Friday, J. W. Kain, aged about 60 years, fell from the scaffolding and sustained injuries that will incapacitate him for work in the future. He became overbalanced and fell backward, striking on a stone cellar eight feet below. His right shoulder bone was broken and was otherwise badly bruised about the arm and elbow. Mr. Kain was carried to his home and medical assistance summoned immediately. At this time (Thursday) he is improving, but suffering from his injuries.
