### THE STATE CONVENTIONS.

George W. Berge Nominated for Governor, and Hugh Lamaster for Congress.

The latest from the conventions in session at Lincoln, is the nomination of George W. Berge, of the capital city for governor. Mr. Berge was the fusion candidate for congress in this district four years ago, and is said to be quite popular as well as an able man.

Hugh Lamaster, the fusion candidate for congress, hails from Tecumseh, Johnson county, an able lawyer, and is one of the rising orators of Nebraska. His family are among the earliest settlers of the state.

The balance of state ticket we presume will be nominated today.

### Will You Be There?

Where? Why the Old Settlers' Reunion at Union, of course. If you are a pioneer of Cass county you ought to attend, and if you ain't an old settler of the county you ought to go and enjoy yourself in seeing old faces as well as new ones. Among the list of speakers will be Hon. W. F. Gurley, of Omaha; Hon. H. H. Hanks, of Nebraska City, and our silver-tongued orator, Matthew Gering. There will be plenty to interest all. Plenty of good music, both vocal and instrumental, baloon ascension and parachute leap each day, and any amount of amusement for both old and young. Remember these reunions come but once a year, and you may never have an opportunity to see another one. Go and see your old friend of nearly a half century ago. Boys take a day off and take your best girl and enjoy yourself, bearing in mind you are not to live always—so enjoy yourself while you can. Remember the days and dates—Friday and Saturday, August 19 and 20.

### A Sweet Breath

is never a failing sign of healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary C. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years; tried all kinds of remedies but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Sold by F. G. Fricke & Co.

### Died From Eating Rat Poison.

Myran, the three-year-old child of Walter L. Thomas, living west of the city, died yesterday afternoon from the effects of eating rat-biscuit. It appears that the child went the cupboard for something to eat, when it came across a box containing biscuit, two in number, which he ate, and then replaced the box. Later on when it was discovered what the child had done, Dr. Cummins was called Tuesday night, and remained with it until a very late hour. On leaving the child appeared much better. Everything possible was done to save the little one, but without avail. The funeral will occur today. 'Tis sad indeed to lose a child thus, and the entire community deeply sympathize with Mr. and Mrs. Thomas.

### Ho! Ho! Mr. Kiethley.

When a newspaper man makes a great blow about the "scavenger" law being such a good thing in straightening up back taxes, just inquire what the county treasurers for years back were doing that they did not report such matters sooner. It is a positive fact that we know of a newspaper editor who never pretended to settle up his taxes unless he could turn the proceeds of publishing a delinquent tax-list in payment for such taxes, and even then did not make a full settlement, yet claims that he never knew of such taxes being due and unpaid until the enforcement of the scavenger law.—Weeping Water Herald.

### New Telephone Company.

The citizens of Murdock have organized a new telephone company, and articles of incorporation have been filed a copy of which appears in this issue of the Journal. The title of the new organization is the Murdock Telephone Company and the capital stock has been placed at \$1,500, and the headquarters of the company will be at Murdock. L. Neitzel is president of the company and Roy B. Cox, secretary.

### A Remarkable Event.

Mr. John Drasek of Hallettsville, Texas, writes us as follows: "We were at a loss to understand the condition of our 16-year-old son, John. He always used to be in the best of health, robust and strong. At once he began to grow pale and weak, in spite of all medicinal help we gave him. At last he became discouraged and positively refused to use any medicine and we indeed gave him up, believing him to be a victim of consumption. Some of our best friends recommended to give him Triner's American Elixir of Bitter Wine and we persuaded the boy to take this pleasant remedy. We then procured six bottles and could hardly believe what happened. John immediately got good appetite, his complexion became natural and his body stronger. Two bottles were sufficient to cure him." It seems to be wonderful, but in fact is an every day occurrence with those using Triner's Bitter Wine, as people call it. It acts directly on the stomach; the digestion becomes regular, the blood pure and rich. It is the best blood purifier, nerve tonic and muscle builder. At drugstores, Jos. Triner, 709 S. Ashland Ave., Chicago, Ill.

Violent Attack of Diarrhoea Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy and Perhaps a Life Saved.

"A short time ago I was taken with violent attack of diarrhoea and believe I would have died if I had not gotten relief," says John H. Patton, a leading citizen of Patton, Ala. "A friend recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. I bought a twenty-five cent bottle and after taking three doses of it was entirely cured. I consider it the best remedy in the world for bowel complaints. For sale by all druggists.

### Oh! What a Lie!

We are informed by very good authority that Sheriff McBride demanded \$500 to run down the Weeping Water horse thieves. This Mr. Marshall refused to do, but said he would give \$200. The county commissioners it seems should offer a reward for such criminals in order to stop this raid. It is not right that a man should lose his team and have his barn burned, and then be asked to "dig up" by the sheriff. The people are getting tired of paying taxes to support officers that can see no farther than the treasury vault.—Nehawka Register.

It would seem that the author of the above simply took the word of some other person for his authority, and that some other person took some other for his authority to tell the man who wrote the above. It's as big a lie as ever was printed in a newspaper, and on the face of it seems so preposterous that we are surprised that a person who is well acquainted with Sheriff McBride would take such a report as true, without asking Mr. Marshall. It seems so utterly unreliable and outlandish as to need no further notice. Now, as to the true facts in the case: As soon as Sheriff McBride was apprised of the theft, he immediately asked Mr. Marshall by phone if he should come to Weeping Water, and that gentleman replied that there was no necessity. He was authorized by Mr. Marshall to get out notices and that he would offer \$50.00 reward. This was all that was said in regard to any money consideration, except for expenses, for which there is no law provided, and which the Sheriff would have to pay out of his own pocket unless Mr. Marshall paid the same. Sheriff McBride told him he would give all the time he possibly could in an effort to recover the property if he would simply pay the expense.

Now, if the writer of the above effusion will go to Mr. Marshall he will most assuredly find out that he has printed a BARE FACED LIE, told for the purpose of injuring Sheriff McBride and nothing else. Mr. Marshall is a gentleman and will give the true facts in the case. The idea of a sheriff demanding \$500 to run down any criminal, is simply absurd.

P. S. Since the above was put in type, we are informed that the parties from whom Mr. Sheldon, the publisher of the Nehawka Register, secured his information were "kid" boys. This being the case, he should have inquired of Mr. Marshall as to the reliability of the report, before having his man, Friday, print such a base fabrication.

### Too Eager to Criticize.

The criticism of Sheriff McBride by people who are acquainted with conditions as they exist and by newspapers that do not take the trouble to become informed, would seem unwarranted when the facts are known. Under a ruling of the board of county commissioners the sheriff is denied the privilege of using the telephone or telegraph or the use of a livery team to apprehend thieves, and if he goes out in quest of law breakers he must pay his own expenses unless he is successful in capturing and convicting the thief, when he is allowed mileage and other necessary expenses. The Courier does not believe that the sheriff should be tied down hand and foot and then criticised because horse thieves wax fat in Cass county. During Sheriff McBride's term in office there has been nineteen head of horses and mules stolen in Cass county, nine of which have been recovered together with three of the thieves, two of whom are serving time in the penitentiary. This record, while it is not a brilliant one, is not so bad under the circumstances. If horse stealing is to be stopped in Cass county the board of county commissioners must untie the sheriff so that he may act. Until this is done withhold criticism.—Louisville Courier.
