The B. & M. Ry was represented by an adjuster who waited on Allen Walker, Saturday, to settle damages for injuries sustained recently in falling off a train. He offered Mr. Walker \$100 which was not accepted. The latter thinks he should have something more than the doctor bill, and will get it if he holds out.

John Jones is having the foundation laid for his new residence on his fifteen acre tract of land adjoining town. The house will be built just west of the W. E. Case residence, and will be 36x36

feet, to cost probably \$2,500. Mr. Matthews has the contract and the Dickson Lumber company furnishes the lumber.

Capt. Geo. L. Sheldon returned from

his trip through Mississippi and the south Tuesday noon. We have not interviewed him yet but are informed he enjoyed his trip very much but saw no country that would compare with this great state of the northland.

Lawson Sheldon, who has been quite sick for the past ten days is slowly recovering, we are pleased to announce. It is thought he taxed his strength too heavily during harvest.

The only damage we have heard of from the storm of Monday night was that the wind blew open a gate at E. A. Kirkpatrick's place and a cow got in and helped herself to the garden "truck."

August Johnson is wearing a smile that would make any mortal jump sideways, and the reason is thuswise. Fifteen years ago he left his home, wife and two children, at Kalman, Sweden, to cross the big waters to find a home in America for himself and family. He landed safely in New York and is now an honored citizen of our village. He just got a letter from his wife stating that she and her two sons, now 16 and 20 years old respectively would arrive here about the last of this month. You can all imagine the joy in his heart and the pleasure of this reunited family.

G. B. Burhans Testifies after Four Years.

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
