Miss Isabelle Tanner spent Sunday with her aunt, Mrs. Mary Young. It is rumored around that a wedding will soon occur among our prominent young people. This we are not sure of but we do know we admire that new ring. Roy Frans was here Sunday evening. We are always glad to welcome Roy, and glad that he has made arrangements to come again next Sunday.

Mark Burton left for Nebraska City Tuesday. Bob Fitch and Miss Mellie Keenan spent Wednesday at the fair.

We know of a case where the uncle and nephew are "Royal Rivals." This we are watching with intense interest to see which one wins out.

Walter Sans and Miss Birdie Creamer spent Sunday in Plattsmouth. Prof. Fowler is here ready to take up his school duties next Monday morning.

The Stomach is the Man. A weak stomach weakens the man, because it cannot transform the food he eats into nourishment. Health and strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach.

Cedar Creek Special Correspondence. Cedar Creek is getting to be quite a sporty little town, by gum! Did you hear about it? Reynold and Fred Hilley of Emerson, Iowa, visited W. H. Hell last week. A party was given in their honor Friday evening and a good time was had by all.

Every farmer in this vicinity has a force of men in the hay field for fear of an early frost. It has been reported that G. G. Meisinger lost three head of horses in one week. One died of old age, one of lung fever and one dropped dead working at the plow.

Misses Lizzie, Mamie and Ida Hell visited friends in South Bend over Sunday. A good many young folks in this vicinity are taking in the state fair this week.

Eagle From the Beacon. C. C. Bucknell of Nelson, and George Frohlich of Alvo, left last week for Washington to look up a location. Peter Christopherson sold his farm of 160 acres last Saturday to parties living near Elmwood. Consideration \$11,000.

Fred Ossenkop and Clarence have recovered sufficiently from their misfortunes to be able to discard their crutches. Mrs. Ida Tappan and two daughters arrived here Tuesday night from California on a visit to her father, J. B. Burdick.

Mrs. Walter Peterson is lying in a very critical condition. She has been unconscious about half the time since Sunday. There was no change in her condition yesterday. Isaac Pollard and sons of Nehawka, who have many acres in orchard, made a contract last week with a commission house of Minneapolis to furnish them with sixty car loads of fall and winter apples. The shipment will take two train loads and is the largest ever made from this state by one grower.

A swarm of bees took possession of Emory Cleman's mail box a few days ago. Emory didn't care to dispute their right of possession and eject them by force, but took the box down gently and persuaded them to go into another box. But the next morning they went back to the mail box, which was a wooden box that he had put up temporarily, so he took it down again and let the bees keep possession of it, and put up a metal box.

We are sorry to announce this week that Dr. and Mrs. W. R. Townsend expect to leave here about the first of September. Dr. Townsend has bought out Dr. Alton of Elmwood and will move there. We are informed that Dr. Alton will go to Porto Rico as a medical missionary. Doctor and Mrs. Townsend have many warm friends in and around Eagle who will be sorry to see them leave, but all will join in wishing them well in their new home.

Given Up to Die. B. Spiegel, 1204 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." F. G. Fricke & Co.

Nehawka From the Register. Roy Kirkpatrick came up from St. Louis Saturday evening and spent Sunday with his mother. Mrs. P. E. Ruffner and son, Horace, of Plattsmouth, are visiting at the home of E. A. Kirkpatrick.

W. H. Shomaker and wife departed on the flyer to attend the world's fair at St. Louis last Thursday. Frazier Bear, who for many years was a resident of this vicinity, but now a citizen of Iowa, came in a few days ago and is making an extended visit with the Carroll families and other old friends.

C. W. Snyder, who is employed at the stone quarries, had the misfortune to have one of his legs badly pinched between one of the dump cars and the chute. His doctor fears nothing serious unless some unforeseen complications should arise.

Grandma White, who has been quite feeble for some time, is feeling much better as we go to press. Her cousin, Judge Newell of Plattsmouth, accompanied by his son, Robert, and daughter, Mrs. Bertha Shopp, drove over Sunday and gave the lady a pleasant visit.

Mr. and Mrs. Louis Smith of Centerville, Ind., came in some ten days ago to see the latter's sister, Mrs. Griffith, whom she had not seen for thirty-seven years. Mrs. Smith heard that her sister lived here and came to see her. It was a very happy meeting, and after a very pleasant visit started home Monday, taking Mrs. Griffith with her to the old home for a protracted visit, where she had not been since leaving many years ago. It is understood that if Mr. Smith can dispose of his property there he will come here and purchase and make this his future home.

Another instance of "didn't-think-it-was-loaded" caused what might have been the death of George A. Malcolm, who is driving rural route No. 13 out of Avoca. George has made it a rule for some time to eat his dinner and feed his team at Emil Straub's place, and last Monday as he had just finished his repast, some of the young men who had gathered there were sporting with a 22-calibre pistol, which of course was "not loaded." In snapping it the piece was discharged, the ball entering George's right thigh near the hip, and ranged downward toward the knee, making a very ugly wound. He was here Wednesday and a physician examined the wound, which was found only a penetration into the flesh, not deep enough to reach the bone. The probability is that the ball will not be removed unless unforeseen complications arise. This is certainly another warning not to tamper with firearms. It is a very dangerous practice. We hope the young man will not suffer any great hardship from this accident.

Stomach Trouble. "I have been troubled with my stomach for the past four years," says D. L. Beach of Clover Nook Farm, Greenfield, Mass. "A few days ago I was induced to buy a box of Chamberlain's Stomach and Liver Tablets. I have taken part of them and feel a great deal better." If you have any trouble with your stomach try a box of these Tablets. You are certain to be pleased with the result. Price 25 cents. For sale by all druggists.

Union From the Ledger. Mr. and Mrs. D. W. Foster departed Monday evening for St. Louis to spend several days seeing the great exposition. Miss Jessie Robertson of Plattsmouth was the guest of Miss Vernie Barnum a few days, returning home Monday evening.

Mrs. W. B. Banning, Mrs. Louise Mickle, Misses Minnie Taylor, Eva Smith, Carrie Banning and Luella Taylor departed Tuesday evening for St. Louis to spend several days at the exposition. T. G. Barnum desires to save the people the trouble of asking questions, therefore he authorizes the announcement that there is nothing wrong with his neck excepting a fine large boil that has filed a claim there.

Mr. and Mrs. John Kennedy have sold their Union property and will probably locate in Nebraska City. Will L. Taylor is the purchaser and will take possession as soon as Mr. Kennedy finds a suitable location for a home.

HENRY BAKER Cedar Creek, Nebraska

It is great fun to get up a few times in the middle of the night and chase a blamed old cow out of the front yard to keep her from getting an overdose of your blue grass that you have labored faithfully to raise. That's why all cows ought to run at large in town without any ordinance to protect the lawns. Turn the cows out and let them feast upon the neighbors blue grass.

Prof. J. W. Gamble shipped his household goods to Elmwood this week, where Mr. Gamble will have charge as principal of the schools. He and his family departed for there yesterday morning. They have many friends in this village and vicinity who regret that they decided to locate elsewhere. Elmwood has gained good citizens, as well as one of the county's best instructors for their schools.

L. G. Todd has closed a deal whereby he becomes owner of the Wallace residence, one of the finest in town, and Mr. and Mrs. Todd will become citizens of this village the coming spring. They have resided on the "old home place" since 1857, and when they move to town we suppose L. G. will have to put on a high collar and a stove pipe hat to make him realize that he can forget the old farm troubles.

FOLEY'S HONEY AND TAR for children; safe, sure. No opiates

What Is Life? In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in constipation, headache or liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at F. G. Fricke & Co.'s drug store.
