RACING FOR MUKDEN

RUSSIANS PREPARING TO ABANDON THAT CITY.

Japanese General Again Trying to Turn Enemy's Position and Reach the Railroad—Russian Losses at Liao Yang Estimated at 16,000.

London, Sept. 6.—The forces of Kouropatkin and Oyama are racing for Mukden. This much stands out in the news of the day, and is indicated in a report forwarded by Kouropatkin, who says that his retreat is being conducted in perfect order, though the Japanese on Sunday repeatedly attacked his rear and continued the attack until Monday. The result of the race is in doubt.

The united Russian forces are now north of Yental, a station on the railway about ten miles northeast of Liao Yang. They are pushing on to Mukden, to which the bulk of Japanese forces is marching direct, after having swarmed across the Taitse river. A strong Japanese flanking column is about thirty miles northeast of Liao Yang and is trying to get between the Russian forces and Mukden.

The race of General Kouropatkin for Mukden enthralled the British press and public, and military and other critics scarcely dare venture a definite surmise as to its result. The best opinion inclines to the belief that Kouropatkin will get through with a respectable remnant of his army, thus robbing the Japanese of the complete fruits of their victory, but it is believed that the Russians will not be out of the woods for several days. The latest reports are to the effect that General Kouropatkin is once more in danger of being cut off, and it is believed that this report will be repeated several times before the issue of the sanguinary struggle is decided.

The correspondent of the Times with General Kuroki on the Taitse river, in a dispatch, dated Sept. 3, says: "Kuroki's flanking movement has progressed by a succession of desperate night attacks. He is now within five miles of the railway and ten miles north of Liao Yang. The Russians are holding their positions tenaciously and making an unexpectedly strong stand. If the Japanese succeed in pushing home the attack, the Russians will be completely cornered."

Advices from Port Arthur, by way of Chefoo, bring the fighting there up to Sept. 2 and say the Japanese losses were very heavy.

The Chefoo correspondent of the Daily Telegraph says the Russians have mounted two twelve-inch guns on Parapolschue mountain, close to the city of Port Arthur, from which they are shelling the Japanese. The correspondent says that the Eighth division, under Lieutenant General Tatama, the eminent strategist, has arrived at Dalny to reinforce the beleaguers.

PREPARE TO ABANDON MUKDEN.

Czar's Army to Evacuate That City, Thus Ending Campaign.

Mukden, Sept. 6.—Preparations for the evacuation of Mukden are proceeding. The Japanese advance is within thirty miles.

St. Petersburg, Sept. 6.—It is impossible to obtain any statement from the authorities regarding the reported preparations for the abandonment of Mukden. This is the first intimation that such a course is contemplated. If it turns out to be true, it means the abandonment of the whole of southern Manchuria and the winding up of the present campaign. In fact, should Mukden be evacuated, there would be no point for wintering the army of a quarter of a million, with its many wounded, short of Harbin. On the other hand, the evacuation of Mukden would give Field Marshal Oyama commodious winter quarters and the practical control of two lines of railway. The Kinchou-Simintsin line, tapping rich Chinese territory, stops little short of Mukden, with which it is connected by a good wagon road. The report of the prospective evacuation of Mukden, if well founded, would indicate that the crippling effect of the Liao Yang fighting on Kouropatkin's army is more serious than has as yet been intimated.

Details of Liao Yang Fight.

Yental, Sept. 6.—A Russian correspondent of the Associated Press, who has just arrived here from Liao Yang, gives some details of the final assaults on that place. He says: "The hottest fighting was on Aug. 30 and 31, when the repeated assaults of the enemy were all repulsed. The Thirty-fourth and Thirty-fifth regiments of the Ninth division and the Twenty-third regiment of the Eastern division were particularly hard pressed, and were several times reinforced. Ammunition could not be brought up quickly enough and the men at times actually stoned their assailants. Many companies had all their officers killed or wounded, and the men fought under noncommissioned officers. Many of the Japanese wounded fell into the Russian trenches and could not be removed when the retreat commenced and had to be abandoned. Others more unfortunately fell between the lines and we could not bring them in. The Japanese could not remove them and they lay most of the day and night exposed in the line of fire. Their cries and groans, which were heart-rending, could be distinctly heard. Our skirmishers fell on many of them while pursuing the retreating Japanese, and when they could give water to them, but had to leave them to be run over

500 PASSENGERS ARE ON BOARD

Wabash Train Wrecked Near Pendleton, Mo.

Moberly, Mo., Sept. 7.—The south-bound Wabash passenger train, which left Des Moines for St. Louis at 6:40 a. m., was wrecked near Pendleton, Mo., killing eight passengers and injuring more than fifty others.

The dead: J. E. Nichols, Macon, Mo.; Mrs. C. H. Graves, La Plata, Mo.; Edna Patterson, La Plata, Mo.; Mrs. Henderson, La Plata; Mrs. Anna Greener, Macon, Mo.; Miss Hebler, daughter of A. P. Hebler, Macon; Mrs. Henry Folch, Huntington, Pa.; Mrs. W. T. Finch, Huntington, Pa.

Seriously injured: David Bruner, Kirksville, Mo.; Mr. and Mrs. A. S. J. S. Curtin, La Plata; Fred Crawford, La Plata; J. A. Duley, La Plata; P. Frizzell, Manitou, Colo.; C. H. Graves, La Plata; John Henley, cook; F. Kelsoe, La Plata; Miss Kelsoe, La Plata; Miss Anna Meriens, La Plata; Mrs. F. Plemana, La Plata; Mr. J. T. Tate, La Plata, Mo.

The train, which was composed of an engine, baggage and smoking car, day coach, dining and Pullman sleeper, was well filled, it being estimated by Wabash officials that there were about 500 persons on board. The train was running at its scheduled speed when the accident occurred.

The day coach left the track and, breaking loose from the baggage and smoking cars, plunged down an embankment, dragging the diner with it. The Pullman did not leave the track. The heavy dining car crashed on top of the coach, and the majority of those killed and injured were passengers in the latter. There was no one in the dining car, it is stated, except the employe, who escaped with injuries.

JUDGE PARKER CHANGES PLANS

He Abandons Proposed Trip to the St. Louis Fair.

Esopus, N. Y., Sept. 3.—There was considerable surprise at Rosemont when a correction was made of a statement issued yesterday, to the effect that Alton B. Parker and his wife had completed their arrangements for a St. Louis trip. It is now announced that Judge Parker has changed his mind in regard to the trip and in all probability will not leave Rosemont again during the campaign. It is understood that good reasons were presented to Mr. Parker in argument against the proposed trip, and that the abandonment of the program is the result. So far as is now intended, Judge Parker will make no speeches during the campaign. Henry Watterson spent some time at Rosemont, talking over the campaign with Mr. Parker.

ARMENIANS RESIST TURKS.

Rebels at Van Are Holding Army of Sultan at Bay.

Paris, Sept. 6.—A dispatch to the Temps from Constantinople says an official report which has reached one of the foreign consuls there states that the Armenian insurgents at Van, Asiatic Turkey, are successfully resisting the Turkish troops, which until yesterday had been unable to reduce or disperse them. The Armenians advanced to within 400 yards of the French consulate. The population of Van is seeking refuge in the schools and convents. It is expected that Turkey will mobilize the Fourth army corps and draw troops from Asia Minor in order to suppress the uprising.

Two Killed in Elevator Accident.

Chicago, Sept. 3.—Two persons were killed and six were seriously injured by the falling of a freight elevator in the store of Sears, Roebuck & Co. The passenger elevator was out of repair and the freight elevator was used during the day by the customers and employes. While a load of passengers were being carried up the cable parted, allowing the elevator with its load of ten persons to fall three stories. The conductor of the elevator, Philip Caldwell, and Mrs. Kate Hayes were killed.

Rebels Capture Villa Concepcion.

Buenos Ayres, Sept. 2.—The revolutionists have captured Villa Concepcion and 400 men, with arms and ammunition. The revolutionists now refuse all the terms offered them by the government and an attack on the capital is believed to be imminent. Argentina has refused to recognize the insurgents as belligerents. Papers received from Asuncion report that all the public schools are closed and that owing to the scarcity of food the price of bread and biscuits is \$1 per kilogram.

President Watches Far East.

Oyster Bay, L. I., Sept. 3.—President Roosevelt passed the day quietly at Sagamore Hill. He manifests the deepest interest and concern in the situation in the far east, and follows carefully the press reports of the operations of the contending armies, but very little official news from the Orient is being transmitted to him.

American Pharmacists Meet.

Kansas City, Sept. 6.—Medicine men from all parts of the United States convened here at the opening of the annual convention of the American Pharmaceutical association. Two hundred delegates, representing 3,000 members, were present. The first day's work was preliminary.

Platonoff Succeeds Von Plehve.

St. Petersburg, Sept. 6.—Senator Platonoff, a member of the council of the empire, has been appointed minister of the interior and chief of the Russian police, in succession to the late M. von Plehve.

SUMMARY OF WAR SITUATION.

St. Petersburg Anticipates No Trouble in the Retreat.

St. Petersburg, Sept. 6.—A summary of the war situation shows that the whole Russian army, or at least the main portion, of it, is already above Yental station and is pushing on toward Mukden.

Field Marshal Oyama's entire army has crossed the Taitse river and part of it is hanging on to Kouropatkin's flank. A strong flanking column on the east is pushing rapidly north in the effort to head off the Russians.

Against this column Kouropatkin has sent out a strong cavalry division to the northeast, while to the westward Kouropatkin is moving a division toward Simintin, thirty miles west of Mukden, to meet any interference that may be attempted from the direction of Yinkow or New Chwang. The Japanese have thrown a strong flanking column across the Taitse river at Benitzu, about thirty miles northeast of Liao Yang. This column is hurrying to the northeast and endeavoring to get in between the Russian army and Mukden. It is against this movement that Kouropatkin has dispatched Lieutenant General Rennemkampff with a strong Cossack division.

Kouropatkin estimates his losses up to and including Sept. 4 at 16,000. This is considered to be a very conservative figure. The loss to the Japanese probably will be double this number, owing to their position as attackers. Kouropatkin says nothing regarding the loss of guns, but it is probable that some of the heavier employed guns at Liao Yang had to be abandoned.

Russian Rear Guard Annihilated.

London, Sept. 6.—The Daily Mail this morning prints a dispatch from Simintin, dated Sept. 5, giving a report that General Kouropatkin's retreat has been cut off. The dispatch goes on to say that the Russian troops had advanced in strong force to the southeast of Mukden, as far as Japing hill, to oppose any possible attack in the direction of their advance. A Chinese official who arrived from Mukden Sunday says that the Russian troops are leaving for the north, that there are 18,000 men ten miles to the east of the city, that the officers and men have become dispirited and that much sickness prevails.

President Receives Vermont Returns.

Oyster Bay, N. Y., Sept. 7.—President Roosevelt received returns from the Vermont election. The Associated Press bulletins and private dispatches were received over the special telegraph wire at the summer executive offices and then transmitted to Sagamore Hill by Secretary Loeb by telephone. Dispatches showing a percentage of Democratic losses were received with satisfaction.

Vermont Election Results.

White River Junction, Vt., Sept. 7.—Vermont elected a governor and other state officers, two members of congress, thirty state senators and one representative from each city and town. As was expected, the Republicans were generally victorious, electing their entire ticket and maintaining control of the legislature by the usual large majority.

Features of the Day's Trading and Closing Quotations.

Chicago, Sept. 6.—Heavy liquidation, resulting from lower cables and increased shipments from foreign countries, caused weakness in wheat here today.
