The board of directors in district No. 21, are building a new school house. The building is to be 24x38 feet and will be one of the finest country school houses in the county. It will not be ready for occupancy before the middle of October, so the first two weeks of school will be held in the old building. The new building is situated on John McKay's farm and is a quarter of a mile west of the old location. Miss Lena Burns will be the instructor for the coming year.

We surmised correctly last week regarding the wedding of Miss Stella Nye and Mr. Clarence Conrad, which occurred at Cook, the home of the bride's parents, Tuesday evening, August 23, 1904, in the presence of a few friends and relatives. The newly married couple will live on the farm that the groom has been having charge of during the past year near Weeping Water.

It is queer how lucky some folks are. Charles A. Baldwin has been repairing an engine for use in sawing wood. Friday he steamed up to see how it worked, pulled the throttle, and it started plenty quick, backed up against the saw frame, pinned Charlie's leg between the two vehicles and by the fraction of an inch it was saved from being crushed. The engine was reversed and he was soon released.

Cured of Bright's Disease.
Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure."

Nate Hazen came near meeting his Waterloo Thursday afternoon at the clay pits west of town. He attempted to cross the tracks when he discovered an empty flat car approaching at a rapid speed. He struck his horse with the whip and it sprang across the track just in time to save the life of Mr. Hazen and the horse. The hind wheels of the buggy were struck by the car and the rig was demolished, Mr. Hazen being thrown about fifteen feet, but escaped without injury.

It is with much regret that we are called upon this week to announce the death of George Ackles, a young man well known in this vicinity and especially in Sarpy county, where he has spent the most of his life. He had been ailing for a long time, but had been able to be around up to last Friday. He died Saturday evening at 10 o'clock. Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered, as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. F. G. Fricke & Co.

That evening while Mr. Hays sat quietly smoking on the porch, the dog commenced making a big fuss out in the orchard and Henry slipped out there to find a couple of young men, each industriously engaged in shaking a peach tree that was peachless. He got within twenty feet of them and let loose a yell. Maybe those boys didn't go home! One went north through a cornfield, the other south, in his haste leaving the horse he had ridden standing beside the road. Henry took the horse home with him, but some hours later returned it to its rightful owner.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters.
