Weeping Water

From the Republican
Mrs. S. Matthews departed Tuesday morning for an extended visit with friends in Pennsylvania.

Mr. Lee Holden went to Murdock Friday where he will be principal of the schools the coming year.

Miss Ratcliff has gone to Bancroft, Nebraska, where she will teach in the city schools the coming year.

Mr. and Mrs. Wm. Spangler returned home Monday evening from their eastern trip. They visited St. Louis on their way home.

Miss Mable Davis began to teach her first school, near Alvo, Monday. We hope her first term may be a very successful one.

R. A. Young, the peach man, of Murray, was in town Monday. He says he will have over 1,000 bushels of fine peaches.

Commissioner Banning was in town Friday and paid this office a pleasant visit. He was on his way to inspect some bridges in the western part of the county.

Miss Mamie Craig, of Republic county, Kansas, arrived here Saturday morning and will take charge of Hindley Hall as matron. Miss Craig is a young lady of sterling worth, and will see that her duties are conscientiously performed.

Art Marshall will now be relegated to the rear as champion snake-killer of Cass county as we have him badly beaten. Last Thursday, Master Ed Dowler, who lives with his parents southeast of town, was engaged in plowing and plowed out a den of bull snakes. He succeeded in killing them all, and when he counted them found he had slain thirty-one. He also killed another later in the day, making thirty-two for the day, and it wasn't much of a day for snakes, either. Now if any man or boy in the county can beat this record we would like to hear from him.

From the Herald.
John Fate begins teaching next week in the school a mile and a half southwest of Plattsmouth.

W. C. Smith of Table Rock, Neb., was a visitor here last Thursday and took time to call on a number of his many friends.

John Vanderkar loaded up his car Friday and departed for Heron Lake, Minn., where he has purchased a farm and where we hope he will soon become rich.

Geo. Towle and wife left Tuesday morning for Furnas county where he will buy another 100 acres of land. They expect to remain about two weeks.

Miss Pearl Wilkinson left Thursday for Schuyler, to be ready for school work this week. Without doubt they will find Miss Wilkinson among their best teachers.

About ten days ago the threshing machine owned by George Dwinell, that he had shipped to Kansas for work, caught fire and was burned up. It was insured for about one-half its worth.

The Misses McNurlin, daughters of Frank McNurlin of Mt. Pleasant precinct, came down from Lincoln Saturday and were guests of Mrs. J. N. Carter over Sunday.

The total enrollment or pupils in the public school Monday was 351. Of these 61 were in the high school and 290 in the grades. As compared with last year there are a few less in attendance, but likely more will come later.

Monday noon as Henry Smith, living five miles west of town, was hauling in the last load of his hay crop, he stepped off the back end of his load and fell on the wheel of a hay rake that he had hitched on behind. He struck on his left side and fractured two ribs.

Miss Serenpta Crabtree, who has been spending the summer at Home, Colo., writes that she has obtained a year's leave of absence from her school in Lincoln, and has taken the principalship of the schools at Timnath, Colo. Miss Crabtree hopes to be benefited in the Colorado climate by a year's work and then resume her course in Lincoln.

Miss Almira Dwinell, whose maiden name was Simmons, was born in New Jersey, Oct. 8, 1832, and died in Weeping Water, Sept. 1, 1904, aged 71 years, 10 months and 23 days. Her husband died 26 years ago, and since the marriage of her children she has lived alone most of the time in Weeping Water. Mrs. Dwinell and her family moved into the neighborhood of Weeping Water thirty-two years ago, and she has made her home here ever since.

Nehawka

From the Register.
The bank moved into its new building this week.

R. W. Black of Plattsmouth is visiting his sister, Mrs. Kirkpatrick, this week.

The mill is enclosed and roofed, and the workmen are waiting for machinery to arrive.

Peter Gruber, while here this week, rented his two farms near Union to Wm. Tucker, jr. Mr. Tucker's father-in-law of Indiana, will reside on one of the farms.

Dr. Lynch, assisted by Dr. Pollard, performed an operation Tuesday on Mrs. Rolla Johnson. The operation was performed successfully and the lady is convalescing rapidly. A trained nurse is in attendance.

Roy Kirkpatrick has been transferred from St. Louis, where he was traveling freight agent, to Omaha, where he is made city rate clerk for the Burlington. This is a very important department and is a nice promotion.

We understand that Miss Minerva Tool has accepted a position in the Louisville schools. If so, that city is very fortunate in securing the services of one of the very best teachers in the state.

Dr. T. V. Davis, who has been an honored resident of our village, and a practicing physician for nearly three years, we are sorry to say will remove with his family to Lincoln next Monday. He goes to educate his sons and will practice his profession there in the future.

Another illustration of how badly Nehawka is in need of good dwelling houses for renters, is shown by the fact that D. D. Andrews, of Johnson, who recently purchased the drug stock of Mr. King, cannot find a house for his family. This makes three families that cannot be housed.

What's in a Name?

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching or protruding piles, eczema, cuts, burns, bruises and all skin diseases, DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by F. G. Fricke & Co.

Eagle

From the Beacon.
Ross Mick lost a valuable mare last Sunday morning. Monday morning Eddie Burns had to kill one of his horses which was badly cut up in barb wire a few weeks ago.

Miss Maud Jack arrived here Tuesday morning from Washington, D. C. Miss Jack is a clerk in the Congressional library.

Geo. Reitter, Jr., who lately purchased a half interest in the Bank of Eagle, took his place behind the counter the first of the month and will learn the banking business.

Ed Hamilton, section foreman here, received word from the roadmaster Wednesday that another man would be sent here in a few days to relieve him and that he would be sent to Panama.

J. H. Weaver has bought the livery barn and residence near it of J. M.

Beardsley. He expects to buy the stock of Tuot Bros. and his son, Heigh, will move to town and have charge of it.

Our public school opened Monday with a very good attendance. The corps of teachers this year is: Prof. McGrew of Auburn, principal; Miss Bignell, of Lincoln, intermediate and Miss Horsh, of Eagle, primary department. The total enrollment is 79, and divided: 22 in the advanced department, 28 in the intermediate and 29 in the primary.

Fred Bahr has bought an elevator in Milligan, Fillmore county, and expects to move there soon. This is another estimable family Eagle loses by changes that have been made recently and while we all regret to see them leave, we wish them well in their new home.

The best joke we know on Guy Adams occurred Monday afternoon when he went into the telephone booth at Ead's restaurant, to talk to his girl, we suppose. He closed the door tight and after finishing his conversation found the latch was broken and he was locked in to stay. No one else was around but Mrs. Eads and she tried to help get the door open but could not. She then called George Trunkenboltz in and, and even his strength failed to open the door. They had to get a screw driver and take off the whole front side of the booth before Guy was released. As the booth is almost airtight you can imagine that he had a good sweat and was glad enough to get out.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such in brief was the condition of an old soldier by name of J. J. Havens, Versailles, O. For years he was troubled with kidney disease and neither doctors nor medicines gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now he testifies, "I'm on the road to complete recovery." Best on earth for liver and kidney troubles and all forms of stomach and bowel complaints. Only 50c. Guaranteed by F. G. Fricke & Co., druggists.

Elmwood

From the Leader-Echo.
Uncle David McCaig was under the weather a few days last week.

L. R. Vakiner has so far recovered from his severe attack of typhoid fever to enable him to be about the office again.

Fred Voorhees and wife left Saturday in a covered wagon for the mountains in the hopes of benefiting Mrs. Voorhees' health.

Mrs. Geo. A. Hay, accompanied by her father, S. J. Cowell, will leave this week for the former's home at Central City, S. D.

August Bast left Wednesday for Johnston, this state, where he has been elected principal of the High school. The Leader-Echo will visit him each week and keep him posted on Elmwood affairs.

A party consisting of John Gerry Stark, Wm. DelesDernier, Lou Langhorst, Joseph Mullen, B. I. Clements and the editor expect to leave tomorrow for Osakis, Minn., to spend a week or ten days camping, fishing and hunting.

Parson Hulfish has turned down the contract for the janitorship of the schools, the board of education refusing to furnish him with an automobile in which to make the trips between

the school house in the first and second wards.

Principal Gamble spent a hard days work Monday, organizing the different grades and getting everything into running order. He is very much pleased with the enrollment on opening day and with the outlook for a good year's work. One hundred and ninety-three pupils were enrolled the first day, thirty-seven of these being in the High School. The scholars have been apportioned as follows: Eleventh grade, 3; tenth, 18; ninth, 15; eighth, 24; seventh, 19; sixth, 11; fifth, 11; fourth, 26; third, 19; second, 13; first 21; beginners, 12.

A Boy's Wild Ride for Life.

With family around expecting him to die, and a son riding for life, eighteen miles, to get Dr. King's New Discovery for Consumption, Coughs and Colds, W. H. Brown of Leesville, Ind., endured death's agonies from asthma; but this wonderful medicine gave instant relief and soon cured him. He writes: "I now sleep soundly every night." Like marvelous cures of consumption, pneumonia, bronchitis, coughs, colds and grip prove its matchless merit for all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at F. G. Fricke & Co.'s drug store.

Union

From the Ledger.
M. G. Kime, one of the prosperous farmers west of town, was here Monday, taking a shipment of his fat hogs to South Omaha.

A couple of revenue officers were here Wednesday supposed to be looking into the illegal sale of booze, but they failed to make public the result of their investigation.

Mrs. J. W. Pittman went to Plattsmouth Monday evening for a visit with a young grand-daughter that arrived last week at the home of Mr. and Mrs. Ed Pittman.

Miss Pearl Banning departed for Lincoln Monday evening, where she entered the State University, to take a thorough course in the conservatory of music.

Dr. M. L. Thomas departed last Sunday morning for Chicago where he will take a few weeks of special post-graduate work in one of the medical colleges. From there he will go to St. Louis to spend a few days at the exposition.

If anyone finds an old dirty shot sack containing about fifteen hard-earned dollars, Roy Upton would be pleased to hear of it. The sack and contents mysteriously disappeared from his coat pocket last Saturday, and without his knowledge or consent. He don't care a dern about the money, for he can soon rustle some more of it. But he can never find a greasy shot sack like the lost one. It is certain that it was stolen and there may be some developments resulting in serious trouble.

The Union schools opened Monday morning with an excellent corps of teachers, a good per cent of attendance and every prospect for a most successful school year. Prof. O. J. Standley, principal, is well known as an instructor of the highest ability, and Mrs. Turner, intermediate, and Mrs. Dugay, primary, have been teaching in this county a number of years, and are among the best in their respective department, therefore, with the co-operation of the patrons, these competent teachers will no doubt show splendid results at the close of the school year. The enrollment this week is 120, of which Prof. Standley has 31, Mrs. Turner 47, Mrs. Dugay 42. The enumeration shows 143 children of school age in this district, and the enrollment this week is a very good showing, but ought to be 100 per cent.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." F. G. Fricke & Co.
