Ordinance No. —

AN ORDINANCE relating to sidewalks and prescribing penalties to the lot and land owners for damages caused by defects therein, as to this city.

Be it ordained by the mayor and council of the City of Plattsmouth:
Section 1. That every owner of any lot or lots or piece of land within the limits of this city, shall at all times keep and maintain the sidewalks along and contiguous to said lots, lots or pieces of land, as the case may be, in good and proper repair, and in a condition reasonably safe for travel for all travelers thereon, in case of defect or damage caused by any defect in such sidewalk, which shall have been discovered in any action against this city, by any person for injuries caused by such defect, and said owner shall also be liable to this city for all costs and expenses necessarily incurred by it in the defense of the same.

Section 2. Whenever the city council shall deem it necessary that a sidewalk shall be constructed in front of any lot or piece of ground in the city in a place where there is no sidewalk, they shall so order, and the street commissioner shall thereupon notify the owner of such lot or piece of ground, or his agent if a resident of the city, of the work or improvement to be done, and such owner or person so notified shall be allowed thirty days from the date of said notice in which to construct the same.

Section 3. Whenever the street commissioner shall deem it necessary that any sidewalk shall be repaired, or it shall be required by the city council or committee on streets and walks, he shall notify the owner of the lot or piece of land along and contiguous to which such sidewalk is situated to repair the same within twenty-four hours from and after the giving of such notice, or the owner shall be deemed sufficient.

Section 4. Whenever the council shall deem it necessary that an old sidewalk shall be built or reconstructed, it shall order the same to be done, and the street commissioner shall give notice in writing to the owner of such sidewalk to reconstruct, repair or rebuild the same within five days from and after such notice.

Section 5. That all sidewalks on either side of the streets of the City of Plattsmouth, in front of or along any lot, lots or piece of ground, or along any street, or street abutting upon the same, which shall be hereafter constructed, reconstructed or rebuilt, shall be of brick, cement or stone.

Moving on Mukden

Attack Upon Port Arthur Has Begun.
Russians Have Confidence in Ability of General Stoessel to Hold Out Against Onslaughts.

St. Petersburg, Sept. 21.—Interest is again concentrated upon Port Arthur, owing to the receipt from foreign sources of news that a general storming of the fortifications there has begun. A few belated telegrams from General Stoessel, the commander at Port Arthur, recording the repulse of the Japanese and continued attacks, strengthen confidence in the ability of the defenders to hold out despite the furious onslaughts being made on them.

All Russia is anxiously awaiting news from the beleaguered garrison. Public feeling has been aroused to a high tension by the dreadful picture given by Prince Radziwili of the sufferings of the Russian army there. Eight and possibly nine Japanese divisions are reported to be advancing on Mukden and another battle between Kuroki and Kouropatkin is imminent.

It is reported here that four warships purchased from Argentina have arrived at Liban. Russia's position on the matter of contraband will be officially promulgated in the form of decisions of the admiralty court in the cases of the Calchas, Arabia and Allantou, when they come up on appeal.

No Mercy at Port Arthur.
The Foo, Sept. 19.—According to Lieutenant Prince Radziwili of the Russian army, who reached here from Port Arthur, bearing dispatches from Lieutenant General Stoen, the temper of the belligerents at Port Arthur has reached an absolutely merciless stage.

In one of the recent assaults two companies of Japanese soldiers, according to Prince Radziwili, found themselves at the mercy of the Russians and hoisted a white flag. To this, however, the Russians paid no attention, and continued to volley rapidly into the helpless ranks of the enemy. In the meantime, Japanese troops in the rear of the companies that held sacred the white flag saw what their comrades had done and expressed their disapproval of the surrender by firing into their rear.

Business Steadily Expanding

Many Mills and Furnaces Resume.
Commercial Progress Slow.

New York, Sept. 17.—R. G. Dun & Co.'s Weekly Review of Trade says: Industrial and commercial progress is slow, but none the less definite. Low temperature and some injury to crops provide the only adverse influence of the week, and this has little effect on manufacturers and traders, who have started to prepare for increased business. Buyers of dry goods, clothing and millinery are notably active in placing orders, and other staple lines also feel the effect of gradually expanding confidence.

Even if the official crop estimates of Sept. 1 have to be moderately reduced because of bad weather since that date, there is full compensation to growers in the enhanced prices, and the strength of securities indicates the faith of the financial world. Many mills and furnaces have resumed business, because of new orders or adjustment of wage scales, and prices are steadier in most cases, with a general advance in footwear. It is not unusual to hear fall trade spoken of as fully equal to last year's, although collections are not as prompt at several cities. Freight blockades are not as frequent as they were at this time in 1903, yet there is occasional complaint, and earnings in September were 5.0 per cent larger than a year ago.

WILL BE NAMED HUMBERT.

Title of Prince of Piedmont Conferred Upon Italian Heir.
Rome, Sept. 17.—The majority of the people approve the action of King Victor Emmanuel in not choosing the title of prince of Rome for the heir to the throne, as it would have mixed the royal family in a party struggle and would have embittered the conflict between church and state at a time when the pope seemed to be leaning toward moderation.

King Victor Emmanuel has received the warmest congratulations throughout the kingdom and also most cordial dispatches from Emperor Nicholas, Emperor William, President Loubet, King Edward and Emperor Francis Joseph. The queen of Roumania sent Queen Helena a poem on the event. The infant prince will be baptized by Cardinal Richelmy, archbishop of Turin, and will be christened Humbert.

SMOOT INQUIRY TO BE RESUMED.

Senator Burrows Asks Attorneys for Names of Witnesses.
New York, Sept. 17.—Senator Burrows of Michigan, chairman of the committee on privileges and elections, was in New York on his way home from New England. Senator Burrows said that he was going to notify the attorneys in the case of Senator Reed Smoot of Utah, whose right to a seat in the United States senate is being investigated, that the committee will resume the inquiry as soon as its members are relieved of work in the campaign.

Be it ordained by the mayor and council of the City of Plattsmouth:
Section 1. That the city council may order and be constructed under the supervision of the street commissioner, or such other person as the city council may direct, such street and alley crossings, and cross streets and such material as the city council may deem necessary.

Section 2. That whenever within the City of Plattsmouth any railroad company for the construction, maintenance and permanent use of the railroad through, upon and across any of the streets, lanes, alleys, walks and grounds, has now located, constructed and established its tracks, side tracks, etc., or shall hereafter do the same, it shall construct and keep in good repair suitable crossings for the convenient and safe passage of persons and wagons and other vehicles. Said street crossings to be over all streets and alleys said railroad company or companies and to be for the whole width of the street.

Section 3. This ordinance shall be in force and effect from and after its passage, approval and publication as required by law.
Passed and approved this 19th day of September, A. D. 1904.
