### HOW BIG IS THE Boston Store?

It is half a city block wide, half a city block long and half a city block in depth. It has five big floors all full. It employs from 600 to 1000 clerks and helpers the year round. It has its own electric light plant. It operates its own bank under government.

FOLEY'S HONEY AND TAR for children; safe, sure. No opiates

## NEWS OF NEBRASKA.

**Child Drowns in Tub.**  
St. Paul, Neb., Sept. 21.—The eight-month-old son of H. L. Nielsen, a farmer living near here, fell head first into a tub of water and was dead before the accident was discovered.

**George J. Burgess Shoots Himself.**  
McCook, Neb., Sept. 19.—George J. Burgess, an aged and respected citizen, shot himself fatally. He died about noon. Deceased for many years lived in Arapahoe before moving here.

**Best Sugar Factory Starts Up.**  
Grand Island, Sept. 21.—The campaign of 1904 at the American beet sugar factory in this city began today and a ninety days' run on beets is expected. The delivery of beets began a week ago and fully a three days' supply is now on hand, and will be kept on hand. The early harvesting indicates that it will be an especially profitable year for the farmer.

**Man Murdered Near Decatur.**  
Decatur, Neb., Sept. 15.—Dave Monett of Decatur was murdered near Decatur by one member of a party of three, composed of Felix Richey, Mrs. Melba Fleming and her daughter, Ella Brown. All three are under arrest. The women say that Richey fired the fatal shot and Richey says he is guilty. The officers, however, doubt his story and believe he is trying to shield one of the women.

**Street Railway Men Fined.**  
Lincoln, Sept. 15.—The police department and the street car employees had their innings in police court. Vivian Waller, a conductor, was fined \$5 and costs for running his car within less than 100 feet of the car in front of him and with the consent of the police the other thirteen men arrested were discharged. The traction company has announced a seven-mile-per-hour rule for street cars.

**Brakeman Under the Cars.**  
Lincoln, Sept. 20.—Harry Hughes, a switchman employed by the Burlington, was run over by a car in the yards and sustained injuries from which he may not recover. His left leg was almost completely severed below the knee and his right leg was badly mangled. He was taken to the sanitarium and is still unconscious. Hughes was attempting to make a coupling and stepped upon the brake beam, when the automatic coupling failed to do the work. When the cars bumped together he was thrown under the wheels. He is married.

**Omaha Justices in Fist Fight.**  
Omaha, Sept. 19.—Personal differences of long standing between two local justices came to a climax when C. M. Bachman and "Little Bismarck" Alstadt met outside their offices, which adjoin each other. Bachman accused his rival of talking to his detriment behind his back. Testimony of eyewitnesses differs as to which first struck the other. Before the combatants could be separated several blows had been landed. Bachman, who is acting police judge, will cause his antagonist to be brought before him on a charge of assault. Justice Alstadt announces that he will file a complaint in the county court.

**Nebraska Crop Conditions.**  
Lincoln, Sept. 21.—Weekly bulletin of the Nebraska section of the climate and crop service of the weather bureau: Frost was general over the state Wednesday morning. It was light in the southern and western portions, and heavy in the northwest. Practically no damage was caused, except to tender vegetation and garden truck. The weather has been favorable for maturing corn, most of which is out of danger from damage by frost. Haying is nearly completed and a large crop is being secured in excellent condition. Potato digging is progressing; yield large. Fall plowing and seeding have advanced rapidly.

**Prairie Fire Near Sutherland.**  
Sutherland, Neb., Sept. 15.—One of the most destructive prairie fires which ever raged in this section burned over a large scope of territory to the south and west. A farmer living seven miles southwest of town let the fire get away from him. The wind was blowing a gale from the northeast and soon a line of fire several miles long was sweeping in a southwesterly direction. There was enough old grass on the range to burn good, and at times the fire ran almost as fast as a horse. Ranchmen and townspeople hurried forth and worked for hours to check the flight of the flames. A strip of territory six miles wide and nearly thirty miles long was burned over and much valuable range was destroyed.

**Indian Commits Parricide.**  
Pender, Neb., Sept. 20.—Henry Guitlar, an Omaha Indian, was brought here by Chief of Police LaFlesch, charged with the killing of his father, Stephen Guitlar. It appears that Saturday afternoon Walter Morris, an Omaha Indian living near Homer, went to the home of Stephen Guitlar, who is a well-to-do Indian living near the Omaha agency, and who has been addicted to drink. They partook freely of the whisky Morris had with him and when the father, Stephen, became intoxicated and quarrelsome he accused his son, Henry, a young man, of hiding or destroying his whisky. Henry mounted his pony and attempted to get away when his father came at him with a knife, and, assisted by one Dixon, pulled him off the pony, where a struggle ensued. Henry, in trying to free himself from his assailants, kicked Stephen in the ribs over the heart, from which injury he died.

**Aged Woman Badly Burned.**  
Omaha, Sept. 15.—Mrs. Johanna Knight, sixty-five years of age, was seriously, if not fatally, burned from the ignition of her clothes while getting breakfast over a gasoline stove. In a successful effort to extinguish the burning garments of his grandmother William Knight with whom Mrs. Knight lives, sustained several burns about one foot and leg.

### FORAKER TALKS AT LINCOLN.

**Ohio Senator Opens Campaign on Behalf of Nebraska Republicans.**  
Lincoln, Sept. 15.—The campaign on behalf of the Republicans was opened last night at the Lincoln Auditorium, before a crowd which comfortably filled the building. Senator Joseph Benson Foraker of Ohio was the principal speaker. A parade from the hotel, with music by bands, preceded the Auditorium meeting, at which Governor Mickey presided. Senator Foraker's address was an elaborate exposition of the issues which divide the two old parties, in which he compared Republican and Democratic records. The political campaign, he said, presented nothing to get excited over, because the people were prosperous, the country doing well, and the verdict in November, he was confident, would be against a change in administration.

### NEBRASKA IRRIGATION PROJECT

**Federal Government Asks Permission to Tap North Platte River.**  
Lincoln, Sept. 21.—Application on behalf of the secretary of the interior was filed with the state engineer, whereby the government asks the right to tap the North Platte river in one of the irrigation projects contemplated by the congressional reclamation act. The river will be tapped just below the Sweetwater, in Wyoming, and a storage reservoir constructed, covering 23,000 acres. The contemplated cost is \$1,250,000.

State Engineer Dobson says that its capacity will be sufficient to hold the entire flow of the North Platte in years wherein the stage of the water is low. Its purpose is for the collection of the surplus waters in the seasons of moisture and to hold it for release in quantities sufficient to irrigate the lands below all along the course of the river. It is in contemplation of this work that the government has withdrawn from entry large tracts of arid lands in Scott's Bluff, Banner and Cheyenne counties. These are the lands in Nebraska which this reservoir is expected to reclaim to cultivation. It is stated that they will aggregate 100,000 acres.

### GAME WARDEN IS ACTIVE.

**Auburn Official Has Three Suits in Progress at One Time.**  
Auburn, Neb., Sept. 15.—Game Warden Ranney filed complaint against Ed Minick, L. D. Boatman, George Clark and Ed Lewellen for fishing in the Little Nemaha river with traps and seines, and all of said parties were arrested on warrants issued by the county judge. The defendants took a continuance for thirty days.

Before the defendants were arrested but after they knew of the intention of the warden to do so, Wesley Worthen went to some of the defendants and told them he could fix the matter with the game warden, and obtained from Boatman the sum of \$16 for this purpose. The warden took the money and then went before the county judge and filed a complaint against Worthen for bribing him, and Worthen was arrested and placed under bonds in the sum of \$300.

The fish commissioner was in the first ward and two of the defendants arrested by him and about fifteen of their sympathizers surrounded him, and would have handled him roughly had he not stood them off with his gun. They threatened to tar and feather him, and gave him one hour to get out of town. Instead of going, he proceeded to the office of the county attorney and swore out a complaint against all concerned in the attempt to assault him and to drive him out of town.

### TIBBLES MAILS HIS LETTER.

**Nebraska's Vice Presidential Candidate Gives His Views on Issues.**  
Lincoln, Sept. 21.—Thomas H. Tibbles, nominee of the People's Party for vice president, mailed his letter of acceptance to Hon. W. S. Williams, chairman of the notification committee. The letter is in part as follows: "We look forward with confidence to the coming of the time, not far in the distance, when the principles of the People's Party shall guide the rulers of this nation. The adherents of the People's Party come from all classes, wherever a man is found who loves mankind and believes that governments are instituted among men, not for the purpose of enabling a few to gather gold and pile it up mountain high, but for the purpose of advancing the human race, bringing gladness to the hearts of the people, enabling them through the development of the mind to enjoy the delights of the intellectual world and lay up treasures that all the cycles of time cannot corrode. To this work more than 1,000,000 have consecrated themselves. They are found among the wealthy and in the ranks of the proletariat, among the professional classes and among the wage earners, wherever a heart yearns to see our mountains and valleys, our cities and plains inhabited by a people whose heads are clear, whose hearts are loving and whose hands are adept at all things useful. They seek not the advantage of one class, but of all classes. They believe that the principles enunciated in our platform will furnish a foundation for the building up of such a nation and such a people."
