 lision on Southern Railway Near  
 Newmarket, Tenn.—One Hundred  
 and Sixty-two Injured.

Knoxville, Tenn., Sept. 26.—The  
 list as a result of the fearful wreck  
 on the Southern road near Newmarket  
 Saturday has grown to sixty-two, and  
 it will probably exceed seventy before  
 tomorrow, as many of the injured are  
 in a serious condition and more deaths  
 will occur at the hospitals. Sunday  
 there were six deaths at that institu-  
 tion. To the appended corrected list  
 of dead there must be added an un-

 the wreck and two other unidentified

**Both Engineers Are Dead.**  
 A force of 150 men toiled all day  
 long at the scene of the wreck. Engi-  
 neers Parrott and Kane were found  
 beneath their engines, but their bod-  
 ies were not badly crushed.

Small fragments of bodies were  
 found, but it is thought they belong  
 to bodies already found and brought  
 to this city. One little baby was found  
 by the wreckers, but that was all.

The cause of the terrible loss of  
 life in the heavy eastbound train was  
 explained today. It seems that the  
 second coach ploughed its way into a  
 bank in such a manner that the other  
 cars were jammed into it, and pushed  
 on by the weight of the heavy Pull-  
 mans, were crushed like eggshells.

Physicians at the hospital state that  
 of the long list of injured they have  
 in their care, not more than five will  
 die. The complete list of injured  
 shows a total of 162, but this included  
 all persons who were only slightly hurt.

This appalling loss of life and main-  
 ing of the living resulted apparently  
 from the disregarding of orders given  
 to the two trains to meet at a station  
 which has for a long time been their  
 meeting point.

The trains were on time and not  
 making over thirty-five miles an hour,  
 yet the impact as they rounded a  
 curve and came suddenly upon each  
 other was frightful. Both engines  
 and the major portions of both trains  
 were demolished.

**Six Injured in a Wreck.**  
 Rochester, N. Y., Sept. 26.—Six peo-  
 ple who were injured in a wreck on  
 the New York Central railroad a short  
 distance east of Lyons were brought  
 to Rochester hospital. Three sleep-  
 ers of the western express left the  
 track because of a split rail and threw  
 the passengers to the floors of the  
 coaches. Just as the train came to a  
 standstill a fast freight train east-  
 bound ran into the derailed cars.  
 Mrs. Newman Erb, wife of the vice  
 president of the Pere Marquette rail-  
 road, who was brought here with both  
 limbs cut off, died at the hospital.

**Harvester Plants Start Up.**  
 Chicago, Sept. 26.—Work in the  
 plants of the Deering, McCormick and  
 Plano divisions of the International  
 Harvester company, the closing of  
 which Sept. 10, resulted in 9,000 em-  
 ployees being left idle, will be resumed  
 today. Coupled with this announce-  
 ment came the statement that the  
 company has declined to renew last  
 year's agreement with the organized  
 trades employed.

**I. O. O. F. Install Grand Officers.**  
 San Francisco, Sept. 26.—The sov-

 sion by installing the officers-elect,

 E. Wright, who was installed at his  
 residence in Allentown, Pa.

**CLOSER TO A BATTLE**

INDICATIONS POINT TO IMMI-  
 NENCE OF FORWARD MOVE.

Belief at St. Petersburg That Big  
 Battle is Imminent—Fear That Jap-  
 anese Have a Closer Blockade at  
 Port Arthur.

London, Sept. 23.—Indications point  
 to the imminence of a forward move-  
 ment of the Japanese armies against  
 the Russians at the pass, Simintin  
 and Mukden. There is no news from  
 Port Arthur.

A telegram to a local news agency  
 from St. Petersburg says a dispatch  
 has been received by the official news  
 agency there from Harbin, saying that  
 the Japanese lost 1,300 men killed  
 during the night attack on Port Ar-  
 thur, Sept. 18. The Russian warships,  
 it is added, rendered valuable assist-  
 ance in repulsing the Japanese.

St. Petersburg, Sept. 23.—The war  
 commission adjourned without issuing  
 further news from the front.

A Mukden telegram reporting that  
 the Japanese had crossed the Hun  
 river fifty miles above the city is be-  
 lieved to refer to scouting parties of  
 Japanese whose presence was re-  
 ported there on Sept. 26.

The movement of Japanese forces  
 on the Liao river, which was reported  
 in a dispatch from General Sakharoff  
 to the general staff on Sept. 26, is all  
 the more significant since Siachen is  
 the starting point of roads leading to  
 the Pass, Mukden and Simintin. The  
 announcement that the Russians are  
 fortifying Pakowar, twenty-five  
 miles northeast of Mukden, shows  
 that General Kourapatkin is prepar-  
 ing to check the flanking movement  
 on the Pass from the west in case  
 Simintin shall have to be abandoned.

The entire absence of news from  
 Port Arthur, it is feared, indicates a  
 closer blockade there. Hitherto dis-  
 patches from General Stoessel have  
 been coming through semi-weekly.

The admiralty has not received any  
 details of the reported sea fight off  
 Aniva, at the southeastern extremity  
 of Sakhalin. The Vladivostok squad-  
 ron, it is understood, is still in the  
 harbor. The cannonading of Aniva  
 was probably a Japanese attack on  
 blockade runners.

A telegram received here from  
 Batoum, reporting that reservists are  
 being transported along the Caucasia-  
 n coast, brings the first intimation  
 that troops there are being mobilized.  
 There are only two army corps in the  
 Caucasus and one of them has appar-  
 ently been ordered to the far east.

Prince Sclatopolk-Mirsky was re-  
 ceived in audience by the emperor.  
 The prince will assume charge of the  
 ministry of the interior tomorrow.

The emperor will leave for Odessa  
 today. It is his intention to visit  
 Tiraspol, instead of Kishineff, as has  
 been previously announced.

Mukden, Sept. 25.—The Russian  
 cavalry west of the railroad report an  
 important Japanese movement and a  
 threatened attack. No change east-  
 ward is reported. Four divisions of  
 Japanese remain at Dentslapute, three  
 divisions are supposed to be near the  
 Yental mines and two others west  
 of them. General Mishchenko  
 reports that he penetrated to the Yen-  
 tal mines and found only small detach-  
 ments of Japanese there.

**Vast Force for Far East.**

St. Petersburg, Sept. 26.—The di-  
 vision and reorganization of the Man-  
 churian army, regarding which there  
 have been rumors ever since the bat-  
 tle of Liao Yang, was officially an-  
 nounced in an imperial rescript ap-  
 pointing Major General Gripenberg,  
 commander of the Third army corps,  
 in the province of Vilna, as command-  
 er of the Second army corps, now be-  
 ing mobilized for immediate dispatch  
 to the far east, leaving General Kour-  
 opatkin in command of the First  
 army. The emperor is personally con-  
 vinced that the political, as well as  
 the military, prestige of the empire is  
 at stake and that every other consid-  
 eration must give way before the ex-  
 igencies of war. The resources of the  
 empire in men and money must be  
 drained if necessary in order to turn  
 the scale and vindicate the power of  
 Russia. The reorganization amounts  
 to formal notice to the world, as the  
 emperor frankly explains in his re-  
 script, that he intends to vastly in-  
 crease the number of troops at the  
 theater of war in order to force the  
 struggle to a successful issue in the  
 shortest possible time. It is intended  
 to silence definitely all talk of for-  
 eign intervention by the announce-  
 ment that Russia means to fight out  
 the issue with Japan on the field of  
 battle. Probably 300,000 men will be  
 placed in the field. Five corps, the  
 Third, Fourth, Fifth, Eighth and Six-  
 teenth, are already destined for the  
 front, and it is expected that five more  
 corps will be sent forward. Eventual-  
 ly, the creation of this second army  
 involves the selection of a commander-  
 in-chief. Not only is there no intima-  
 tion in the rescript that General  
 Kourapatkin will have command of  
 both armies, but he is placed on the  
 same footing as General Gripenberg.  
 In the best informed circles there is  
 little idea that Viceroy Alexieff, the  
 present nominal commander-in-chief,  
 will exercise the actual functions of  
 commander of the 600,000 or 700,000  
 men that Russia has resolved to put  
 in the field.

**McCoy Gets Decision.**

Los Angeles, Cal., Sept. 25.—"Kid"  
 McCoy was given the decision over  
 Jack (Twin) Sullivan of Boston at  
 the end of twenty rounds at the pavil-  
 ion. The fight was a fierce one from  
 the start.

**Reyes Meets With Opposition.**

Bogota, Sept. 27.—President Reyes  
 is meeting with much opposition in  
 the Colombian senate to the resump-  
 tion of amicable relations with the  
 United States.

**JAPS TAKE MORE FORTS.**

Fighting at Port Arthur Results in  
 Important Victories.

Chefoo, Sept. 26.—As a result of  
 the battle before Port Arthur, which  
 began on Sept. 19, the Japanese suc-  
 ceeded in capturing several important  
 posts and the Russian tenure of the  
 big forts guarding the north, north-  
 east and northwest sides of the town  
 is seriously threatened. Chinese in-  
 formation places the Japanese losses  
 under 5,000 for the three days' fight-  
 ing, and this comparatively small casu-  
 alty list is due to the excessive care  
 used by the Japanese in making their  
 preparations for the advance. Russian  
 sources, however, claim to have in-  
 formation that the Japanese losses  
 were unusually severe, amounting to  
 fully three times the number men-  
 tioned above. Possibly the most im-  
 portant capture during the three days'  
 fighting was that of Fort Kouropat-  
 kin, which, while of minor value with  
 regard to preventing the entrance into  
 the town of the Japanese, had been  
 constructed for the purpose of protect-  
 ing the source of the garrison's water  
 supply. The control of this water sup-  
 ply is in the hands of the Japanese.

The foregoing information has been  
 obtained from a Chinese of unim-  
 peachable trustworthiness.

Military experts here are of the  
 opinion that if the Japanese capture  
 either Rihliang or Kikwan forts, or  
 the Ite and Anshu forts, the doom of  
 Port Arthur is sealed, and for this  
 reason the importance of the results  
 obtained by the Japanese in their latest  
 assaults upon the Russian position is  
 obvious.

As the Chinese from whom the cor-  
 respondent of the Associated Press  
 obtained his information left Port Ar-  
 thur the night of Sept. 21, he is unable  
 to say whether the battle was won on  
 the 22d or not, although junks  
 which have come here bring reports  
 of a light bombardment on that day.

**HERRICK BIDS BAR FAREWELL.**

Makes Last Appearance on Supreme  
 Court Bench.

Albany, N. Y., Sept. 27.—In closing  
 the session of the supreme court trial  
 term, Justice D. Cady Herrick, Demo-  
 cratic nominee for governor took oc-  
 casion to bid farewell to the mem-  
 bers of the Albany county bar. Since  
 this was his last appearance on the  
 supreme court bench, the court room  
 was crowded with attorneys. Before

D. CADY HERRICK.

addressing the gathering, Judge Her-  
 rick turned to the newspaper men  
 present and asked that as a personal  
 favor he be not quoted either in word  
 or substance. During the remarks  
 that followed he was visibly affected  
 and more than once seemed on the  
 point of breaking down. Judge Her-  
 rick adjourned court after charging  
 the jury and performing the usual  
 duties of the opening of the term.

**BAR ASSOCIATION IN SESSION.**

National Association of Lawyers Con-  
 venes at St. Louis.

St. Louis, Sept. 27.—The largest  
 and most representative gathering in  
 the history of the bar association  
 marked the opening session of the  
 twenty-seventh annual convention of  
 the association, which convened in  
 Festival hall on the World's fair  
 grounds.

Among the 600 members of the as-  
 sociation who were in attendance, to-  
 gether with the many foreign dele-  
 gates to the Universal Congress of  
 Lawyers and Jurists, are: Associate  
 Justice Brewer of the United States  
 supreme court, Hon. John W. Foster,  
 former secretary of state, and Sir  
 William Kennedy, chief justice of the  
 court of England. The crowded bal-  
 cony of visitors evinced the wide-  
 spread interest taken in the meeting.

During the convention, which con-  
 tinues until tomorrow noon, when the  
 Universal Congress of Lawyers and  
 Jurists will assemble under the aus-  
 pices of the association, it is expected  
 that several important discussions will  
 arise, chief of which will be that of  
 the "Alaskan boundary case."

The meeting was called to order  
 by James Hagerman of St. Louis,  
 president of the association. Ad-  
 dresses of welcome were made by  
 President Francis of the Louisiana  
 Purchase exposition, President John  
 D. Lawson of the Missouri Bar asso-  
 ciation and President Klein of the Bar  
 association of St. Louis. President  
 Hagerman then delivered his address,  
 in which he communicated the most  
 noteworthy changes in statute law on  
 points of general interest made in the  
 several states and by congress during  
 the preceding year.
