The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. F. G. Fricke & Co.

Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

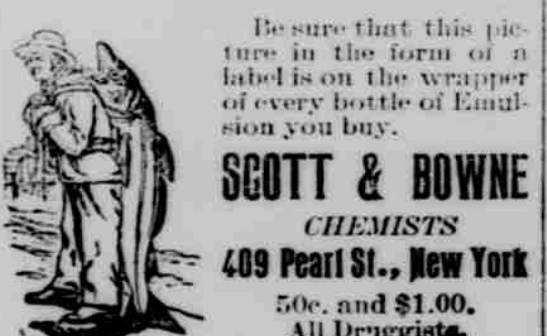

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

He brought a luxuriant growth of whiskers, but the boys promptly landed him in one of Wes Clark's torture chairs and had them amputated.

He informed us that the company's date here will be Jan. 29, further notice to be given later. Babe Dies From Rare Disease.

After suffering intense pain for twenty-four hours, Clara, the four-months-old daughter of Mr. and Mrs. Charles Wood, died at the Everett sanitarium in Lincoln Thursday afternoon from intussusception, a rare complaint. The child was taken to Lincoln from the home near here Thursday morning at 7 o'clock, and shortly before 3 o'clock succumbed to the operation performed.

The little one was taken violently sick Wednesday and Dr. Neely summoned, who pronounced the disease intussusception, and recommended that the babe be taken to a hospital as soon as possible and be operated upon.

When she reached the hospital, the specialist made an examination, proving Dr. Neely's diagnosis correct; that the small intestine slipping from its original place into the large intestine an obstruction of the bowels was brought about.

The case had developed to an extent that recovery was a practical impossibility, and the parents of the child consented to have the operation performed in the hope that the life of the little one could be saved.

The remains were accompanied home by the parents Thursday evening and funeral services held from the Christian church at Elmwood at 11 o'clock Friday, conducted by Rev. J. H. Bicknell. Interment was made in the Elmwood cemetery.—Elmwood Leader Echo.

School Fund Apportionment.

The semi-annual state apportionment of school funds for Cass county has just been made by County Superintendent Wortman. The amount received from the state this time was \$4,985.39 which was augmented to \$5,026.64 by the addition of local funds and licenses. This amount is divided into two funds—a one-quarter fund and a three-fourths fund. The smaller is then divided equally among the whole districts of the county, and the fractional districts receive one-half as much on this same basis. The three-fourths fund is pro rated among the various districts according to the last school census, amounting to fifty-three cents per pupil this apportionment. Plattsmouth share is \$855.50.

A Double Pig.

Edward Mitchell, the superintendent of the W. J. Davenport fruit farm southeast of Glenwood, has a knack of discovering curiosities. Some months ago he had on exhibition a two headed calf, which lived only a few weeks. This week he brought to town a pair of twin pigs, coupled together after the fashion of the Siamese twins. They are very small and were dead when found. They are now preserved in alcohol and can be seen at the Hibbe drug store.—Glenwood (Ia.) Tribune.

Julius Pitts Again Injured.

"Julius Pitts has broken his leg again." That was the news that came with a severe shock to his many friends in Plattsmouth this morning. Julius was just leaving the house at his home south of town when he slipped and fell upon the limb that he had broken some time ago fractured it again in the same place as before.

This is indeed an unfortunate accident for Mr. Pitts, as he was just beginning to move around with the aid of a cane and partially look after his duties, and now being confined to his bed again with a possible longer time than before, it is certainly a very unfortunate affair. He has the deepest sympathy of his many friends in the entire community.

Following is the mortgage record for farm and city property for the years 1904 and 1905, showing a decided increase in the amount released and a decrease in the amount filed on farm property, but making a less favorable showing for 1905 in regard to city property, though the last year was slightly ahead of 1904 in the matter of satisfied city mortgages:

FOLEY'S KIDNEY CURE
Takes Kidneys and Bladder Right

"FOR KIDNEY TROUBLE AND A WEAK BACK."

"Pe-ru-na Has No Equal."

An Emphatic Endorsement. MR. M. BRODERICK.

Mr. M. Broderick, 435 E. 46th St., Financial Secretary Stable Employees Union, No. 104, Chicago, Ill., writes:
"I have been suffering from a weak back and kidney trouble for some time and have been able to find relief only through the use of Pe-ru-na. During the winter season I usually keep a bottle of your medicine in the house and by taking a dose at night, I am feeling fine the next morning. Some of my friends assure me that Pe-ru-na is equally as good for their various ailments as it is for my complaint, but, I do know that for kidney trouble and suffering from a weak back it has no equal."

Kidney Trouble Is Not Always Recognized as Catarrh—Pe-ru-na Relieves Kidney Disease Because It Is a Remedy For All Phases of Catarrh.

Twenty-five years ago, before Dr. Hartman began distributing his pamphlets, books and newspaper articles, Bright's Disease of the kidneys was regarded as a disease wholly distinct from catarrh.

Now, Bright's Disease is thought by many the world over to be a phase of catarrhal inflammation.

To relieve Bright's Disease something must be used that has the power to relieve catarrh.

Any medicine that is a remedy for catarrh of one organ is obviously a medicine for catarrh of any other organ.

Pe-ru-na is an internal, systemic catarrh remedy.

THE MAYOR "TAKES A HAND"

An Interesting New Year Scene in Falls City, in which Mayor Leyda Participates.

A special from Falls City contains the following account of a New Year scene at that place, in which Mayor Leyda, a brother of J. M. Leyda, of this city, "takes a hand" to quell the disturber of the peace: "The Irish-American ball at Bodie's hall last night was well attended and everybody seemed to be enjoying themselves to the limit until a young barber who had been drinking too much and was running amuck, appeared on the scene and tried to take the management of the place upon himself, assaulting Jack Frakes, a man twice his size, from which encounter he escaped without injury only to run up against Frank McFarland, the manager of the dance, who inflicted severe punishment upon him. This was little to his liking and he fled to the club room of the Elks adjoining where he landed upon James Jellison, only to be again punished. About this time Mayor Leyda appeared on the scene and collared the young man, for which favor he received a blow in the face and a severe bite on the hand. This raised the mayor's blood and he dragged him down the steps by the heels to the street where he was turned over to the police. This young man had been to the dance earlier in the evening and had escorted a lady home where he had a misunderstanding with her, resulting in her receiving two black eyes and the loss of two teeth and her flight to the street for help. Two men came to her rescue and the young man disappeared only to reappear at the dance and close his new year's celebration in a humiliating manner."
