

THE CASS COUNTY SCHOOLS

Matters Pertaining to Teachers and Pupils of the Rural Districts.

(By County Superintendent Wortman.)

Miss Sadie Rivett, for three years teacher in No. 51, just east of Eluiwood, will be the intermediate teacher at Eagle next year.

"I have did my best," etc., writes one of the older teachers. This is a thoughtless habit and nothing else. ...

Visited No. 55, south of Eagle, last Wednesday afternoon. They have too many changes in teachers in this district to do the best work. The school is only a trifle more than one mile by air line from Eagle. A plan for transporting the school to Eagle might well be considered. There are two others each less than two miles from town limits. It would be a mutual benefit to bring them all together, but it should not be done until all see the mutual advantages at decreased expense.

School No. 66, southwest of Elmwood, was visited Thursday morning. Miss Hollenbeck is the teacher. Work progressing very well. A good globe has recently been added, and a good library will soon be installed, the money being on hands in sufficient amount to secure a large list.

pils were interested and at work. It was my first visit and I observed good printing the delinquent scavanger list work in spelling, penmanship, and and county sale certificates, and upon drawing kept in perfect form. For examining the same F. E. Bricka was opening exercises each one, down to awarded the contract at the following the wee tots, responded with a quota- prices-40 cents per square for the tion, one repeating all of the 23rd first insertion, and 20 cents per square Psalm. They read well, too. It is a for each subsequent insertion, making deserved promotion for the teacher to a total of 80 cents per square for three take one of the grades in Eagle in Sep- insertions or \$1 for four insertions. A tember.

FIFTY CENTS

N some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower-health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment: a food rather than a medicine. It's a food for tired and weak digestions.
