Mrs. Carl Rawls of Plattsmouth came down to Murray Wednesday to visit with her parents, Mr. and Mrs. A. M. Holmes, who de a t for their home in Kansas, Thursday. The many friends of Mrs. Holmes are glad to know that her health is very much improved since coming here.

John Cook has returned from his northern Nebraska trip, where he spent several days with his parents and other friends and relatives. John is mighty well pleased with that section of the state and is not backward in stating that he may locate in that part of the world sometime in the near future.

Dr. Chas. Seidle, of Pennsylvania, was visiting at the home of W. E. Dull on Thursday of last week. Mr. Dull and Mr. Seidle have been fast friends for many years, having been raised and spending their boyhood days in their native state of Pennsylvania, and consequently the visit, although very brief, was one of much pleasure to both. They have not met since 1876, when Mr. Dull left his old home. Mr. Seidle came west with a view of locating, but gave up the idea and will return to his former home and will locate some where in his native state.

Home From Colorado.

Mr. and Mrs. A. M. Holmes have returned from Colorado, and Mrs. Holmes feels much better since arriving in Nebraska. The Colorado climate was entirely too light for her health, and the physicians claimed she was as well off in this section as there. They will depart today (Thursday) for their home in Wakarusa, Kansas, for a short visit at home with their children, and then return to Murray. While in Murray Tuesday we enjoyed a very pleasant chat with Mr. Holmes, and he related many experiences of the pioneer days of Cass county, the days when freighting was done from here to Denver by ox team, the ups and downs of the country, the high and low prices of products. In 1862 he drove an ox team to Denver loaded with flour, made from his own wheat by Mr. Heisel, in Plattsmouth, on the same site where Mr. Heisel's mill now stands, receiving \$6.50 per hundred for the same in Denver.

A Fine Dinner.

Ye scribe had the pleasure of a most excellent dinner in company with several other hungry wolves at the home of Mrs. Dr. Brendel on Tuesday. Well, now if you could have seen the good things disappear before us, you would have thought we needed choking off long before we ceased masticating the many good things Mrs. Brendel had so generously prepared for us. We have sat down to many repasts, but have never had the pleasure of partaking of one that surpassed this one. The Journal man is always a welcome visitor to many of the homes in Murray, and has been royally entertained in several of them. The Dr. and Mrs. Brendel are among our best friends, and we desire to extend to Mrs. Brendel our most sincere thanks for the excellent treatment she tendered us on this trip.

Telephone Saves Life.

On Tuesday of last week the eleven months old child of Walter Shepard, residing a short distance southeast of Nodaway, accidentally drank a small quantity of lye it secured from a cup supposed to be placed out of the infant's reach. By the use of the telephone a physician was called and he prescribed a relief remedy over the phone. While he was driving out this remedy did the work, and when he arrived the child was entirely out of danger.—Glenwood Tribune.

A FORMER RESIDENT DANGEROUSLY ILL

J. W. Johnson, of This City Summoned to the Death Bed of an Old Friend in Oklahoma.

Upon the receipt of a telegram from a prominent attorney of Lyons, Wood county, Oklahoma, urging his immediate attendance at the deathbed of Mr. A. H. Pratt, who resides in Wood county, Oklahoma, Mr. J. W. Johnson departed on the south bound train on the M. P. this morning for that point.

Mr. Pratt is a former resident of Cass county. He and Mr. Johnson were for years very close and dear friends, and it is the dying request of Mr. Pratt that his old friend be sent for that he can confer with him as to what disposition will be made of his property.

Mr. Pratt has lived in Oklahoma for several years, and in case he dies (and Mr. Johnson thinks from the tone of the telegram that it is impossible for him to survive) he will have quite an estate to be settled up.

Mr. Johnson hopes to arrive in time to see his old friend before he passes away, and it may be possible that he will want to be brought back here for interment.

Mr. Pratt, we are informed, was a most highly respected citizen and his friends were legion. In case interment takes place at his present home, Mr. Johnson will remain there for at least two months to assist in straightening up Mr. Pratt's affairs.

Mrs. Johnson went to Lincoln today where she will remain with her sons, Ed and Frank, until Mr. Johnson's return.

Maple Grove

(Special Correspondence.)

Maple Grove and vicinity were surprised last week when they heard of the marriage of Mr. Albert Schafer and Miss Sophia Hennings, but we wish Albert and his wife much success and a long and happy married life.

Mrs. Fred Hild is suffering with an abscess of the finger which is in bad shape but she is reported somewhat better.

Mrs. Henry Wulf of Avoca, visited in this locality Sunday.

Ernest Young gave a barn dance last Saturday night which was largely attended.

Mr. and Mrs. Peter Gansemer and daughter, Laura, of Hallem, Nebr., are visiting relatives in this section this week.

Misses Mata and Laura Puls visited at the home of Mr. and Mrs. August Engelkemier Monday.

Fred Engelkemier will leave Saturday for a trip to his old home in Germany.

Every voter of Mt. Pleasant precinct should go to the polls next Tuesday and cast his vote for Francis W. Brown, the democratic candidate for congress.

What is the matter with Oxford, Fairview and Eight Mile Grove? Did they go to sleep again?

Explain Why Paracamp is a Safe Speedy, Certain Cure.

IT IS SAFE—Because Paracamp is prepared only from high-grade refined Camphor, the remedy of choice of doctors, combined with pure, soothing essential oils, and being an external remedy cannot in any way injure the delicate tissues lining your stomach or shatter and ruin your nervous system like many strong drastic internal remedies for the relief of Rheumatism, Neuralgia, Catarrh, Eczema and Piles.

IT IS SPEEDY—Because when applied it opens the pores of the skin promptly and penetrates directly to the seat of the pain, whether in the Muscles, Joints or Diseased Membranes.

IT IS CERTAIN—Because when it reaches the seat of the ailment it immediately soothes the aching, inflamed parts, removes the congestion and draws out all fever, soreness and inflammation by inducing sweating; it destroys the germs and sweats out the disease. This is the only safe and sure way.

We do not hesitate to guarantee Paracamp to cure Rheumatism, Swelling, Neuralgia, Catarrh, Throat Troubles, Eczema, Tetters and Itching or Bleeding Piles, because many of our Customers report to us daily that they have been cured by its use and furthermore because we know that Paracamp will do exactly what the manufacturers claim for it. Paracamp is a clean, safe, household remedy which every family needs every day in the year. It is truly a First Aid to the injured and should be kept in every home. If you have not used it try Paracamp to-day on our guarantee to return money if it fails to do what we claim for it.—The Paracamp Company, Louisville, Ky., U. S. A.

ODD FELLOWS INSTALLATION

An Elegant Banquet and Toasts Immediately Follow the Interesting Ceremonies.

Last Tuesday occurred the semi-annual installation of the two highest officers of the Order of Odd Fellows, Plattsmouth Lodge No. 7.

About thirty members of the local lodge met in the hall to witness the solemn ceremonies.

David Wallingren was installed as Noble Grand and Thomas Troop as Vice Grand. The retiring officers were Henry Miller, ex-Noble Grand, and David Wallingren, ex-Vice Grand.

After the installation of these two officers a chosen team proceeded to initiate Charles E. Crabill into the mysteries of the second degree. Mr. Crabill passed this ordeal all right.

Then after a period of hand-shaking and sociability the banquet was announced and all adjourned to the dining hall where the festive board had been spread.

The rest of the evening was spent in feeding the mental and physical man, the former with toasts and speeches apropos to the occasion, the latter with the tasteful refreshments. Especial credit is due Henry Miller and Chas. Crabill for the preparation of the banquet.

Omaha Woodmen May Come.

J. W. Barnett, deputy county treasurer of Douglas county, and H. P. Leavitt, a prominent attorney of Omaha, were in the city Tuesday in the interests of the lodge of Modern Woodmen looking for a site to hold a big picnic.

They looked over the ground on Chicago avenue at the ball ground and pronounced themselves much pleased. The ground and its surroundings are satisfactory. The picnic is to be held Wednesday, August 2, and will be a big affair. Two thousand people is a conservative estimate of the number who would come down if Plattsmouth secures the event.

More Teachers Resign.

The members of the school board have been made monkeys of again. Two more teachers have resigned, one to accept a better paying position and one to marry. The Courier likes to learn of teachers getting better positions, and we rejoice to hear of them getting married. It is quite the proper thing for every good looking school ma'am to marry some nice young man, or the homely ones too, for that matter, and it is also their duty to receive as much salary as they can for their work, but it would seem that a school board could, in all justice, be hard-hearted enough to have teachers sign a contract and then insist on having it lived up to.—Louisville Courier.

Hot Under the Collar.

The agent for the Dempster Mfg. Co. when he met with the city council said that \$1275 was the net price for the water plant, and that it was very reasonable at that figured, but they were anxious to place one here, as it would help to sell others. Now they state, after giving figure on the same plant at \$400 less, that the risk they run in putting such plants in towns, makes it necessary to charge more. The putting in this plant has already sold them a 60-horse power engine to an Iowa man who came and staid here a few days and watched it work, and all on account of the recommendation given it by the engineer, yet this greedy-gut company soaked the town that favored them. If the city council don't do something to right this wrong, The Herald may solicit aid to establish a fund for that purpose, and see if a grand jury trial will not right matters. Who wants to lead off?—Weeping Water Herald.
