Frank Bauer has a very sore arm as the result of a friendly scuffle he had with Roy Upton at Barton's barber shop Tuesday morning. During the bout Frank's left arm went through a glass, cutting an ugly gash that bled a few gallons or less and made him feel like he didn't care whether he went to the celebration or to bed.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Devenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." F. G. Fricke & Co.

Nehawka

From the Register.

Wheat harvest is progressing rapidly, notwithstanding the wet weather. The yield is better than anticipated.

Mr. Frazer, a brother-in-law of Dr. Lynch of Flint, Michigan, came in last week and spent a few days visiting his sister.

The Avoca band wagon was loaded full of ball players Sunday and driven over here drawn by four horses. They didn't get any game.

Vincent Nelson sustained a broken collar bone while playing ball at Weeping Water on the Fourth. This will lay him off from work for several weeks, which he can ill afford.

C. K. White got notice from Washington last week that his pension had been increased from ten to twelve dollars per month. This is good news to the old veteran, and no one is more worthy or needs it more than he.

Leon Pepperberberg of Plattsmouth, now engaged with the state geological survey, was in town last Friday. He went out to the quarry to photograph the workmen but as it had rained no one was at work. After completing his work for the state university he expects to spend the summer out in the county on similar business for the state. We are glad to notice the promotion of the young gentleman to this post after graduating from the university.

At Weeping Water Tuesday the Nehawka "Colts," under the leadership of Manager Mason, lined up against the Cedar Creek "Invincibles" and trotted around the diamond at the tune of 6 to 7 and put the scalp of the ball players of Cedar Creek in their belts and also \$15.00 in cold shekels. This little amount will feed the "Colts" a spell and also whet their appetite for more gore. It was a good game, but Nehawka always is "First in war, first in peace, first in the hearts of their countrymen," especially on a national holiday. The losing team got \$10.00.

"Pride Goeth Before a Fall."

That proverb is as old as civilization, but the human creature pays no heed to the salutatory warning and goes right on being puffed up. It causes poor young men to live beyond their income and drift to crime and thence to moral destruction. It causes poor young women to wear better clothes than they can afford and eventually sweeps them to physical destruction and moral ruin.

In Plattsmouth a story is going the rounds illustrative of the same moral. A young man came from an eastern state a year or two ago. He was poor and only mediocre with not even the determination and will power to work hard. He left home because like many other misguided young men, he thought better things were in store somewhere else. He informed his friends that he expected to get up in the world "out west."

He secured work here in the shops. In a few months he wrote home telling of his phenomenal promotion. Letters came back congratulating him. It was pleasant to be praised. He continued the prevarication in his letters. At last he informed his friends in the old town that he had been made foreman of an important department. He thought it did no harm. It made him feel good. He liked to receive the envious letters from his old chums back east.

Recently there appeared here a boy from his home town. It was one of his old chums. The boy was glad to meet his old friend who was rising in the world. The old friend was not glad to meet the boy. The boy said he wanted to get a job under him—in his department where he had a hundred men working for him.

Then that foolish young man saw his error. He learned the truth of the old proverb when he had to face his old chum and confess that he was only an ordinary laborer. And now every moment he is consumed by the thought that his folks back east know him as he is.

Dr. I. D. Jones Married.

Dr. I. D. Jones of Murdock and Miss Edna Moon of Ashland were married in Omaha, Tuesday evening, July 4th, 1905, by the Rev. Chas. W. Savidge, at his residence. This announcement will come as a great surprise to the many friends of the contracting parties as few of them anticipated the event. Dr. Jones is one of the leading physicians of Cass county and has a lucrative practice in Murdock and vicinity. He is popular and well liked by all, both professionally and in a social way. The bride is the third daughter of Justice and Mrs. J. N. Moon. Her friends are all who know her and we join them in wishing the happy couple long life, prosperity and happiness. They arrived in Ashland on the midnight train and shortly after drove to their home at Murdock.—Ashland Journal.

The Magnificent State Capitol Building of Alabama.

ONE of the most wonderful events in the history of medicine is the multitude of endorsements which Peruna is receiving as a catarrh cure from men of national importance.

The most distinguished men of the United States have no hesitation in lending their influence to assist in letting the public know of the merits of Peruna.

Nearly one-half the people are in some way affected by catarrh. Therefore it is almost a national curse, and it is of national import that the people should know of Peruna.

Catarrh is an American disease. Peruna is an American remedy. Catarrh is a result of changeable climate. Peruna is a result of long and careful experimentation.

Catarrh enters the system through the nerve centers and affects the mucous membranes. Peruna enables the nerve centers to repel and expel the catarrh from the system.

Catarrh is a systemic disease and curable only by systemic treatment. The remedy that cures catarrh must aim directly at the depressed nerve centers. This is what Peruna does.

Redeemer of Public Moneys. Hon. John C. Lettwich, Redeemer of Public Moneys, whose office is in the Postoffice Building, in a letter written from Montgomery, Ala., says:

"I take pleasure in recommending

Peruna as an excellent tonic, and it is recommended to me by those who have used it as a good catarrh cure."—John C. Lettwich.

Register United States Land Office. Hon. Robert Barber, Register United States Land Office, writes from Montgomery, Ala.:

"For some time I have been a sufferer from catarrh in its incipient stage, so much so that I became depressed and feared my health was generally in a decline. But hearing of Peruna as a good remedy I gave it a fair trial and began to improve. Its effects were distinctly beneficial, removing the annoying symptoms, and it was particularly good as a tonic."—Robert Barber.

Collector of Port. Hon. J. K. Burke, Collector of Port, Mobile, Ala., writes:

"Peruna I can recommend as a fine medicine. It has been used in my family and as a tonic it is excellent. I take pleasure in testifying to its fine qualities."—J. K. Burke.

Postmaster of Mobile. Hon. P. D. Barker, Postmaster of

Mobile, in a recent letter from Mobile, Ala., says: "Allow me to send to you my testimonial as to the good qualities of Peruna. I have used it for the past three months and find it is a most excellent tonic."—P. D. Barker.

U. S. Marshal, Northern District. Hon. Dan Cooper, U. S. Marshal for the Northern District of Alabama, writes:

"Your remedy for catarrh and la grippe, Peruna, has done me so much good that I cannot speak too highly of it. I have used it for a short time and have improved rapidly from the first day. I was really much surprised at such a quick and effective cure."—Dan Cooper.

U. S. Marshal, Southern District. Hon. L. J. Bryan, U. S. Marshal for the Southern District of Alabama, writes:

"I have used Peruna for catarrh a short time and have also had several friends try it and they all pronounce it the best catarrh remedy ever put on the market. It can not be praised too highly."—L. J. Bryan.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio, and he will give you the benefit of his valuable advice gratis. All correspondence strictly confidential.
