Our farmers are complaining of being unable to find sufficient help to put up their hay crop. Our friends, J. A. Walker and H. L. Oldham, are putting in full 12 hours a day "making hay while the sun shines." Scarcely a day passes that some able bodied individual does not pass through this vicinity asking for a meal, but seldom asks for work.

L. B. Underwood, our popular hardware dealer, seems to have his hands full at this season of the year. His time is pretty well occupied putting up new farm machinery. Tuesday he was down at Harry Todd's setting up two new sweep rakes and a stacker. Mr. Todd expects to harvest 500 or 600 tons of hay this season and needs the tools to do it with.

G. H. Manners and Miss Clede Berger, James Manners and Miss Marie Berger, Henry Ost and Miss Jean Berger, Nelson Berger and Miss Emma Tyson composed a jolly fishing party that drove down to the mouth of the Weeping Water Sunday to enjoy a day's outing. They took several well filled baskets so as not to depend wholly upon their luck with the line, for a noon day meal. They report a very pleasant day and succeeded in landing several fine fish.

J. M. Holmes and wife, L. B. Underwood and wife, W. S. Smith and wife and Miss Deering took dinner at the home of Jos. Sans last Sunday. They report a fine time, one of the main features after the excellent noon day meal, was the fine music rendered by Miss Leona Sans.

Mrs. James Loughbridge fell from a hammock last Thursday evening and received injuries that have confined her to her bed since. The attending physician is of the opinion that nothing serious will result, and that she will be up and able to attend to her household duties in a few days.

Word from Mr. and Mrs. A. M. Holmes, from their home in Wakarusa, Kan., states that Mrs. Holmes stood the journey quite well. They left Murray Thursday evening of last week, and the only time she felt the effects of the tiresome journey was at Topeka which lasted but a few hours.

SLIGHT MISUNDERSTANDING

A Number of Men Who Claim to Have Been Sent Out From Chicago.

Ten men arrived yesterday from Chicago to work for the railroad here. They were sent out by an employment bureau in that city. They paid \$2 as a fee and were furnished free transportation by the railroad company. But the company took charge of the checks for their baggage so as to have some security for the men's services after they arrived here.

The men arrived, as before stated, and then the misunderstanding sprang up. The men claimed that they were sent out here to work in the shops as coach carpenters. The railroad company claims they were brought out for general work, and ordered them to go to work on the road bed. This the men refused to do. They said they were skilled workmen and would not work on the section. They asked for their baggage.

Inasmuch as the company had given the men free transportation from Chicago to Plattsmouth it did not feel called upon to release them without getting some service from them.

The matter stands so. If the men could get their baggage they would shake the dust of Plattsmouth from their feet and go upon their way. If the railroad company could get a reasonable amount of work out of them it would surrender the baggage and let them go.

Today there was quite a diversity of opinion as to the real status of these men. It is claimed by some that the men are only trying to take advantage of the free transportation clause to get out west free of expense. Others say the men really are coach carpenters and that they are not to blame for refusing a lower grade of labor.

It is probable the men will do the work required of them at least in order to get their baggage.

Nebraska Valuation.

Returns already received by the state board of equalization from 82 of the 90 counties of the state indicate that the assessed valuation of all property in the state, including railroad properties, will exceed \$300,000,000 this year. The total assessed valuation as equalized by the board last year was \$294,779,244, and already the 82 counties reporting, not including Douglas and Lancaster, show a total of unequalized of \$235,867,855. In 1904 Cass county's assessed valuation was \$7,453,487, and this year it is \$7,216,802.

A DOUBLE WEDDING TODAY

Two Young Couple Made Exceedingly Happy by Judge Travis.

Wednesday afternoon two couples arrived nearly at the same time at the office of the county judge seeking permission to wed. They were unknown to each other and arrived simultaneously by chance. The judge was not there at the time but the young folks waited and in due time the man who could open the portals of bliss arrived.

Albert L. Stahl 18, and Miss Mae Fulton 19, applied first for their license. Mr. Stahl, being a minor, had brought the written consent of his father. But, alas! the paper was unwitnessed. Things looked dark. The young people it seems had tried to get a license a few days ago in Council Bluffs and failed because the groom had no written consent.

The paper, however, was evidently genuine and signed by the young man's father. Judge Travis called him up over the phone. He said it was all right, and agreed to sign the paper again with witnesses for the satisfaction of the law.

The other couple were Arthur J. Wright, 21, and Stella M. Parker, 20, both of Weeping Water.

The licenses being issued, the two couples were introduced to each other and each acted as witnesses for the other.

GOOD NEWS FOR MOTHERS AND DAUGHTERS.

How often do we see a naturally beautiful face marred by wrinkles, blackheads, blotches and pimples, caused in the majority of cases by inactivity of the pores of the skin? These minute openings fail or are unable to perform their natural functions, hence the skin is disfigured.

We are pleased to say that the new remedy Paracamp makes the skin soft, smooth and healthy, by creating a natural activity in the pores.

When applied, Paracamp opens the pores, stimulates circulation, removes congestion and any inflammation by inducing perspiration. It draws out the impurities and removes Blackheads, Pimples, Blotches, etc., in a perfectly safe and sure manner. So get a bottle of Paracamp today from your druggist, if it fails to do what we claim, go back to your druggist, the man you know, and get your money. We guarantee every bottle to give satisfaction.

ASSASSIN AT HIS WORK ONCE MORE

Two Attempts Reported Upon Russian Officials, but Both Are Abortive.

BOMB FOR A VICE GOVERNOR

Explodes and Injures Its Victim, but Fails to Take Life.

Nihilist Tries to Kill Pobiedonosteff, but Is Seized Too Quickly.

Russians Shell Kamimura's Ships and Are Beaten at the Game—Czar's Sakhalin Force May Have to Surrender.

St. Petersburg, July 20.—It is reported that an attempt on the life of Constantine Petrovitch Pobiedonosteff, chief procurator of the holy synod, as he was alighting from a train, was frustrated by the prompt seizure of the would-be assassin.

Helsingfors, Finland, July 20.—Two hours after Karl Leonard Holenthal had been sentenced to imprisonment for life at hard labor for the assassination of Procurator General Sosolon, on Feb. 6 last, an attempt was made to assassinate Vice Governor Deutch as he was leaving the senate. The vice governor had walked across the square when suddenly, as he neared the police master's office, a man on the curb threw a bomb from a distance of fifty paces. The bomb fell short, but the vice governor was blown off his feet by the force of the explosion, which shattered the windows in the neighborhood for a distance of hundreds of yards.

Bomb Throwing Gets Away. Vice Governor Deutch was hastily assisted to the police station. He was burned and otherwise injured about the legs and head profusely, but his wounds are declared not to be fatal. The bomb thrower was pursued by naval cadets, but escaped.

Russians Pitch Shells at Kamimura. Tokio, July 20.—Vice Admiral Kamimura reports that his flotilla of torpedo destroyers was shelled by the Russians at Yukiwan, the attacking force numbering about 200. The flotilla replied and silenced the Russians, after which cavalry was discovered retiring and was shelled. The flotilla also discovered a Russian cavalry patrol at Sunshin and turned its fire upon them. The cruiser Chihaya shelled the Russian guard and signal men posted on a hill north of Geka in the western extremity of Iashinpao in northeastern Korea.

Russians Expected to Surrender. Tokio, July 20.—It is believed that the topographical nature of the district beyond Mantu on the island of Sakhalin, where the Russians are making a stand after their defeat at Barline, forbids their retreat further north. Shortness of ammunition may soon compel them to surrender.
