Birthday Celebrated.

The beautiful home of Mr. and Mrs. Jos. Sans, three miles east of Murray, presented a scene of genuine enjoyment on last Thursday afternoon and evening, the occasion being the celebration of the eighteenth birthday of their daughter, Miss Leona Sans, and the thirty-eighth birth day of Mr. W. S. Smith, the former's anniversary being Friday, the 28th, and Mr. Smith's on Thursday, the 27th, and the merry party remained until early Friday morning in order to duly celebrate both occasions.

The lawn and house were beautifully decorated, and when the shades of night came many Chinese lanterns were lighted and their soft, subdued minimination added much to the already beautiful surroundings. The guests were favored with many very presty and and popular vocal and instrumental selections by the Misses Editly Eamons, Leona Sans, Gussie Eddb Mrs. G. H. Gilmore and Mrs. J. W. Holmes. At the proper bours. the party were served with an exceland amner which was up to the fordest expectations of all.

Is it safe for the young American girl to travel alone? Tradition fostered by a growing liberalism had made it a eardinal doctrine that the American young woman can go anywhere without an escort, relying on her wit and her self-possession for protection. says the Lincoln News. The atti-A Prominent Young Farmer Near Murray tude has been symptomatic of the bouyant independence which has become the heritage of the American and is very naturally claimed for the feminine members of the family.

However, this security is questioned by Miss Helen Ballis, of New York, one of a committee appointed by the council of Jewish women to study the need of organizing a travelers' aid bureau to look after the interests of immigrants, who has made the following startling statement:
